NK PARTS INDUSTRIES, INC.
SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 1 - PLAN DESCRIPTION

The following brief description of the NK Parts Industries, Inc. Savings and Retirement Plan (the Plan) is provided for general information. Participants should refer to the Plan document for a complete description of the Plan's provision.

General - The Plan has two components, a 401(k) component and a profit-sharing component. Both components are part of a defined contribution plan covering substantially all employees who are U.S. residents age 18 or older of NK Parts Industries, Inc. (the Company) and subsidiaries, including NK America, Inc., NKA Transportation, Inc., NKA Custom Services, Inc., NKA Logistics, Inc. and NKP Mexico SA DE CV. Employees are eligible for the 401(k) component after 500 hours of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for voluntary participant contributions of up to \$17,500 in 2013, as permitted by the Internal Revenue Code (IRC). This limit is adjusted annually for inflation. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company and subsidiaries contribute a matching contribution equal to 30% of the participants elective deferral up to a maximum deferral of 6% of their eligible compensation, calculated on a weekly basis. The Company and subsidiaries may make discretionary profit-sharing contributions, which are allocated to each eligible participant based on his or her qualifying compensation. For 2013, the Company made a discretionary profit-sharing contribution of approximately \$90,000, while the subsidiaries elected to make no discretionary profit-sharing contribution. In addition, both the Company and subsidiaries can make discretionary, nonelective contributions to the Plan, which are allocated equally to all eligible participants. There were no nonelective contributions for 2013.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's and subsidiaries' contributions and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan document.

Vesting - If a participant's employment terminates before completion of six years of service because of death, attainment of retirement age, or as a result of total and permanent disability, their account is fully vested. If employment terminates for any other reason, the vested portion of the account will be determined as follows:

A participant shall have a fully vested and nonforfeitable interest in the value of their account derived from participant contributions (including rollovers) and employer nonelective contributions. Vesting in the employer matching and profit-sharing contribution portion of their account is based on years of continuous service. An amount equal to 20% is vested after two years of service with an additional 20% vesting after each additional year of service. After six years of service, the participant is fully vested. Forfeitures are applied to reduce plan expenses and the employer's contribution. As of December 31, 2013, forfeited non-vested accounts amounted to approximately \$7,000.

SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 1 - PLAN DESCRIPTION (Continued)

Payment of Benefits - Participants are entitled to benefits upon termination of service, retirement, death or total and permanent disability. Normal retirement age for a participant who is actively employed is 65. If a participant terminates employment prior to death, disability or retirement, they may elect to receive a payment of their vested account balance. If an account balance exceeds \$5,000, the participant is entitled to postpone payment to no later than the year in which they attain the age 70½. The forms of payment that can be elected are a single lump sum or substantially equal annual payments.

Participants may receive an “in-service” distribution from the portion of their account attributable to rollover contributions.

Hardship withdrawals are permitted, but require the participant to certify to the Administrative Committee that a qualifying hardship exists and funds are not reasonably available from other sources. The amount of hardship withdrawal is limited to the lesser of total elective deferral contributions or the amount required to resolve the financial hardship. Following a hardship withdrawal, a participant may not contribute to the Plan for a period of six months.

Notes Receivable from Participants - Participants may borrow from their accounts in the event of financial hardship if they are an active employee and have completed three years of service. Loans must be for a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 or (b) 50% of the participant’s vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Loan terms range from one to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participants’ accounts and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates range from 4.25% to 8.75% as of December 31, 2013. Principal and interest are repaid ratably through payroll deductions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies applied by the trustee in preparation of the accompanying financial statements follows:

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - The Plan’s investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits - Benefits are recorded when paid.

Use of Estimates - The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in the net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes Receivables From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon terms of the plan document.

Subsequent Events - Management has evaluated subsequent events through September 22, 2014, which is the date that the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

All of the Plan's investments are held in a trust fund administered by MG Trust Company, LLC. The Plan provides for participant-directed investments. The fair value of individual investments at December 31, 2013 and 2012 that represent more than 5% of the Plan's net assets is as follows:

	<u>2013</u>	<u>2012</u>
Investments, at fair value:

NK PARTS INDUSTRIES, INC.
SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 4 - TAX STATUS

The Plan adopted a form of a prototype plan sponsored by Columbus Retirement Administrators, Inc. The prototype plan received an opinion letter dated March 31, 2008 from the Internal Revenue Service, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended subsequent to receiving the opinion letter. However, the Plan administrator believes the Plan is designed and operated in compliance with applicable provisions of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE 5 - UNAUDITED INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2013 and 2012, and net appreciation in fair value of investments and related investment income for the year ended December 31, 2013, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by MG Trust Company, LLC (the trustee of the Plan).

NOTE 6 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Company and subsidiaries have the right, under the Plan, to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated funds of the trust shall be allocated, and all participants will become 100% vested in their accounts.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported to the statement of net assets available for benefits.

SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 8 - FAIR VALUE MEASUREMENTS

Generally accepted accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under generally accepted accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Money Market: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 9 - PARTY-IN-INTEREST

Certain plan investments are shares of money markets managed by Merrill Lynch. Merrill Lynch is the Plan's investment advisor and, therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for the investment management services are paid by the Plan, as they are assessed against participant accounts on a pro rata basis.
