CENTRIC CONSULTING, LLC PROFIT SHARING PLAN AND TRUST
Notes to Financial Statements
December 31, 2013

1. Description of Plan

The following description of the Centric Consulting, LLC Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees who are 21 or older except collectively bargained, non-resident aliens, or leased employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participants may contribute amounts representing distributions from other qualified retirement plans. Company contributions are made at the option of the Company's managing members as defined by the Plan. Contributions are then allocated to each participant at the discretion of the managing partners. The maximum contribution to the Plan in any year is determined by provisions in the Plan and the Internal Revenue Code and Income Tax Regulations. The participants direct the investment of these contributions into various investment options offered by the Plan. As of December 31, 2013, the Plan offered mutual funds and a money market fund as investment options for participants.

Participant Accounts – Each participant's account is credited with allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant earnings, account balances, or participant events, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Vesting in the Company's contribution plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after five years of credited service. In addition, a participant becomes 100 percent vested upon death, disability, or retirement as defined by the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested balance. Loan terms range from one to five years except for the purchase of a primary residence which is a longer term determined by the plan administrator. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits – On termination of service, a participant will receive a lump-sum amount equal to the participant's vested interest in his or her account. The Plan provides for an automatic distribution of account balances of \$5,000 or less. The Plan also allows for in-service withdrawals of participants' vested interest for participants over age 59½.

Forfeited Accounts – Forfeited amounts are used to pay Plan expenses or reduce employer contributions. At December 31, 2013 and 2012, there were \$48,966 and \$107,043 of forfeited non-vested accounts respectively. Forfeitures of \$106,086 and \$0 were used to reduce employer contributions at December 31, 2013 and 2012, respectively and \$350 was used during both years ended December 31, 2013 and 2012 to pay Plan expenses.

2. Summary of Significant Accounting Policies

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the governing plan document.

Investment Fees – Certain fees are charged to the Plan for services provided by the investments trustees of the Plan. When applicable, the investment trustees net those expenses with investment earnings.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Plan has evaluated subsequent events through October 02, 2014, the date on which the financial statements were available to be issued.

3. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, no auditing

procedures were performed on the following information certified by Fidelity Management Trust Company, the trustee of the Plan, as complete and accurate except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

	<u>2013</u>	<u>2012</u>
Investments at Fair Value	<u>\$ 2,703,965</u>	<u>\$ 2,109,148</u>
Notes Receivable from Participants	<u>\$ 69,647</u>	<u>\$ 20,839</u>
Net Appreciation (Depreciation) in Value of Investments	<u>\$ 318,672</u>	
Interest and Dividend Income	<u>\$ 127,967</u>	
Interest Income on Notes Receivable from Participants	<u>\$ 1,832</u>	
Administrative Expenses	<u>\$ 950</u>	

4. Fair Value Investments

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

- Level 1 Inputs to the valuation methodology are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets

- Inputs other than quoted prices that are observable for the asset or liability that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual Funds*: Valued at quoted market prices, which represent net asset value of shares held by the Plan at year end
- *Money Market Fund*: Valued at the total of the invested deposit plus earnings thereon, which approximates fair value

There have been no changes in the methodologies used at December 31, 2013. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

6. Administrative Expenses

Expenses incurred in the administration of the Plan were paid by the plan's sponsor except for those included as Administrative Expenses on Exhibit B.

7. Party-In-Interest

A transaction with certain service providers to the Plan qualifies as a party-in-interest transaction. The following party-in-interest transactions of the Plan occurred during the year ended December 31, 2013.

- Certain plan investments are held and managed by the investment trustee.
- Notes Receivable from Participants are transactions with a Party-In-Interest.
- The Plan incurred \$950 in plan administration fees with a Party-In-Interest, included in administrative expenses on Exhibit B.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions.

9. Tax Status

The Volume Submitter Plan, on which the Plan is designed, obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving this determination letter, the plan administrator, the Volume Submitter Plan Sponsor, and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

As of December 31, 2013, the Plan's federal tax filings for fiscal years 2010 through 2013 remain open for review by tax authorities.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
