NOTE 1—DESCRIPTION OF PLAN

The following description of Nevada County Briar Patch Coop, Inc. 401(k) Profit Sharing Plan (Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

Effective January 1, 2014, the Plan's name changed to BriarPatch Cooperative of Nevada County, Inc. 401(k) Profit Sharing Plan.

General. The Plan is a defined-contribution plan established by BriarPatch Cooperative of Nevada County, Inc. (Company) with elective deferral 401(k) features covering all eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions. Participants may contribute from a minimum of 1% up to a maximum of 100% of pretax annual compensation, as defined in the Plan not to exceed the limits set by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. The employer may make a matching contribution of the participant's deferral amount. The matching contributions were 100% of participant contributions, up to a maximum of 3% of eligible compensation, for 2013 and 2012.

Participant accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the employer's matching contribution and (b) Plan earnings and charged with an allocation of certain administrative expenses. Allocations of Plan earnings and administrative expenses are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are vested immediately in their contributions, Company contributions and actual earnings thereon.

Investment options. Upon enrollment in the Plan, a participant may direct contributions in 1% increments in any of the investment options offered under the Plan. The investments are in selected registered investment companies.

Participants may change their investment options at any time.

Benefits. Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment. The Plan permits in-service distributions at age 60. Participants experiencing financial hardship may withdraw a portion of their account balance.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from the estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes both realized and unrealized investment gains and losses.

Payment of Benefits

Benefits payments to participants or beneficiaries are recognized when paid.

Administrative Expenses

Administrative expenses are paid by the Company.

Date of Management's Review

Management has evaluated subsequent events through September 12, 2014, the date which the financial statements were available to be issued.

NOTE 3—INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets.

	2013	2012
American Funds:		
American Balanced Fund	$ 180,190	$ 112,495
Capital World Bond Fund	17,447	15,553
Fundamental Investors	20,399	11,685

NOTE 4—FAIR VALUE MEASUREMENTS

The Plan follows accounting principles generally accepted in the United States of America for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs—Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds—Valued at net asset value of shares held by the Plan at year end.

Money Market Funds—Valued using amortized cost, which approximates the current fair value. The investment objective of the money market fund is to provide current income consistent with stability of principal.

NOTE 4—FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013

NOTE 5—INCOME TAX STATUS

The underlying nonstandardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the form of the plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2002-6 and Announcement 2001-77, the plan sponsor has determined that it is eligible to, and has chosen to rely on, the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes that the Plan is being operated in compliance with applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE 5—INCOME TAX STATUS (continued)

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The plan administrator has analyzed the tax positions take by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 6—PARTY-IN-INTEREST TRANSACTIONS

Transactions involving the accounts administered by Capital Bank and Trust Company are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

NOTE 7—RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks of loss, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 8—TERMINATION OF PLAN

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA.

NOTE 9—PLAN INFORMATION CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits and the supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2013, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2013.
