NOTES TO FINANCIAL STATEMENTS

December 31, 2013

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Eckart America 401(K) Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

1. General

Eckart America 401(K) Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) for both its salary deferral plan and its profit sharing plan.

2. Eligibility for Participation

All employees are eligible to participant on their date of hire.

3. Contributions

The Plan is a defined contribution plan to which the Plan participant may contribute any amount up to the maximum salary deferral allowed. The Company matches by contributing 60% of participant's contribution to a maximum of 8% of their salary deferral, except for Obron Atlantic Corporation employees, where the Company will match 30% of contribution to a maximum of 3% of their salary deferral and these amounts are directly credited to the participant's account. The Company has elected not to contribute to the profit sharing plan during the year ended December 31, 2013 and 2012.

4. Active Participant's Account

Each active participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

5. Participant Notes Receivable

Participants may borrow from their salary deferral account a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear an interest rate of 3.25% for the note receivables outstanding at December 31, 2013 and 2012, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions.

6. Investment Options

Upon enrollment in the salary deferral plan, a participant may direct employee contributions in any of fifteen investment options which are invested in a group annuity contract guaranteed interest fund and a pooled separate account.

Participants may change their investment options daily.

NOTE A - DESCRIPTION OF PLAN - continued

7. Vesting and Payment of Benefits

Participants with 5 or more years of service are 100% vested in their profit sharing and matching accounts and are entitled to receive the vested portion of their individual accounts determined as of the valuation date coincident with or immediately preceding the termination of employment. If any employee resigns or is discharged prior to reaching age 65, the employee is entitled only to the vested portion in their profit sharing and matching accounts as of the time of such termination. Vesting occurs after one years of service at 20%; 20% for each additional year to a total of 100% after 5 years of service. Participants are always 100% vested in their salary deferral account.

8. Death and Disability Benefits

A participant who separates from service as the result of death or disability is entitled to 100% of the value of his individual account as soon as administratively feasible, following the date on which a distribution is requested or is otherwise payable.

9. Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled $0. These accounts will be used to reduce future employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Eckart America 401(K) Plan have been prepared in conformity with generally accepted accounting principles as applied to pension plans. A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. Operating Expenses and Benefit Payments

All expenses of maintaining the Plan are paid by the Company.

Benefits are recorded when paid.

2. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Use of Estimates in Financial Statements

In preparing financial statements in conformity with generally accepted accounting principles, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

4. Date of Management's Review

Subsequent events were evaluated through August 20, 2014, which is the date the financial statements were available to be issued.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the burrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2013 and 2012, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE C - PLAN AMENDMENT AND TAX STATUS

Effective October 1, 2013, the Plan name was changed to Eckart America 401(K) Plan, Obron Atlantic Corp 401(k) Plan for Ohio Union Employees and Eckart America Corp 401(k) Plan for Kentucky Union Employees were merged into the Plan.

The IRS has determined and informed the plan sponsor by a letter dated August 7, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE D - PLAN TERMINATION

While the Plan's administrator has not expressed any intent to terminate the Plan, it is free to do so at any time. In the event of termination of the Plan, the Plan provides that the participants' balances become fully vested and distributable.

NOTE E - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

December 31, 2013	Fair Value	Fair Value Measurement Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
Mutual funds	$12,804,928	$12,804,928	$ -
Investment contract with insurance company	2,752,414	-	2,752,414
Total	15,557,342	12,804,928	2,752,414
December 31, 2012			
Mutual funds	8,326,495	8,326,495	-
Investment contract with insurance company	1,674,824	-	1,674,824
Total	$10,001,319	$8,326,495	$1,674,824

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is measured using an income approach based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

For those assets with fair value measured using Level 3 inputs, the Standard Insurance Company determines the fair value measurement policies and procedures in consultation with the Plan trustee. Those policies and

procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Investment Contract
December 31, 2013	
Beginning balance	$1,674,824
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	-

Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	-
Purchases, sales, issuances, and settlements (net)	155,080
Ending balance	$1,674,824

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 and 2012 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2013, there were no significant transfers into or out of Level 3.

NOTE F - INVESTMENTS

The Plan's investments are held by Standard Insurance Company. The Plan administrator has instructed the independent public accountants not to examine the information certified as complete and accurate by the insurance company. The company certification applies to substantially all the Plan assets and transactions for the dates presented. The following table presents the fair value of those investments. Investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets are separately identified.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note H - Guaranteed Annuity Contract with Insurance Company

The guaranteed annuity contract with an insurance company is valued at contract value. Contract value represents contributions made by participants, plus interest at the contract rate, less withdrawals or transfers by participants. The fair value of the guaranteed annuity contract is approximately $2,752,414 and $1,674,824 and the average crediting rate is 1.84% and 2.21% at December 31, 2013 and 2012, respectively.

NOTE I - RELATED PARTY

The custodian of the investment assets, Standard Insurance Company, is also the Plan's insurance carrier and the sponsor of the pooled separate account. This party-in-interest transaction is exempt from the prohibited transaction rules of ERISA.
