LEONARD'S 401(K) BENEFIT PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Leonard's 401(K) Benefit Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of Rekcut Photographic, Inc. (the Company) who have one year of service, a minimum of 1,000 hours, and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Participant contributions are limited to dollar amounts specified by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options for participants. The Plan currently offers twenty-four mutual funds as investment options for participants. The Company discontinued making a safe-harbor non-elective contribution of 3% of compensation and made no contribution for the year ended December 31, 2013.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Effective January 1, 2004, employer contributions made under the safe-harbor non-elective contributions of 3% of compensation are also immediately vested plus actual earnings thereon. Prior to January 1, 2004, employer non-elective matching contributions and actual earnings thereon are subject to a vesting schedule as follows:

Years of service	Vesting percentage
< 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participant Loans – Participants may borrow from their fund accounts. The minimum loan is $1,000 with a maximum of one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator.

Forfeited Accounts – Forfeited non-vested accounts may be used to pay administrative expenses or reduce future employer contributions. During the year ended December 31, 2013, $3 was used to pay administrative expenses. At December 31, 2013, forfeited non-vested accounts totaled $41.

LEONARD'S 401(K) BENEFIT PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan – Continued

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals if certain conditions are met. Hardship distributions are permitted from all vested accounts that meet certain specified criteria. If account balances are below $5,000, distribution may be only a single lump sum. Benefits are recorded when paid.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the plan are prepared on the accrual basis.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Notes Receivable from Participants – Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest, and net of an allowance for doubtful accounts, if any. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Administrative Expenses – The Company pays for certain administrative expenses on behalf of the Plan, which were $8,801 for the year ended December 31, 2013.

3. Participant Loans

At December 31, 2013 and 2012, the Plan had $101,015 and $130,100 in loans outstanding respectively, under the terms specified by the Plan. The loans earn interest at rates between 4.25% and 5%. Interest paid on the participant loans was $4,701 and $6,195 for the years ended December 31, 2013 and 2012 respectively. As of December 31, 2013, the loans are considered current and collectible. Loan balances are collateralized by the borrowers' account balances in the Plan. Payments on these loans are made by the participants each bi-weekly payroll period through payroll deductions.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their employer and employee contributions and all earnings.

5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)

Professional standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of collective trusts is generally obtained directly from the fund house or other investment provider. If available, an attempt is made to receive share prices from more than one source, and a systematic comparison is performed and any difference in quoted share prices for the same fund is resolved by contacting the investment provider directly to ensure the correct share price is recorded.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 are reported in net appreciation in fair value of investments.

Certification by Custodian – The December 31, 2013 and 2012 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013, and the accompanying notes to the financial statements were prepared in part or entirely from information certified as complete and accurate by the custodian (SunTrust Bank) in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $4,262,667 and $3,713,503 at December 31, 2013 and 2012 and related net investment income and contributions of $896,519 for the year ended December 31, 2013. (See Note 10.)

7. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 26, 1992 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan Administrator believes the Plan is no longer subject to income tax examination for years prior to 2011.

The Plan is required to determine whether it is more likely than not that a tax position will be sustained upon examination based on the technical merits of the position. A tax position that meets the more likely than not recognition threshold is measured to determine the amount of expense and benefit to recognize in the financial statements. The Plan has concluded that there are no significant uncertain tax positions requiring recognition in the financial statements.

8. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by SunTrust Bank. SunTrust Bank is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The value of these mutual funds was $903,551 and $767,582 at December 31, 2013 and 2012 respectively.

9. Risks and Uncertainties

The Plan provides for various investment options, which, in turn, invest in various investment securities. Investment securities are exposed to interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Summary of Information Certified by the Plan Custodian

The custodian of the Plan holds the Plan's investment assets and executes investment transactions. Financial information relating to those assets is included in the accompanying financial statements and supplemental schedules, and such information has been derived from reports prepared and certified by the custodians.
