Lonesource, Inc. 401(k) Plan

Notes to Financial Statements

For the Period Ended February 3, 2014

1. Description of the Plan

The following description of the Lonesource, Inc. 401(k) Plan (the "Plan") provides only general information about the Plan's provisions. Participants and all others should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan under Section 401(k) of the Internal Revenue Code (the "IRC" or the "Code") covering employees of Lonesource, Inc. (the "Company" or "Lonesource"), which was established effective January 1, 2009. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan Sponsor is Lonesource, Inc. At December 31, 2012, both Fidelity Management Trust Company ("Fidelity") and Charles Schwab Bank ("Schwab") held investments and executed investment transactions related to the Plan. At December 31, 2013, Schwab and MVP Plan Administrators ("MVP") held investments and executed investment transactions related to the Plan.

Starting January 1, 2013, the Company engaged a third-party administrative company, MVP Plan Administrators, to assist in the administration and record-keeping of the plan.

As of August 26, 2013, the Plan Sponsor was acquired by Staples, Inc. Contributions to the Plan ceased on November 30, 2013. Effective February 3, 2014, the Plan was merged into the Staples, Inc. Employees' 401(K) Savings Plan. Employees began participating in the Plan effective as of that date. The net assets transferred to Staples, Inc. Employees' 401(K) Savings Plan are reflected on the statement of changes in net assets available for benefits as a transfer to the other qualified plan.

Eligibility

To be eligible to participate in the Plan, an employee must complete three months of service and be 18 years of age or older.

Employee Contributions

Employees who have satisfied the service and eligibility requirements for participation in the Plan may elect to contribute 1% to 90% of their compensation as defined in the Plan on a pretax basis, within limits

Notes to Financial Statements (continued)

prescribed by Section 401(k) of the Code. Participants may, upon proper notice and approval, enter into a special salary reduction agreement to elect to contribute up to 100% of any cash bonuses. Participants may also elect to contribute 1% to 90% (in multiples of 1%) of their eligible compensation to the Plan on an after-tax basis. Rollover contributions from other qualified plans are allowed.

Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Company Contributions

The Company may make discretionary employer matching contributions to the Plan as authorized by the Company. The Company contributed 100% of the first 3% of eligible compensation that a participant contributed to the Plan in the period ended February 3, 2014 and the year end December 31, 2013.

In addition, the Company may make a discretionary non-elective contribution to the Plan. No discretionary contributions were made to the Plan in the period ended February 3, 2014 and the year end December 31, 2013.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and, (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions as well as employer matching contributions and discretionary non-elective employer contributions plus actual earnings thereon.

Benefit Payments

A participant is entitled to distributions under the Plan the later date of (a) when such participant attains their 65th birthday (the normal retirement date); or (b) in the event of the death or disability of the participant before retirement or other termination of employment; or (c) in the event that a participant's employment is terminated for any reason other than those stated in (a) and (b) above.

Notes to Financial Statements (continued)

Participants who have attained the age of 59½ are allowed to receive a distribution of all or any portion of their vested account balance.

Participants entitled to distributions may elect to receive either a lump sum amount equal to the value of the participant's vested interests in his or her account or payment of a specific dollar amount on an installment basis over a period of time not to exceed the life expectancy of the recipient.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested participant account balance, comprised of employee contributions, their respective earnings and rollover monies. Loan terms range from one to five years, or up to ten years for the purchase of a principal residence. The notes receivable are secured by the vested balance in the participant's account and bear interest at a rate consistent with local prevailing rates at the time of the loan. Principal and interest are paid ratably through payroll deductions.

Termination Provision

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100 percent vested in their accounts.

Administrative Expenses

Recordkeeping and most administrative fees are paid by the Plan. Certain other plan expenses are paid by the Company and are excluded from these financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Valuations of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Notes to Financial Statements (continued)

Shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefit payments to the participants are recorded upon distribution.

Participant Notes Receivable

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of February 3, 2014 and December 31, 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles of the United States requires the Plan's management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

3. Investments

Certain information related to investments and participant notes receivable disclosed in the accompanying financial statements including investments held and participant notes receivable at February 3, 2014 and December 31, 2013, and net appreciation (depreciation) in fair value of investments, interest, dividends and interest income on participant notes receivable for the period January 1, 2014 through February 3, 2014 and the year ended December 31, 2013, were obtained or derived from information provided to the plan administrator and certified as complete and accurate by Charles Schwab Bank, the trustee of the Plan.

Notes to Financial Statements (continued)

The fair values of individual fund investments that represent 5% or more of the Plan's net assets as of February 3, 2014 and December 31, 2013 are as follows:

	February 3, 2014	December 31, 2013
Fidelity Adv Leveraged Company Stock Fund I	\$ —	\$ 200,248
Fidelity Asset Manager 50%	—	527,762
PIMCO Total Return Fund Instl Class	—	201,513
Schwab S&P 500 Index Fund - Select	—	183,754
Vanguard Small Cap Index Fund	—	212,735
Vanguard Target Retirement 2020 Fund I	—	163,423
Vanguard Target Retirement 2030 Fund I	—	248,942

4. Fair Value Measurements

Fair value is defined under ASC 820 as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

Notes to Financial Statements (continued)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used as of February 3, 2014 and December 31, 2013.

Money market fund and mutual funds - Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by levels, within the fair value hierarchy, the Plan's investments carried at fair value as of February 3, 2014 and December 31, 2013:

	Investments at Fair Value	
	Level 1	
	February 3, 2014	December 31, 2013
Mutual Funds		
Large cap funds	\$ —	\$ 285,994
Mid cap fund	—	309,623
Small cap fund	—	329,850
International funds	—	126,412
Specialty blended fund	—	527,762
Target date funds	—	482,396
Bond funds	—	364,351
Money market fund	—	26,396
Total investments at fair value	\$ —	\$ 2,452,784

5. Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes to Financial Statements (continued)

6. Reconciliations of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 for the period ended February 3, 2014 and the year ended December 31, 2013:

	February 3, 2014	December 31, 2013
Net assets available for benefits per financial statements	\$ —	\$ 2,488,001
Accounts payable, return of excess contributions	—	33,927
Net assets available for benefits per Form 5500	<u>\$ —</u>	<u>\$ 2,521,928</u>

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the amount per Form 5500 for the period ended February 3, 2014 and the year ended December 31, 2013:

	February 3, 2014	December 31, 2013
Net (decrease) increase per financial statements	\$ (2,488,001)	\$ 328,621
Add: Change in accounts payable, return of excess contributions	(33,927)	3,393
Net (decrease) increase per Form 5500	<u>\$ (2,521,928)</u>	<u>\$ 332,014</u>

7. Related Party Transactions

Certain plan investments are shares of mutual funds managed by the trustees as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations.

Notes to Financial Statements (continued)

8. Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated February 4, 2009 stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2013-6 and 2011-49, the plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 3, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.
