We were engaged to audit the accompanying financial statements of the Hooters Management 401(k) Plan, which comprise the statements of net assets available for plan benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Mass Mutual Life Insurance Company on behalf of Hartford Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian that the information provided to the plan administrator by the custodian is complete and accurate as of and for the year ended December 31, 2013 and as of December 31, 2012.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A – DESCRIPTION OF PLAN

The following description of the Hooters Management 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established to provide for contributions made under pre-tax salary deferral arrangements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). The Plan covers substantially all non-highly compensated employees of Hooters Management Corporation (the "Employer") who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions – Each year, participants may make contributions via pre-tax payroll deductions up to limits defined in the Plan and the Code. Elective deferrals can be made in whole percentages of compensation or in specific dollar amounts. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Employer, at its discretion, may make matching contributions or other discretionary contributions to the Plan. During 2013, the Employer chose to make a matching contribution equal to 25% of each participant's elective deferral contribution up to 4% of such participant's compensation, as defined in the Plan.

Contributions are subject to certain limitations.

Investment Options – Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan is currently invested in a group funding agreement consisting of pooled separate accounts primarily invested in mutual funds and a guaranteed investment contract primarily invested in investment grade fixed income securities. The guaranteed investment contract provides for a guaranteed minimum interest rate as specified in the contract.

Participant Accounts – Each participant's account is credited with the participant's contributions and allocations of (a) any Employer contributions, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in all of their contributions, as well as their portion of the Employer's discretionary contributions, and actual allocated earnings thereon.

Participant Loans – Participants may, subject to certain restrictions, borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are fixed at the date of the loan at a rate equal to prime plus 2%. The rates ranged from 5.25% to 7.00% at December 31, 2013 and 2012 and during the year ended December 31, 2013. Principal and interest are paid ratably through payroll deductions over a maximum of five years unless the borrowings are for the purchase of a participant's primary residence, in which case the term may be longer.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant or their beneficiary, as applicable, will receive an amount equal to the value of the participant's vested interest in their account in a lump-sum amount as provided by the Plan.

For termination of service due to other reasons and if the vested account balance exceeds $5,000, a participant may elect to receive a taxable lump sum distribution or to remain in the Plan. If the vested account balance is less than $5,000 but more than $1,000, the plan administrator will distribute the participant's entire vested account balance, either as a taxable lump-sum distribution or as a direct rollover to an individual retirement account or to another employer's tax qualified plan. If the vested account balance is less than $1,000 and unless the participant elects otherwise, the plan administrator will distribute the participant's entire vested account balance as a taxable lump-sum distribution as soon as administratively feasible.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the investment contract. The accompanying statements of net assets available for plan benefits present the fair

values of the investment contracts as well as the adjustment to the fully benefit responsive investment contracts from fair value to contract value. The accompanying statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Notes Receivable from Participants – Participant loans are measured at their unpaid principal balance, plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Employer and Participant Contributions Receivable and Allowance for Doubtful Accounts – Employer and participant contributions receivable are determined to be past due if payment is not made in accordance with the plan document and/or ERISA requirements and they are written off when they are determined to be uncollectible. The Plan Administrator evaluates the allowance for doubtful accounts on a regular basis. The level of the allowance account, and related bad debts, are based upon management's review of the collectibilty of the Plan's receivables in light of historical experience, adverse situations that may affect the participants and/or Employer's ability to pay, the estimated value of any underlying collateral and prevailing economic conditions. This evaluation is inherently subjective as it requires estimates that are susceptible to revision as more information becomes available. The balances of the receivables were evaluated and no allowance for doubtful accounts was deemed necessary at December 31, 2013 and 2012.

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses and Party-In-Interest Transactions – Certain plan investments are held in pooled separate accounts which are primarily managed by Hartford Life Insurance Company ("Hartford"), the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Hartford and other parties-in-interest were approximately $6,500 for the year ended December 31, 2013. Additionally, Hartford paid fees totaling approximately $9,300 to other parties-in-interest for services rendered to the Plan.

The Plan's administrative expenses are paid in part by the Plan and in part by the Employer, as provided by the plan document. Fees paid by the Employer approximated $9,200 for the year ended December 31, 2013. In addition, certain administrative functions are performed by employees of the Employer. Neither the Employer nor any employee receives reimbursement and/or compensation from the Plan.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE C – INVESTMENTS AND INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

The following is a summary of the investment information regarding the Plan as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Mass Mutual Life Insurance Company ("Mass Mutual") on behalf of Hartford, and as directed by the plan administrator, is unaudited. The plan administrator has obtained certifications from Mass Mutual that the information is complete and accurate.

	2013	2012
Investments:		
Pooled separate accounts	$ 2,827,802	$ 2,381,650

(*) Amount represents contract value for this investment.

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Pooled separate accounts	$ 340,981
Guaranteed investment contract	6,872
Net appreciation in fair value of investments	$ 347,853

NOTE D – FAIR VALUE MEASUREMENTS

The *Fair Value Measurement and Disclosure* section of the FASB *Accounting Standards*

Codification (ASC) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under *Fair Value Measurement and Disclosure* section of the FASB ASC are described as follows:

Level 1 Fair Value Measurements – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the assets or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Pooled Separate Accounts – These separate accounts invest mainly in mutual funds and fixed securities. Although the underlying investments may have Level 1 pricing inputs, the net asset value of the pooled separate accounts are not publicly quoted and accordingly these investments are classified within Level 2 of the valuation hierarchy.

Guaranteed Investment Contract – The guaranteed investment contract assets are invested in the general asset account of Hartford and reported at fair value based upon information reported by Hartford. The contract value is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity. The contracts are classified within Level 2 of the valuation hierarchy.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants,

the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in different fair value measurements at the reporting dates. The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

NOTE E – INVESTMENT CONTRACT

Guaranteed Investment Contract – Through the group funding agreement entered into with Hartford during 2009, the Plan offers a fixed account investment option. The fixed account is invested in the general asset account of Hartford and is guaranteed by Hartford's claims paying ability. The objective of this fund is to maintain a competitive fixed interest rate and a minimum guaranteed rate of return. Hartford credits the fixed account value with interest at a rate declared each calendar quarter, but not less than the minimum interest rate of 3% as specified in the contract. The actual annualized yield on this account approximated the minimum interest rate of 3% for the year ended December 31, 2013. The contract has certain restrictions that impact the participants' ability to collect the full contract value. The agreement does not allow transfers and surrenders from the fixed account if the transactions in any 12 month period exceed 12% of the fixed account values under the agreement as of the most recent month-end value from one year prior, unless Hartford consents.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for Plan benefits

attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for Plan benefits at fair value with an adjustment to contract value in arriving at net assets available for Plan benefits.

Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE G – TAX STATUS

The Plan and related Trust have been formed utilizing a *Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement ("CODA"),* which the Internal Revenue Service has determined by a letter dated March 31, 2008 was designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE H – OTHER SUBSEQUENT EVENTS

Plan management reviewed subsequent events through September 24, 2014, which was the date the financial statements were available to be issued.
