Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013 that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2013 financial statements. Accordingly, we do not express an opinion on the 2013 financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter - 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by State Street Bank and Trust Company, the trustee of the Plan. Their report, dated July 29, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PORTSMOUTH D&D 401K SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Portsmouth D&D 401k Savings Plan (the Plan) is provided for general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan has two components, a 401(k) component and a profit-sharing component. Both components are part of a defined contribution plan covering substantially all employees of Fluor-B&W Portsmouth LLC (Company) who are age 21 or older. Employees are eligible for the 401(k) component immediately after starting with the Company. Employees are eligible for the nonelective contribution component immediately after starting with the Company if they were not grandfathered into the pension plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Funds were obtained from contributions to the Plan and earnings on invested funds. The Benefits Committee is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Benefits Committee.

Contributions - Each year, participants may contribute up to 60% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employer matching contributions are equal to a discretionary percentage of each participant's contribution, as determined by the Company's Benefits Committee. For the years ended December 31, 2013 and 2012, employer matching contributions were 100% of participant contributions up to 3% of participant's total compensation, and beyond 3% contributions, the employer matching contributions were 50% of participant contributions up to 5% of participant's total compensation. Contributions are subject to certain limitations.

The Plan contributes an additional 5.8% contribution based only on pay related to hours worked to all eligible employees, whether or not they elect to contribute. This nonelective contribution is allowed only for employees who were not grandfathered into the pension plan and occurs in addition to any employer match received by a contributing employee.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings. During the years ended December 31, 2013 and 2012, respectively, forfeitures of \$1,426 and \$4,346 were used to reduce employer contributions. At December 31, 2013 and 2012, the balance in the forfeitures account was \$71,630 and \$22,296, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and actual earnings thereon and in employer 401(k) matching contributions. Beginning in their second year of service, participants are 100% vested in the employer nonelective profit-sharing contributions.

Payment of Benefits - On termination of service, death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance, excluding employer profit-sharing contributions. The notes are collateralized by the balance in the participant's account and bear interest at the prime lending rate plus 1% on the note origination date. Principal and interest are paid ratably through weekly payroll deductions.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Payment of Expenses - Since the inception of the Plan, the Company has elected to pay the administrative expenses of the Plan and the fees and retainers of the Plan's trustee, accountants, legal counsel, consultants, administrator and other specialists, except expenses relating directly to the investments of the Plan, which are paid directly by the Plan. Should the Company elect not to pay all or part of any expenses, the trustee would be required to pay these expenses from the net assets of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies applied by management in preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 8 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates - The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in the net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for various investment options in any combination of mutual funds, which include investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants - These notes are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events - Management has evaluated subsequent events through September 18, 2014, which is the date that the financial statements were available to be issued. The Plan was amended and restated as of January 1, 2014. The amendment was a formalization of the policy that interns will be excluded from eligibility in the Plan.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 4 - TAX STATUS

The Plan has been designed under the provisions of an ADP Inc. profit sharing and 401(k) prototype plan. The Internal Revenue Service (IRS) has determined and informed ADP Inc., by a letter dated March 31, 2008, that the prototype plan utilized by the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is operating in reliance on the prototype plan determination letter, and the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE 5 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - INVESTMENTS (Continued)

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$3,133,935 as follows:

	<u>Amount</u>
Mutual funds	\$ 3,133,899
Money market funds	<u>36</u>
	<u>\$ 3,133,935</u>

NOTE 6 - CERTIFICATION (UNAUDITED)

The Plan administrator has received certification from State Street Bank and Trust Company, the trustee of the Plan's assets, as to the completeness and accuracy of the investments. Such information includes the composition and current value of the investments reported in the statement of net assets available for benefits and the related investment income reported in the statement of changes in net assets available for benefits.

NOTE 7 - TRANSACTION WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by the Plan's investment advisor, as is customary in retirement plans and, therefore, these transactions qualify as party-in-interest. In addition, participant loans are considered party-in-interest transactions, since these participants have a vested interest in Plan assets.

NOTE 8 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

PORTSMOUTH D&D 401K SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013

NOTE 8 - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds: SSGA Cash Series U.S. Government Fund investments include short-term instruments maturing within 60 days of the time of purchase. The short-term instruments are valued at "amortized cost" unless amortized cost does not represent fair value. Investments in privately held investments funds are valued based upon NAV of such investment. These investments are categorized as Level 2 on the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013

We were engaged to audit the accompanying financial statements of the Portsmouth D&D 401k Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013 that the information provided to the Plan administrator by the trustee is complete and accurate.

