## NOTE 1. DESCRIPTION OF PLAN

The following description of the Darvin Furniture Employees' 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General*

The Plan is a defined contribution plan covering all employees of Darvin Furniture & Appliances of Orland Park, Inc. ("Company") who have completed 90 days of service, except for union employees and seasonal employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's trustees oversee governance of the Plan, determine the appropriateness of the Plan's investment offerings, and monitor investment performance.

*Contributions*

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make a matching contribution on behalf of all active and terminated participants in an amount equal to a discretionary percentage of the deferral contributions made by each participant during a quarterly calculation period. The Company may also make discretionary profit sharing contributions on behalf of participants who have completed more than 1,000 hours of service and who are employed on the last day of the Plan year. For the year ended December 31, 2013, the Company made $81,215 in matching contributions and no profit sharing contributions.

The Plan offers various mutual funds and a common/collective trust fund as investment options for participants. The investment of participant, matching and profit sharing contributions into these investment options is determined by each participant. Contributions are subject to certain limitations.

*Participant Accounts*

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts. Participant accounts are charged with an allocation of applicable administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Vesting*

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing portions of their account is based on years of continuous service. A participant is 100% vested after six years of credited service.

As is more completely described in the Plan document, a participant also becomes 100% vested in the Company's matching and profit sharing portions of their account through attaining their normal retirement date, permanent disability, or death.

*Notes Receivable from Participants*

Participant loans are not permitted under the Plan.

*Payment of Benefits*

On termination of service, a participant may elect to receive an amount equal to the value of the vested interest in his or her account in a lump-sum payment or in annual installments in accordance with the Plan document.

The Plan provides for hardship withdrawals from a participant's contribution account. The IRS safe harbor definition of hardship will apply.

The Plan also provides for in-service distributions from participant's accounts in which the participant is 100% vested. The participant must have attained the age of 60.

*Forfeited Accounts*

At December 31, 2013 and 2012, forfeited nonvested accounts totaled $503 and $0, respectively. These accounts are used first to reduce administrative expenses of the Plan and then to reduce future employer contributions.

## NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

*Date of Management's Review*

Management has evaluated subsequent events through September 5, 2014, which is the date the financial statements were available to be issued.

*Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

*Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts. The Plan's investment in a common/collective trust fund is accounted for as a fully benefit-responsive investment contract.

*Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Payment of Benefits*

Benefits are recorded when paid.

*Administrative Expenses*

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Other administrative expenses are paid by the Plan or with funds from forfeited nonvested accounts. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

## NOTE 3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation

techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

*Level 1 Fair Value Measurements*

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

At December 31, 2013, the underlying investment of the common/collective trust fund is a cash equivalent money market fund that is classified as a Level 1 holding.

*Level 2 Fair Value Measurements*

Through December 5, 2013, the fair value of the common/collective trust fund was valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the trustee, was used as a practical expedient to estimate fair value. The NAV was based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012.

## NOTE 6. COMMON/COLLECTIVE TRUST FUND

One of the Plan's investment options is the Fixed Fund, a common/collective trust fund (the "CCT"). The CCT is a commingled pool managed by SEI Trust Company ("SEI"). On December 9, 2013, the Board of Directors of SEI authorized the termination of the Fixed Fund. Prior to that date, all of the Fixed Fund's securities were liquidated and those proceeds were invested into money market investments held by the Fixed Fund. SEI distributed all of the Fixed Fund's assets to investors by June, 2014. On June 17, 2014, the Plan transferred all liquidated amounts from the Fixed Fund to a new investment option, the JPMorgan Money Market Fund.

Prior to December 9, 2013, the CCT invested in underlying assets, such as short-term bonds and other fixed income securities and also purchased wrap contracts issued by insurance companies and other financial institutions. The CCT was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The wrap issuer guaranteed a minimum rate of return and provided full benefit responsiveness.

Because the CCT was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the CCT. Contract value, as reported to the Plan, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the CCT at December 31, 2013 and 2012 was $3,193,399 and $3,606,168, respectively. The crediting interest rate was based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates were reviewed on a monthly basis for resetting.

Certain events limited the Plan's ability to transact at contract value with SEI Trust Company. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

The average yields were as follows:

| | 2013 | 2012 |
|---|---|---|
| Based on actual earnings | 0.31 % | 1.09 % |
| Based on interest rate credited to participants | 0.17 % | 1.72 % |

## NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Company's matching and profit sharing portions of their account.

## NOTE 8. TAX STATUS

The Plan as adopted is a volume submitter profit sharing plan sponsored by HPL&S Inc. The sponsoring organization has received a determination letter, dated March 31, 2008, covering the volume submitter plan. A separate determination letter providing that the Darvin Furniture Employees' 401(k) Profit Sharing Plan, as adopted, and the related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC") has not been sought from the Internal Revenue Service.

Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The Plan's Annual Return/Report of Employee Benefit Plan (Form 5500) is subject to examination by the Internal Revenue Service and the Department of Labor, generally for three years after the date it was filed.

## NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## NOTE 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to Form 5500.
