INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
of the Lozano Smith 401(k) Profit Sharing Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Lozano Smith 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Verisight Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013 that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule

The supplemental schedule, as listed in the accompanying contents, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Verisight Trust Company, the trustee of the Plan. Their report, dated October 2, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations 2013

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LOZANO SMITH 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of the Lozano Smith 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General:

The Plan is a defined contribution plan covering all eligible employees of Lozano Smith (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustees are responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors performance and reports to the Plan's Trustees.

b. Eligibility:

An employee of the Employer normally becomes eligible to participate in the Plan after completing one year of service, including a minimum of 1,000 hours of service for the Plan year, and after attaining age twenty-one. Each eligible employee becomes a participant in the Plan on the first day of the month following completion of all eligibility requirements.

c. Contributions:

Both Plan participants and the Employer make contributions to the Plan as follows:

Each year participants may make elective contributions to the Plan on a pre-tax basis up to the maximum allowable under Internal Revenue Service (IRS) limits, as defined in the Plan.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, classified as rollover contributions.

The Employer contributes a matching contribution in an amount equal to 50 percent of the first 3 percent of eligible compensation deferred by the participant. The Employer may also contribute an amount designated as a discretionary contribution. A discretionary employer contribution of $200,000 was made to the Plan for the years ended December 31, 2013 and 2012, respectively.

Participants direct the investment of all contributions into various investment options offered by the plan.

1. DESCRIPTION OF PLAN, continued:

d. Participant accounts:

Each participant's account is credited with the participant's contributions, the Employer's contributions, an allocation of Plan earnings, and charged with administrative expenses directly attributable to the participant. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

e. Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion plus earnings is based on years of continuous service. A participant is fully vested after six years of credited service and is determined in accordance with the following schedule:

Plan Participation	Vesting %
Less than 1 year	0%
1 year	10%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

f. Notes receivable from participants:

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their non-forfeitable account balance. Participants may have only one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 7.94% and 5.25% to 9.31% at December 31, 2013 and 2012, respectively. Loan terms are not to exceed 5 years, except that a loan used to acquire a principal residence may be repaid over a reasonable time commensurate with the repayment period similar to commercial loans. Interest will be fixed, at a commercially reasonable rate. Principal and interest is paid ratably through payroll deductions.

1. DESCRIPTION OF PLAN, continued:

g. Payment of benefits:

On termination of service due to death, disability, retirement, or termination of service for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

h. Forfeited accounts:

Forfeited non-vested accounts may be used to reduce future Employer matching contributions and Plan expenses, with the remaining balance then allocated among the remaining participants. At December 31, 2013 and 2012 forfeited non-vested accounts totaled $19,768 and $18,874, respectively. Forfeitures used to reduce Company matching contributions during the year ended December 31, 2013 and 2012 were $21,408, and $0, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

a. Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

b. Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

c. Investment valuation and income recognition, continued:

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

e. Payment of benefits:

Benefits are recorded when paid.

f. Administrative expenses:

Significant administrative expenses are being paid for, on behalf of the Plan, by the Employer. Expenses relating to specific participant transactions (e.g. loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

g. Reclassifications:

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presenation in the current-year financial statements.

h. Subsequent events:

The Plan has evaluated subsequent events through October 6, 2014, the date which the financials were available to be issued.

3. INVESTMENTS:

For the years ended December 31, 2013 and 2012, the financial information included in the Plan financial statements has been obtained or derived from information certified as complete and accurate by Verisight Trust Company.

The Plan provides that contributions to the Plan will be invested in certain individual programs offered by Verisight Trust Company and as directed by each participant. Participants may change their investment options as desired at any time.

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31:

	2013	2012
American Century Government Bond Investor Shares	$1,681,275	$1,668,205
DFA Global Allocation 60/40 I	1,773,298	1,450,056
DFA Global Equity I	942,361	705,315
Managed Pooled Account	4,248,963	3,465,869
Vanguard 500 Index Signal	1,374,229	954,836
DFA One - Year Fixed-Income I	737,223*	728,347

* Does not represent 5 percent of net assets.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under current accounting standards are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. FAIR VALUE MEASUREMENTS, continued:

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the net asset value (NAV) of shares held by the plan at year end.

4. FAIR VALUE MEASUREMENTS, continued:

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Value as of December 31, 2013

5. TAX STATUS:

The Internal Revenue Service has issued an opinion and informed the Employer, by letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. They believe that the Plan was qualified and the related trust is tax exempt and, therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

6. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such employer or employee association, or relatives of such person.

Certain Plan investments are shares in mutual funds and a money market account managed by a party-in-interest, TD Ameritrade, the Plan's custodian. At December 31, 2013 and 2012, the Plan had investments in related funds of $4,454,408 and $3,644,363, respectively. Verisight Trust Company provides recordkeeping and investment services to the Plan. Plan contributions are managed by Verisight Trust Company. Verisight Trust Company also invests cash received, interest, and dividend income and makes distributions to participants. The fees paid by the Plan for these services amount to $7,647 and $9,750 for the years ended December 31, 2013 and 2012, respectively.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