Their report, dated July 29, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

General - The Plan has two components, a 401(k) component and a profit-sharing component. Employees are eligible for the 401(k) component immediately after starting with the Company. Employees are eligible for the nonelective contribution component immediately after starting with the Company if they were not grandfathered into the pension plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Funds were obtained from contributions to the Plan and earnings on invested funds. The Benefits Committee is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Benefits Committee.

Contributions - Each year, participants may contribute up to 60% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employer matching contributions are equal to a discretionary percentage of each participant's contribution, as determined by the Company's Benefits Committee. For the years ended December 31, 2013 and 2012, employer matching contributions were 100% of participant contributions up to 3% of participant's total compensation, and beyond 3% contributions, the employer matching contributions were 50% of participant contributions up to 5% of participant's total compensation. Contributions are subject to certain limitations.

The Plan contributes an additional 5.8% contribution based only on pay related to hours worked to all eligible employees, whether or not they elect to contribute. This nonelective contribution is allowed only for employees who were not grandfathered into the pension plan and occurs in addition to any employer match received by a contributing employee.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings. During the years ended December 31, 2013 and 2012, respectively, forfeitures of \$1,426 and \$4,346 were used to reduce employer contributions. At December 31, 2013 and 2012, the balance in the forfeitures account was \$71,630 and \$22,296, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and actual earnings thereon and in employer 401(k) matching contributions. Beginning in their second year of service, participants are 100% vested in the employer nonelective profit-sharing contributions.

Payment of Benefits - On termination of service, death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance, excluding employer profit-sharing contributions. The notes are collateralized by the balance in the participant's account and bear interest at the prime lending rate plus 1% on the note origination date. Principal and interest are paid ratably through weekly payroll deductions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Payment of Expenses - Since the inception of the Plan, the Company has elected to pay the administrative expenses of the Plan and the fees and retainers of the Plan's trustee, accountants, legal counsel, consultants, administrator and other specialists, except expenses relating directly to the investments of the Plan, which are paid directly by the Plan. Should the Company elect not to pay all or part of any expenses, the trustee would be required to pay these expenses from the net assets of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies applied by management in preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 8 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates - The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in the net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for various investment options in any combination of mutual funds, which include investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants - These notes are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events - Management has evaluated subsequent events through September 18, 2014, which is the date that the financial statements were available to be issued. The Plan was amended and restated as of January 1, 2014. The amendment was a formalization of the policy that interns will be excluded from eligibility in the Plan.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 4 - TAX STATUS

The Plan has been designed under the provisions of an ADP Inc. profit sharing and 401(k) prototype plan. The Internal Revenue Service (IRS) has determined and informed ADP Inc., by a letter dated March 31, 2008, that the prototype plan utilized by the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is operating in reliance on the prototype plan determination letter, and the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE 5 - INVESTMENTS (Continued)

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$3,133,935 as follows:

	<u>Amount</u>
Mutual funds	\$ 3,133,899
Money market funds	<u>36</u>
	<u>\$ 3,133,935</u>

NOTE 6 - CERTIFICATION (UNAUDITED)

The Plan administrator has received certification from State Street Bank and Trust Company, the trustee of the Plan's assets, as to the completeness and accuracy of the investments. Such information includes the composition and current value of the investments reported in the statement of net assets available for benefits and the related investment income reported in the statement of changes in net assets available for benefits.

NOTE 7 - TRANSACTION WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by the Plan's investment advisor, as is customary in retirement plans and, therefore, these transactions qualify as party-in-interest. In addition, participant loans are considered party-in-interest transactions, since these participants have a vested interest in Plan assets.

NOTE 8 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

PORTSMOUTH D&D 401K SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 8 - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds: SSGA Cash Series U.S. Government Fund investments include short-term instruments maturing within 60 days of the time of purchase. The short-term instruments are valued at "amortized cost" unless amortized cost does not represent fair value. Investments in privately held investments funds are valued based upon NAV of such investment. These investments are categorized as Level 2 on the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	<u>Assets at Fair Value as of December 31, 2013</u>
