Independent Auditor's Report

To the Participants and the Plan Administrator
Viasystems Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Viasystems Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

VIASYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2013

(See Independent Auditor's Report)

Note A – Description of Plan

The following description of the Viasystems Retirement Savings Plan (the “Plan”) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Viasystems Group, Inc. (the “Company”) who meet eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Bank of America, N.A. (“BOA”) serves as the Plan’s recordkeeper and trustee.

The Plan was amended effective January 13, 2011 to merge the assets of the Merix Corporation 401(k) Profit Sharing Plan into the Viasystems Retirement Savings Plan. Previously, participants in the Merix Corporation 401(k) Profit Sharing Plan could contribute to the Viasystems Common Stock Fund. Effective January 13, 2011, new contributions and reallocations of participant’s investments into the Viasystems Common Stock Fund were no longer permitted.

The Plan was amended effective December 31, 2013 to merge the assets of the DDi Global Corp. 401(k) Plan into the Viasystems Retirement Savings Plan.

Eligibility

All full and part-time employees who are residents of the United States are eligible to participate in the Plan once they have attained age 18 and completed one hour of service. Employees may enter the Plan on the date coinciding with or next following the date eligibility requirements have been satisfied.

Contributions

Each year, participants may contribute up to 50% of annual compensation, as defined in the Plan, not to exceed certain dollar limits established by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

VIASYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

December 31, 2013

(See Independent Auditor's Report)

Note A – Description of Plan (Continued)

Contributions (Continued)

The Company provides matching contributions of 50% of a participant's contribution on their first 6% of compensation that a participant contributes to the Plan. Additionally, the Company may make discretionary matching and profit sharing contributions at the option of the Company's board of directors.

All new employees shall be deemed to have elected to make a salary deferral of 3% of compensation, generally effective 30 days after the date of hire, unless the employee files an election to contribute a different amount than the 3% automatic deferral percentage before this date. Additionally, effective July 1, 2013, the Plan was amended to add an automatic increase feature for pre-tax contributions only. Each July, participants will receive an automatic 1% increase to their current deferral, unless the participant selects otherwise, up to a maximum of 10%.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings, and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest 25% after one year of eligible service and an additional 25% for each of the next three years of service.

Forfeited Accounts

Benefits forfeited by participants are used to defray any expenses associated with the Plan or to reduce future Company contributions to the Plan. Forfeitures utilized during the years ended December 31, 2013 and 2012 amounted to \$57,455 and \$55,519, respectively. At December 31, 2013 and 2012, forfeited non-vested accounts totaled \$84,653 and \$27,413, respectively.

Note A – Description of Plan (Continued)

Payments of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, or annual installments.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates based upon prevailing market rates for loans of similar purpose and duration as determined by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions.

Administrative Expenses

The Plan's administrative expenses such as trustee, custodial, audit, and legal fees are paid from the assets of the Plan to the extent not paid by the Plan Sponsor. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

(See Independent Auditor's Report)

Note B – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator and management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 3, 2014, the date the financial statements were available to be issued.

Note C – Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certification from BOA that all the information provided by BOA included in the accompanying financial statements and supplemental schedule is complete and accurate. Information as to the investments in the accounts of BOA, investment income, and all information appearing in the accompanying statements and supplemental schedule are presented in reliance solely upon these certifications.

The following investments represent 5% or more of the Plan's net assets at December 31:

Note D – Fair Value Measurements

Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification* (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology included:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the net asset value (“NAV”) of shares as reported on nationally recognized stock exchange.

Viasystems common stock: Valued at the closing price reported on the active market on which the securities are traded, the New York Stock Exchange, on the last business day of the Plan year.

Note D – Fair Value Measurements (Continued)

Interest bearing cash: Valued at cost which approximates fair value.

Collective trusts: Valued at NAV at year-end, based on the fair value of the underlying investments (See Note E).

The preceding methods used to arrive at a fair value calculation may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013:

(b) This trust invests primarily in a portfolio of equity securities (stocks) designed to substantially equal or match the performance of the Standard & Poor's 500 composite Stock Price Index.

Note E – Investment in Stable Value Fund

The Putnam Stable Value Fund (the "Fund"), a collective trust fund, invests in guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. The Fund primarily holds investments in fully benefit-responsive investment contracts that provide that the Plan may make withdrawals at contract value for benefit-responsive requirements.

The interest crediting rate is the periodic interest rate accrued to participants and is either set at the beginning of the contract and held constant, or reset periodically to reflect the performance of the underlying securities. Variables impacting future credited rates include current yield and duration of the assets backing the contracts, existing differences between the market values of assets backing the contracts and the contract values of the contracts.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Fund at contract value. Certain events, such as termination of the Plan or a material adverse change in the provisions of the Plan, may limit the ability of the Plan to transact at contract value with the issuer. The Plan Administrator does not believe the occurrence of any such event is probable. The average yield and crediting interest rates were 1.94% and 2.36% for the years ended December 31, 2013 and 2012, respectively.

VIASYSTEMS RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

(See Independent Auditor's Report)

Note F – Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I – Related Party Transactions

Certain Plan investments are shares of mutual funds and a collective trust managed by BOA. BOA is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for services amounted to \$27,568 and \$33,735 for the years ended December 31, 2013 and 2012, respectively.

Note I – Related Party Transactions (Continued)

The Company is the Plan sponsor and therefore, Viasystems Group, Inc. common stock (“Stock”) transactions qualify as party-in-interest transactions. Plan Investments at December 31, 2012 included 37,295 units of stock at a fair value of \$455,044. As of December 31, 2013, investments include 33,816 units of the stock with a fair value of \$462,601.

Note J – Subsequent Event

On September 22, 2014, the Plan Sponsor announced the sale of the Company to TTM Technologies, Inc. subject to various closing conditions.
