Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Phil Smith Automotive Group 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by SunTrust Bank, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan administrator by the Trustee is complete and accurate.

1. Description of Plan:

The following description of the Phil Smith Automotive Group 401(k) Plan (the "Plan") provides only general information regarding the Plan's provisions in effect at December 31, 2013. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution, self-directed, employee benefit plan covering substantially all full-time employees of the companies comprising Phil Smith Automotive Group. There are no age or service requirements affecting eligibility. The Plan, which became effective as of January 1, 1999, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants have the option of contributing pretax salary deferrals to the Plan, in which case federal income taxes are deferred in accordance with Section 401(k) of the Internal Revenue Code.

Contributions

Participants may contribute from 1% to 70% of their annual compensation not to exceed the maximum amount allowable by the Internal Revenue Code. Participants who are age 50 or older may make additional catch-up contributions. Participant contributions are transferred to the Plan throughout the year. The employer matching contributions are determined annually at the discretion of the employer's Board of Directors. The employer may also make discretionary contributions to the Plan as determined annually by the employer's Board of Directors. Employer contributions are decreased by forfeitures of terminated participants and are funded at least annually.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer matching contribution, the employer's discretionary contribution, and an allocation of Plan earnings. Allocations are based on the directed investment options chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their voluntary contributions, rollover contributions, and earnings thereon. In general, participants become 20% vested in employer-funded account balances after two years of credited service and vest an additional 20% each year thereafter, becoming fully vested after six years of credited service. A participant also becomes fully vested at normal retirement age (provided the participant has attained at least five years of credited service), death, total disability, or termination of the Plan. Vesting is subject to modification in the event the Plan becomes "top-heavy", as defined.

Notes Receivable From Participants

Participants may obtain loans based upon their vested account balances. The minimum loan permitted is $1,000 and the maximum is the lesser of 50% of the participant's vested account balance or $50,000. The remaining vested balance of a participant's account serves as collateral for the loan. Interest on such loans is the prime rate plus 1% at the time the loan is made. Such loans are to be repaid in substantially equal installments over the term of the loan, which may not exceed 60 months unless the purpose of the loan is to acquire a principal residence.

1. Description of Plan – Continued:

Notes Receivable From Participants – Continued

At December 31, 2013, the loans earned interest at rates ranging from 4.00% to 6.00% and maturities ranged from February 2014 to September 2025.

Payment of Benefits

Upon termination of service, retirement, disability, or death, a participant or beneficiary may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments. The Plan permits normal withdrawals of the participant's vested account balance beginning at age 65, with provisions for early withdrawals after attaining age 59½ and 5 years of continuous service and for certain "hardship" withdrawals of a participant's deferral contributions and earnings thereon prior to that.

Investment Options

Upon enrollment in the Plan, a participant may direct participant and employer contributions in any of the Plan's investment options, all of which are held by SunTrust Bank, the Trustee of the Plan, at December 31, 2013 and 2012. Such options are specified by the Plan's administrator, who is appointed by the employer, and are presently comprised of various mutual funds, a collective trust, and a money market account. Participants may change their contribution allocation among investment options and transfer amounts among the investment options daily.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts available to reduce future employer contributions were $886 and $5,501, respectively. Forfeitures of $17,181 were used in 2013 to reduce employer contributions.

Plan Expenses

The Plan is responsible for management fees relating to the investments which reduce investment returns, and fees related to loan processing and distributions. Substantially all other fees related to the Plan for administration, legal, audit, and other services are paid by the employer.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies – Continued:

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The net change in the fair value of investments during the Plan year is included in the statement of changes in net assets available for benefits. The net appreciation or depreciation in fair value consists of the net realized gains or losses on the investments sold and the net unrealized gains or losses on investments held.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Plan management has evaluated subsequent events through September 26, 2014, the date which the financial statements were available to be issued.

3. Investments:

The following table presents investments that represent five percent or more of the Plan's net assets at fair value, are as follows at December 31, 2013 and 2012:

	2013	2012
Mutual funds:		
Goldman Sachs Small Cap Value Fund A	$ 473,082	$ *
Vanguard Target Retirement 2015 Investment Fund	473,454	408,894
Vanguard Target Retirement 2025 Investment Fund	930,116	669,092
Vanguard Target Retirement 2035 Investment Fund	652,012	520,665
Wells Fargo Advantage Premier Large Company Growth Fund A	518,814	*
SunTrust Bank FDIC Insured Account	931,268	883,593

*Less than 5% of Plan net assets

During 2013, the Plan's investments in mutual funds, including gains and losses on investments bought and sold as well as held during the year, appreciated in value by $1,150,755.

4. Fair Value Measurements:

Fair value is measured using a framework that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include:

  - Quoted prices for similar assets or liabilities in active markets;

  - Quoted prices for identical or similar assets or liabilities in inactive markets;

  - Inputs other than quoted prices that are observable for the asset or liability;

  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the fair value of the underlying investments held by the funds at year end as reported by the funds.

Money market funds: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily NAV and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

4. Fair Value Measurements – Continued:

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2013 and 2012:

	2013		
	Level 1	Level 2	Total
Mutual funds:

Collective trust	-	103,461	103,461
	$ 6,640,009	$ 103,461	$ 6,743,470

At December 31, 2013 and 2012, there are no investments measured using Level 3 inputs.

5. Related-Party Transactions:

The Plan's investments, including notes receivable from participants, were held by the Plan's Trustee, SunTrust Bank. All investment transactions and balances are considered to be transactions with a party-in-interest.

6. Plan Termination:

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become 100% vested in their accounts.

During the year ended December 31, 2013, employees from three dealerships were terminated when the dealership franchises and assets were sold. In aggregate, the terminations represented a partial termination of the Plan. As a result of this partial termination, all accumulated benefits of affected employees are fully vested as of the date of which the employees were terminated.

7. Tax Status:

The Plan is operating under a prototype plan designed by the Trustee. The Trustee has received a determination letter from the Internal Revenue Service dated March 31, 2008, which indicates that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the Trustee received the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

Plan management has evaluated tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

8. Summary of Information Certified by the Plan Trustee:

At December 31, 2013 and 2012, and for the year ended December 31, 2013, the Plan Trustee held the Plan's investment assets and executed investment transactions. Financial information relating to those assets is included in the accompanying financial statements, including related notes, and the supplemental schedule of assets (held at end of year), and such information has been derived from reports certified as complete and accurate by the Trustee. Information provided by the Trustee, which has not been audited by independent accountants, is summarized as follows:

	2013	2012
Investments:		
Mutual funds	$ 7,480,180	$ 5,756,416
Collective trust	54,238	103,461
Money market	931,268	883,593
Total investments	$ 8,465,686	$ 6,743,470
Net appreciation in fair value of investments	$ 1,152,998	
Interest and dividends	237,395	
	$ 1,390,393	

9. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
