SEVENTH GENERATION, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

A) DESCRIPTION OF PLAN

The following brief description of Seventh Generation, Inc. Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

1. General

The Plan is a defined contribution 401(k) and Profit Sharing plan formed on January 1, 2002, amended and restated effective January 1, 2013, covering substantially all employees of Seventh Generation, Inc. (the Company), who are in the full time employment of the Company. Employees are eligible to participate as of their date of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Participants may contribute up to 100% of their compensation, as defined by the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary match and other discretionary contributions, as defined by the Plan. Contributions are subject to certain limitations under the Internal Revenue Code (IRC).

During 2013, the Company's contributions included a discretionary tiered match, an additional year-end discretionary match, and a discretionary non-elective profit-sharing contribution. The Company's discretionary tiered match consisted of matching contributions of 50% of each 1% above 3% of employees' compensation, up to a maximum matching contribution of 2% of employees' compensation. The Company's additional year-end discretionary matching contribution consisted of 1% of employee compensation for all employees who deferred a cumulative amount for the Plan Year in excess of the lesser of 10% of their compensation for the year or the IRS maximum permitted deferral. During 2013, the Company made discretionary non-elective profit-sharing contributions of 2% of employees' compensation in 2013. The Company made no other discretionary contributions in 2013.

During 2012, the Company made no discretionary matching contributions but did make discretionary non-elective profit-sharing contributions of 4% of compensation to all eligible employees.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

A) DESCRIPTION OF PLAN (continued)

3. Participant accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of the Company's other discretionary contributions and Plan earnings and are charged with an allocation of administrative expenses. Allocations of the Company's other discretionary contributions are based on a participant's eligible compensation as defined by the Plan. Allocations of Plan earnings and administrative expenses are based on a participant's account balance relative to the total account balances of all participants in the same investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

4. Vesting

Participants hired on or before December 31, 2012 are immediately vested in all contributions to their accounts plus actual earnings thereon.

Participants hired on or after January 1, 2013 are immediately vested in their elective contributions and in their employer non-elective profit-sharing contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service.

A participant is 50% vested after 1 year of service, and 100% vested after two years of service. Participants automatically become fully vested upon death or disability while under employment of the Company.

5. Payment of benefits

Benefits are distributed under the Plan based on normal retirement date (age 65), disability, death or termination of employment of the participant. Effective, January 1, 2013, in-service distributions are permitted for participants over the age of 59 ½, and hardship distributions are permitted for all participants from their elective deferral account balances. A participant may elect to receive a lump sum distribution equal to the vested value of his or her account or a partial lump-sum distribution equal to a portion of the vested value of his or her account.

6. Forfeitures

Under the Plan, forfeitures of participants' nonvested accounts are used to pay plan expenses and then to reduce employer contributions, as defined. Amounts forfeited were \$1,341 and \$0 in 2013 and 2012, respectively. Forfeitures used to reduce employer contributions were \$833 and \$0 in 2013 and 2012, respectively. Forfeitures available to pay plan expenses or reduce future employer contributions are \$507 at December 31, 2013.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

A) DESCRIPTION OF PLAN (continued)

7. Notes receivable from participants

Participants may borrow from a minimum of \$1,000, up to 50% of their vested account balance, provided the loan does not exceed \$50,000. Participants are permitted one outstanding loan. Loans are secured by the balance in the participant's account and bear interest at a reasonable rate, as defined by the Plan. Principal and interest is paid ratably through semi-monthly payroll deductions.

B) SUMMARY OF ACCOUNTING POLICIES

1. Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2. Cash and cash equivalents

The Plan considers all highly liquid instruments purchased with a maturity of three months or less to be cash equivalents.

3. Administrative expenses

Certain administrative expenses of the Plan are paid by the Plan sponsor, Seventh Generation, Inc. Certain administrative and investment fees and expenses are paid by the Plan.

4. Payment of benefits

Benefits are recorded when paid.

5. Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SEVENTH GENERATION, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

B) SUMMARY OF ACCOUNTING POLICIES (continued)

6. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

7. Use of estimates

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

9. Other payables

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as other payables with a corresponding reduction to participant contributions. The Plan distributed the excess participant contributions to the applicable participants prior to the report date in 2014.

Amounts payable to the Plan Sponsor for excess employer contributions in 2013 are recorded as other payables with a corresponding reduction to employer contributions. These excess contributions were used to reduce employer contributions in 2014 prior to the report date.

10. Subsequent events

The Plan has evaluated subsequent events through September 29, 2014, the date the financial statements were available to be issued.

SEVENTH GENERATION, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

C) INFORMATION CERTIFIED OR PROVIDED BY THE CUSTODIANS

The following is a summary of the Plan's information as of December 31, 2013 and 2012, and for the years then ended, included throughout the Plan's financial statements and supplemental schedules that were prepared by or derived from information provided by Massachusetts Mutual Life Insurance Company, the current custodian, and John Hancock Life Insurance Company, the former custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following information is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following:

	December 31,	
	<u>2013</u>	<u>2012</u>
Investments, at fair value:		
Common collective trusts	<u>\$ 274,886</u>	
Mutual funds	<u>\$ 9,293,100</u>	
Notes receivable from participants	<u>\$ 86,227</u>	
Interest and dividends	<u>\$ 267,045</u>	<u>\$ 474</u>
Interest income on notes receivable from participants	<u>\$ 2,002</u>	<u>\$ 1,185</u>
Net appreciation in fair value of investments	<u>\$ 1,232,445</u>	<u>\$ 881,544</u>

Effective January 1, 2013, the Plan changed custodians, from John Hancock Life Insurance Company to Massachusetts Mutual Life Insurance Company. Due to this change, substantially all Plan assets were in cash at December 31, 2012 to allow for the funds to be transferred.

SEVENTH GENERATION, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

D) INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31,	
	2013	2012
American Funds Balanced Fund	<u>\$ 4,124,824</u>	<u>*</u>

* Did not meet 5% criteria at respective financial statement date.

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,232,445 and \$881,544, respectively.

E) FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. To determine fair value, a three-level hierarchy is used. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has access to.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

SEVENTH GENERATION, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 AND 2012

E) FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Stable value fund*: The fair values of participation units in the stable value collective trusts are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (level 2 inputs).

The Capital Preservation Account is a market value separate account wrapped by a general account guaranteed to offer stability of principal, pay a stated rate of return and provide book value transfers and distributions. The account invests in a diversified portfolio of fixed income securities managed by Babson Capital Management, LLC. The account provides for daily redemptions by the Plan participants at reported net asset value per share, with a 12-month notification requirement for full or partial termination.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan evaluates the significant of transfers between levels based upon the nature of the investment size of the transfer relative to total net assets available for plan benefits.

NOTES TO FINANCIAL STATEMENTS

F) TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management has evaluated the Plan's tax positions and has concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examination by the U.S. federal, state or local tax authorities for years before 2010.

G) PLAN TERMINATION

Although it has not expressed any intent to date, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their accounts.

H) RELATED-PARTY TRANSACTIONS

Mass Mutual Financial Group, a related party to the current custodian of the Plan, manages certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such in the supplemental Schedule of Assets (Held at End of Year). Fees charged to the Plan amounted to \$31,304 for the year ended December 31, 2013.
