HAMILTON SCIENTIFIC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013

NOTE 1. PLAN DESCRIPTION

The following description of the Hamilton Scientific Retirement Savings Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions. The effective date of the Plan is January 1, 2013.

General

The Plan is a defined contribution plan covering eligible employees, as defined by the Plan, who have been employed by Hamilton Scientific, LLC (the "Company" and the "Plan Sponsor") for 30 days. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan Sponsor was previously a division owned by Thermo Fisher Scientific Inc. ("Thermo Fisher") and was sold in October 2012. Upon the sale, the employees that were part of the division sold were terminated by Thermo Fisher and were given the option to rollover their account balances from Thermo Fisher's plan into this Plan.

Contributions

Each year, participants may make pre-tax and Roth deferrals of up to 100 percent of annual compensation, as defined in the Plan and subject to certain limitations under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan.

The Plan provides for Company safe harbor matching contributions of 100 percent of the first six percent of compensation deferred. The Company safe harbor matching contribution was \$721,233 for the year ended December 31, 2013. The Plan also provides for discretionary Company matching and profit sharing contributions, of which none were made for the year ended December 31, 2013.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Company contributions, plus actual earnings thereon.

Payment of Benefits

On termination of service for any reason, the participant may receive the value of the vested interest in his or her account as a lump-sum distribution in accordance with the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from information provided by Boston Financial Data Services, Inc. as agent for State Street Bank and Trust Company and T. Rowe Price Trust Company (collectively the "Trustees").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All Plan investments are reported at fair value. Accounting principles generally accepted in the United States of America require that the amount representing the difference between the fair value of a fully benefit-responsive investment contract and the contract value be presented on the face of the statement of net assets available for plan benefits. The investments and changes therein of the funds have been reported to the Plan by the Trustees using fair value.

Investments are valued daily. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Through participant direction, approximately 28 percent of the Plan's net assets are invested in the T. Rowe Price Retirement 2020 Fund.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustees and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses (Continued)

The Plan has an agreement with T. Rowe Price Retirement Plan Services, Inc. ("T. Rowe Price"), whereby T. Rowe Price is required to make quarterly contributions to an administrative budget account in the amount of \$5,750 (\$23,000 annually). The amounts received from T. Rowe Price may be utilized to pay Plan administrative expenses or be allocated at the discretion of the Company. During the year ended December 31, 2013, T. Rowe Price contributed \$17,250 to the administrative budget account and \$17,251 of Plan administrative expenses were paid from the account. The net appreciation of investments is inclusive of these contributions. As of December 31, 2013, there were no funds available in the administrative budget account.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the year ended December 31, 2013.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

HAMILTON SCIENTIFIC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

T. Rowe Price Stable Value Fund – The T. Rowe Price Stable Value Fund, held in a common collective trust (“CCT”), is valued at the net asset value (“NAV”) of units of a bank collective trust. The NAV, as provided by the fund’s trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The CCT NAV is not a publicly-quoted price in an active market, therefore, the CCT is classified as Level 2 within the valuation hierarchy.

The investment objective of the CCT is to maximize current income consistent with the maintenance of principal and to provide for withdrawals for certain participant initiated transactions under the Plan without penalty or adjustment. The CCT does not have any unfunded commitments relating to its investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31:

	Investments at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Blend funds	\$ 679,931	\$ -	\$ -	\$ 679,931
Fixed income funds	201,918	-	-	201,918
Growth funds	31,419	-	-	31,419
Target date funds	15,341,305	-	-	15,341,305
Value funds	36,720	-	-	36,720
Common collective trust	-	250,214	-	250,214
Total investments at fair value	<u>\$ 16,291,293</u>	<u>\$ 250,214</u>	<u>\$ -</u>	<u>\$ 16,541,507</u>

NOTE 3. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

NOTE 3. INVESTMENTS (Continued)

The following presents investments that represent five percent or more of the Plan's net assets at December 31, 2013:

	<u>2013</u>
T. Rowe Price Retirement 2015 Fund	\$ 1,940,336
T. Rowe Price Retirement 2020 Fund	4,779,548
T. Rowe Price Retirement 2025 Fund	3,042,813
T. Rowe Price Retirement 2030 Fund	2,831,701
T. Rowe Price Retirement 2035 Fund	1,300,601

For the year ended December 31, 2013, net appreciation of investments in registered investment companies (mutual funds) was \$1,770,361 and net appreciation of the common collective trust was \$97,136.

NOTE 4. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their account balance. The loan interest rate is determined by the plan administrator based on prevailing rates, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 7.50 percent. Principal and interest are paid ratably through payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 5. FINANCIAL DATA CERTIFIED BY THE TRUSTEES

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustees and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Participant-directed investments and notes receivable from participants as shown in the accompanying statement of net assets available for plan benefits of \$16,541,507 and \$290,879, respectively, less the adjustment from fair value to contract value of \$3,497, as of December 31, 2013.
- b. Net appreciation of investments of \$1,867,497, dividend income on investments of \$489,112, and interest income on notes receivable from participants of \$10,791 as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2013.
- c. Investments and participant loans as of December 31, 2013 as listed in the accompanying Schedule of Assets (Held at End of Year).

HAMILTON SCIENTIFIC RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013

NOTE 6. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participant account balances will be distributed in accordance with the Plan document.

NOTE 7. TAX STATUS

The Company adopted a volume submitter plan that is the subject of a favorable tax opinion letter from the IRS dated March 31, 2008. The plan administrator believes the Plan is currently being operated in accordance with the applicable provisions of the IRC and, accordingly, the plan administrator believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

The Trustees of the Plan manage certain investments. Transactions with the Trustees are party-in-interest transactions for which exemptions exist. The Plan's recordkeeper received \$8,150 for loan administration and transaction fees which were paid by the participants through the Plan and receives indirect compensation for certain investments based on a formula. In addition, the Plan's advisor received \$17,251 that was paid from the administrative budget account.
