Sound Physicians 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

1. Plan Description

The following description of Sound Physicians 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established July 1, 2005 and is a defined contribution plan covering eligible employees of Sound Inpatient Physicians, Inc. dba Sound Physicians and adopting affiliates (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA"). The Plan's Trustee is responsible for oversight of the Plan. The Plan's 401(k) investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Trustee.

Contributions

Each year, participants may contribute up to 100 percent of their annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other qualified plans. Under the terms of the plan document, the employer may make matching contributions to eligible participants. For the year ended December 31, 2013, the employer elected to remit a matching contribution to eligible participants in an amount equal to 100 percent of their contributions up to 2.50 percent of their eligible annual plan year compensation not to exceed an annual dollar amount of \$5,000 per participant. Employees hired on, or subsequent to, January 1, 2012 are eligible to participate in the Plan with respect to employer matching contributions upon completion of 18 months of service, as defined. Effective January 1, 2013, only participants who have completed 1,000 hours during the plan year and are employed on the last day of the plan year shall be eligible to share in the matching contribution for the year. Participants direct the investment of all contributions credited to their accounts into any of the various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and earnings thereon. Employer contributions made subsequent to January 1, 2009 vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0-2	0%
3	100%

Employer contributions made prior to December 31, 2008 to Sound Inpatient Physicians 401(k) Profit Sharing Plan, American Physicians, Inc. 401(k) Plan, and Inpatient Services, P.C. 401(k) Plan vest according to a three or six year graded vesting schedule.

Sound Physicians 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000. Loans may not exceed 50 percent of the participant's vested account balance. The loans are collateralized by the vested balance in the participant's account and bear interest at rates determined by the plan administrator at the date of issuance of each loan. Principal and interest is paid ratably through payroll deductions. Loan terms may not exceed five years except for the purchase of a primary residence.

Payment of Benefits

As defined by the plan document, upon termination of service due to death, disability, other severance of employment, or retirement, a participant may elect to receive a lump-sum distribution or begin receiving a series of distributions up to the total of the participant's vested account balance. Under qualified conditions of financial need, a participant may apply for a hardship withdrawal of their contributions subject to certain limitations.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$497,260 and \$38,760, respectively. These accounts may be used to pay administrative expenses or to offset future employer contributions. Employer contributions for the year ended December 31, 2013 were reduced by \$497,260 from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced to zero and a corresponding benefit payment is recorded.

Sound Physicians 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Expenses related to certain participant distribution and loan processing fees and expenses for certain electronic transactions are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Management has evaluated subsequent events through October 6, 2014, the date the financial statements were available to be issued.

3. Certified Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2013 and 2012, and net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Trust Company.

4. Investments

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Common/collective trusts	\$ 25,608
Registered investment companies	<u>5,662,248</u>
	<u>\$ 5,687,856</u>

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1. Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Level 2 inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012. Fair values are provided by the Plan's investment custodian for all of the Plan's assets as follows:

Sound Physicians 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

- Common/collective trust investments are valued at the net asset value ("NAV") of units of a collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions, including purchases and sales, are valued on a daily basis. Certain participant initiated withdrawals may be executed subject to a 30 day redemption notice period. Were the Plan to initiate a full redemption of the Morley Stable Value Fund, under the terms of the collective trust agreement the investment issuer reserves the right to temporarily delay withdrawal from the fund for up to one year. For the year ended December 31, 2013, the average yield and crediting rate earned by the fund were approximately 1.26 percent and 1.17 percent, respectively.
- Registered investment companies, including money market accounts and other mutual funds, are valued at the daily closing price as reported by the fund. Registered investment company investments held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total

6. Related Party and Party-In-Interest Transactions

Certain of the Plan's investments are shares of mutual funds managed by Charles Schwab Trust Company. Charles Schwab Trust Company is the Plan's investment custodian; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for certain investment management services are included in net appreciation in the fair value of investments, as they are paid through revenue sharing rather than a direct payment. During the year ended December 31, 2013, the Plan made direct payments totaling \$60,285 for a portion of the Plan's administrative expenses, including investment advisory and management fees, which were not offset by revenue sharing. The plan sponsor pays directly certain other fees related to the Plan's operations.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in the employer contributions portion of their respective accounts.

8. Tax Status

The Plan has adopted a volume submitter agreement as the plan document which the Internal Revenue Service has determined, by a letter dated March 31, 2008, is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed, and currently being operated, in compliance with applicable sections of the IRC and, therefore, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an

Sound Physicians 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the amounts presented in the Plan's Form 5500 at December 31, 2013 and 2012:

	2013	2012
Net assets available for benefits per the financial statements	\$50,116,512	\$38,377,287
Less: Amounts allocated to withdrawing participants	<u>(148,906)</u>	<u>-</u>
Net assets available for benefits per the Form 5500	<u>\$49,967,606</u>	<u>\$38,377,287</u>

The following is a reconciliation of benefits paid to participants per the financial statements to the amounts presented in the Plan's Form 5500 for the year ended December 31, 2013:

Benefits paid to participants per the financial statements	\$ 5,555,900
Plus: Amounts allocated to withdrawing participants at December 31, 2013	<u>148,906</u>
Benefits paid to participants per Form 5500	<u>\$ 5,704,806</u>

Included in net assets available for benefits in the Plan's financial statements are amounts allocated to individuals who have completed an election to withdraw from the Plan but whose distributions have not yet been disbursed. Plan assets allocated to the accounts of withdrawing participants totaled \$148,906 as of December 31, 2013. The Plan's Form 5500 presents these amounts as benefit claims payable in the period in which the withdrawal elections have been received and approved for payment.
