#### REPORT OF INDEPENDENT AUDITORS

To the Trustees Cascade Drilling 401(k) Retirement Plan and Trust

#### **Report on the Financial Statements**

We were engaged to audit the accompanying financial statements of the Cascade Drilling 401(k) Retirement Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

#### Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by ING Life Insurance & Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

#### Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

#### Other Matter

The Schedule H, line 4(i) - Schedule of assets (held at end of year) is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplementary information.

#### Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

# CASCADE DRILLING 401(k) RETIREMENT PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

#### Note 1 - Description of Plan

The following description of the Cascade Drilling 401(k) Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan established for employees of Cascade Drilling, LP (the Company). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company is the Plan's sponsor and serves as plan administrator.

During July 2013, the Company acquired a division of Boart Longyear Company (Boart). Following the acquisition, eligible employees were permitted to make rollover contributions of all or a portion of their account balances in the Boart plan to the Plan. During the year ended December 31, 2013, rollover contributions from the Boart plan totaled \$2,607,213.

**Eligibility** - All nonunion employees of the Company are eligible to participate in the Plan upon reaching age 21 and completing 250 hours of service during the first 90 days of employment. If 250 hours are not completed within 90 days, the entry date will be January 1 following the calendar year in which 1,000 hours of service are completed.

#### **Contributions**

Participant Contributions - Participants may contribute up to 100% of eligible compensation to the Plan each year. Participants may also contribute amounts representing rollovers from other qualified plans. Eligible employees are automatically enrolled in the Plan with a 1% pre-tax deferral rate after attainment of eligibility provisions unless they formally waive participation or elect a different deferral rate.

*Employer Contributions* - The Company may elect to make discretionary matching contributions to the Plan, not to exceed 10% of the participant's annual compensation. The Company may also make discretionary profit sharing contributions. Participants must complete at least 1,000 hours of service during the year and be employed as of the last day of the year to be eligible to receive any discretionary matching or profit sharing contributions. There were no discretionary matching or profit sharing contributions for the year ended December 31, 2013.

Contributions are subject to regulatory limitations.

**Participant Accounts** - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and earnings. Allocations are based on participant compensation or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

# CASCADE DRILLING 401(K) RETIREMENT PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

#### Note 1 - Description of Plan (Continued)

**Vesting** - Participants are fully vested in their salary deferrals plus actual earnings thereon. Vesting in the Company's contributions is based on years of service with 20% vesting per year after two years of service until 100% vested after six years of service.

**Payment of Benefits** - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account balance, or cash installments or in the form of an annuity. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

**Notes Receivable from Participants** - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the plan administrator. The maximum loan term is five years unless the loan qualifies as a home loan, in which case the term of the loan is not to exceed 15 years. Principal and interest are paid ratably through payroll deductions. As of December 31, 2013, the rates of interest on outstanding loans ranged from 4.25% to 9.00% with various maturities through September 2028.

**Forfeitures** - Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and may be used to reduce future Company matching contributions or may be allocated to remaining participants in the Plan. As of December 31, 2013 and 2012, forfeited non-vested accounts totaled \$5,650 and \$1,252, respectively. During 2013, forfeitures totaling \$1,252 were allocated to remaining participants in the Plan.

**Plan Termination** - Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to participant accounts become fully vested.

#### **Note 2 - Summary of Significant Accounting Policies**

**Basis of Accounting** - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

**Use of Estimates** - The preparation of financial statements in conformity with GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

# CASCADE DRILLING 401(k) RETIREMENT PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

#### **Note 2 - Summary of Significant Accounting Policies (Continued)**

**Investment Valuation** - Investments are stated at fair value. The Plan's custodian, ING Life Insurance and Annuity Company (the Custodian), certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Authoritative guidance requires the statements of net assets available for benefits present the fair value of the investments, as well as the adjustment from fair value to contract value for fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

**Income Recognition** - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

**Notes Receivable from Participants** - Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest, and are classified as notes receivable.

**Payment of Benefits** - Benefits are recorded when paid.

**Expenses** - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

**Subsequent Events** - The Plan has evaluated subsequent events through September 29, 2014, which is the date the financial statements were available to be issued.

# CASCADE DRILLING 401(K) RETIREMENT PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

#### **Note 3 - Investments**

**Investments** - Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

	2013	2012
ING Fixed Account**	\$1,689,075	\$1,098,992
Fidelity VIP Contrafund Portfolio	\$1,082,125	\$ 390,574
ING T. Rowe Price Capital Appreciation Portfolio	\$ 828,961	\$ 168,005
AllianceBernstein Discovery Growth Fund	\$ 488,798	\$ 262,043
Vanguard Variable Rate Insurance Fund	\$ 357,604	*
American Funds EuroPacific Growth Fund	\$ 314,828	\$ 202,018

<sup>\*</sup> Investment did not represent 5% or more of net assets as of December 31, 2012.

