Jewish Hospital & St. Mary's HealthCare 403(b) Plan

Notes to Financial Statements

December 31, 2013 and 2012

Note 1: Description of the Plan

The following description of the Jewish Hospital & St. Mary's HealthCare 403(b) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan is a defined contribution plan sponsored by Jewish Hospital & St. Mary's Hospital (Company) for the benefit of substantially all of its employees. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (Fidelity) served as Plan custodian for the period from January 1, 2013, through December 31, 2013. State Street Bank and Trust Company (State Street) and Transamerica Financial Life Insurance Company (TFLIC) served as Plan custodians for the period from January 1, 2012, through December 31, 2012.

As permitted by Department of Labor Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the Company elected to exclude certain custodial accounts issued to current and former employees prior to January 1, 2009, from net assets available for benefits as of December 31, 2013 and 2012. Investment income and distribution activity pertaining to these contracts were also excluded from the statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012. The impact to the Plan pertaining to the exclusion of such accounts is not determinable.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 100 percent of eligible compensation. Employee rollover, catch-up contributions and special Section 403(b) catch-up contributions are also permitted. For the years ended December 31, 2013 and 2012, the Company made matching contributions of 100 percent of employees' salary deferral amounts on the first 3 percent of employees' compensation. In addition, the Company makes a nonelective contribution of 3 percent of each eligible participant's compensation. An additional nonelective contribution percentage ranging from 2 percent to 4 percent is paid to participants who meet certain criteria. Contributions are subject to certain limitations. Forfeitures are used to reduce Company contributions.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his or her contributions into any of the separate investment accounts and may change the allocation daily.

Jewish Hospital & St. Mary's HealthCare 403(b) Plan

Notes to Financial Statements

December 31, 2013 and 2012

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer 3 percent of eligible compensation unless the participant has made an affirmative election otherwise. Effective December 16, 2013, the automatic deferral feature of the Plan was suspended.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after three years of continuous service. The nonvested balance is forfeited upon termination of service.

Payment of Benefits

Upon termination of service, an employee may elect to receive a lump-sum amount equal to the value of his or her account.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$969,592 and \$570,584, respectively. These accounts will be used to reduce future employer contributions. Also, 2013 and 2012 employer contributions were reduced by \$1,458,377 and \$465,715, respectively, from forfeited nonvested accounts.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Jewish Hospital & St. Mary's HealthCare 403(b) Plan

Notes to Financial Statements

December 31, 2013 and 2012

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invested in investment contracts during 2012 directly and through a pooled separate account. These investments were liquidated at the end of 2012 in conjunction with the transition to Fidelity as custodian effective January 1, 2013. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Money market funds are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Plan Tax Status

The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan was qualified as of the financial statement date. With a few exceptions, the Plan is no longer subject to U.S. federal, state, local or non-U.S. income tax examinations by tax authorities for years before 2010.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

	2013	2012
Mutual funds	<u>\$ 22,372,928</u>	<u>\$ 10,873,996</u>

Interest and dividends realized on the Plan's investments for the years ended 2013 and 2012 were \$4,831,419 and \$3,859,861, respectively.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

Jewish Hospital & St. Mary's HealthCare 403(b) Plan

Notes to Financial Statements

December 31, 2013 and 2012

The Plan invested in certain funds of entities affiliated with the Plan custodians. The Plan paid \$131,555 and \$19,063 of recordkeeping and administrative fees to the custodians during 2013 and 2012, respectively. The Plan paid \$16,890 and \$0 of auditing fees to the Plan auditor during 2013 and 2012, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Plan Amendments

Effective January 1, 2012, the Plan was amended in order to address the participation of employees who are jointly employed by more than one entity in the Company's controlled group and certain other related matters.

Effective January 1, 2013, the Plan was amended and restated and a new recordkeeper and custodian of the Plan was appointed. Plan assets of the previous custodian were liquidated into cash as of December 31, 2012, in preparation for the transition and were transferred to the new custodian on January 2, 2013, into funds comparable to those offered by the previous custodian. The conversion initiated a "Black Out" period beginning December 21, 2012, and continued through January 13, 2013. During this period, funds could not be applied to the employee-selected funds with the custodian or withdrawn from the Plan until the custodian had time to accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions.

On December 16, 2013, the Plan was amended to document the merger of the Plan with and into the Catholic Health Initiatives ERISA Employee Savings Plan effective January 1, 2014, and to suspend the automatic deferral feature of the Plan effective December 16, 2013.

Note 6: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such investments are classified within Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. See the following table for inputs and valuation techniques used for Level 3 securities.

Fair value determinations for Level 3 measurements of securities are the responsibility of the Plan administrator. The Plan administrator challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States of America.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

	Investment Contract
Balance, January 1, 2012	\$ 247,949
Purchases	788,350
Settlements	<u>(1,036,299)</u>
Balance, December 31, 2012	<u>\$ -</u>

Unobservable (Level 3) Inputs

Disclosure of unobservable inputs to fair value measurement has not been included for the investment contract. The fair value of the investment contract was determined by the insurance company, which is a third party, and quantitative unobservable inputs were not made available to the Plan by the insurance company. The Plan did not make any adjustment to this value.

Note 7: Investment Contract With Insurance Company

The Plan had entered into an investment contract with TFLIC. TFLIC maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for withdrawals and administrative expenses. The investment contract issuer was contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan. This investment was liquidated in conjunction with the transition of custodians to Fidelity effective January 1, 2013.

There were no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer. Such interest rates were reviewed on a periodic basis for resetting.

Notes to Financial Statements

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Plan Merger

Effective January 1, 2014, the Plan merged with and into the Catholic Health Initiatives ERISA Employee Savings Plan. As a result of this merger, all assets of the Plan were transferred to the Catholic Health Initiatives ERISA Employee Savings Plan subsequent to the year ended December 31, 2013.