#### Note 4 - Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- **Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

<sup>\*\*</sup> Contract value has been presented for the ING Fixed Account.

# CASCADE DRILLING 401(k) RETIREMENT PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

#### **Note 4 - Fair Value Measurements (Continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled Separate Accounts - Units held in pooled separate accounts are valued using the net asset value (NAV) of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a pooled separate account is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund.

Guaranteed Investment Contract - The ING Fixed Account is a fully benefit responsive investment contract stated at contract value, which represents contributions, reinvested income, less any withdrawals and reserves plus accrued interest. The fair value for investment contracts are the current fund balances on the date of surrender subject to application of any market value adjustments, contract surrender charges or other applicable fees.

The following tables disclose by level, the fair value hierarchy, of the Plan's assets at fair value as of December 31:

	Fair Value Measurement as of December 31, 2013						
	Level 1		Level 2	Level 3		Total	
Pooled separate accounts							
Growth funds	\$	-	\$3,473,222	\$	-	\$3,473,222

	\$		\$2,635,064	\$		\$2,635,064	

# CASCADE DRILLING 401(K) RETIREMENT PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

#### **Note 5 - Guaranteed Investment Contract**

The Plan's ING Fixed Account investment is a benefit-responsive guaranteed investment contract with the Custodian. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012 was \$1,733,670 and \$1,194,993, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting. During the year ended December 31, 2013 the crediting interest rate and average yield was 3%. The average yield is based upon annualized earnings of the investment, which may differ from the crediting interest rate, which is based upon the annualized earnings credited to participant accounts.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

# CASCADE DRILLING 401(k) RETIREMENT PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

#### **Note 6 - Tax Status**

The Plan is based on a prototype non-standardized plan that received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the prototype plan is qualified under applicable sections of the Internal Revenue Code (IRC) and, therefore, is exempt from federal income tax. The Plan has been amended since the date of the opinion letter. However, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

#### Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risks associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

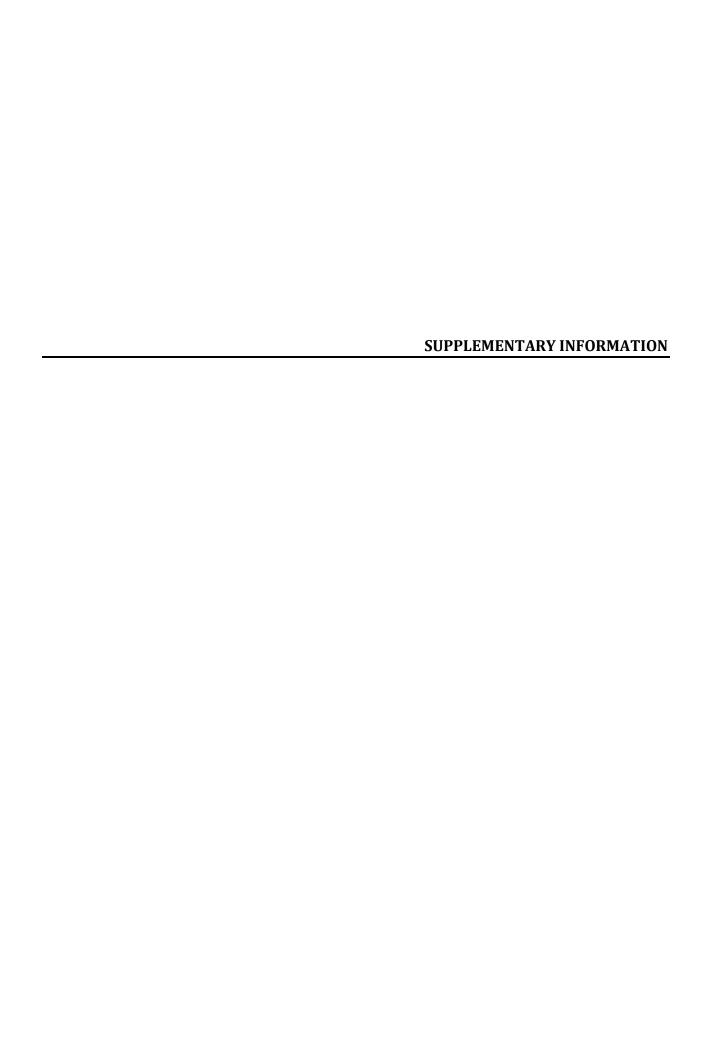

#### Note 8 - Information Certified by the Custodian

The following information in the financial statements and supplemental schedule was certified to be complete and accurate by the Custodian, within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2013 and 2012.
- Investment income reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2013.
- Investments, except for participant loans, reflected on the schedule of assets (held at end of year).

#### Note 9 - Party-In-Interest Transactions

Plan investments include shares of pooled separate accounts and a guaranteed investment contract managed by the Custodian. Therefore, these transactions qualify as exempt party-in-interest transactions.
