Parent Petroleum Incorporation 401(k) Plan
St. Charles, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Parent Petroleum, Inc. 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2013 and the related statement of changes in net assets available for benefits for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Minnesota Life Insurance Company (the Trustee), except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the Trustee. Their report, dated July 31, 2013, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2013

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PARENT PETROLEUM, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Parent Petroleum, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined-contribution plan sponsored by Parent Petroleum, Inc. (the Company) for its employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility:

Employees become eligible to participate upon the next entry date (January 1st or July 1st) subsequent to completing one year of service and reaching 21 years of age.

Contributions:

Contributions to the Plan may include employee deferral contributions, employer discretionary matching contributions, employer discretionary profit-sharing contributions and rollover contributions. There were no employer discretionary profit-sharing contributions for the years ended December 31, 2013 or 2012.

The employer discretionary matching contributions match employee deferrals up to a maximum percentage of gross wages for eligible employees. Employees must be employed at the end of a Plan year to receive employer discretionary matching contributions. As of December 31, 2013, the Company matched employee deferrals up to a maximum of 2% of gross wages of eligible employees. Discretionary matching contributions totaled $64,407 for the year ended December 31, 2013.

Employees may make deferral contributions up to the maximum amount allowed by law. A participant's earnings consist of total cash compensation of an employee including bonuses and overtime pay in a Plan year, but not in excess of $255,000 for 2013. Deferral contributions by a participant cannot exceed $17,500 for 2013. Total contributions per participant are limited under present Internal Revenue Code (the Code) sections to the lesser of $51,000 or 100% of compensation in 2013. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans.

1. Description of the Plan (continued)

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution(s) and (b) Plan earnings and charged with an allocation of administrative expenses not paid by the Company. Allocations are based on participant's earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants self-direct their contributions and their share of the Company's contribution among the investment options described in Note 7.

Investment options:

Participants direct the investment of their account balance into various investment options offered by the Plan. The Plan currently offers a variety of pooled separate accounts and a guaranteed return account as investment options for participants.

Vesting:

Participants are always 100% vested in their employee 401(k) deferral contributions and earnings thereon. Participants are also fully vested if their employment with the Company terminates due to death or disability.

Participants vest in their employer matching contributions and their profit-sharing accounts (allocations of the employer discretionary contributions) and earnings thereon in accordance with the following table:

Years of service	Percentage vested
Less than 2	0%
At least 2 but less than 3	20%
At least 3 but less than 4	40%
At least 4 but less than 5	60%
At least 5 but less than 6	80%
6 or more	100%

1. Description of the Plan (continued)

Payment of benefits:

A participant becomes entitled to benefits under the Plan upon retirement at age 60, permanent disability or resignation from the Company. Upon retirement or permanent disability, a participant is entitled to receive the full amount in his or her account, to be paid in a manner specified in the Plan. Participants may also take in-service distributions after the participant has attained the age of 70 ½ or has a financial hardship. A participant's account balance becomes fully vested upon death or disability. Upon resignation, participants are entitled to receive the vested portion of their account balance.

Participants' benefits are charged to participants' equity during the period when participants are entitled to receive payment, which generally is the period during which the benefits are paid.

Forfeitures:

There were no forfeitures during the year ended December 31, 2013. As of December 31, 2013 and 2012, there were no forfeitures.

2. Summary of significant accounting policies

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

As described in Financial Accounting Standards Board Accounting Standards Codification, Accounting for Defined Contribution Pension Plans (ASC), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. As required by the ASC, the statement of net assets available for benefits presents the fair value of the collective trust as well as the adjustment of the fully benefit-responsive collective trust from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

2. Summary of significant accounting policies (continued)

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition:

Investments in collective trust funds and pooled separate accounts are valued at fair value, as measured by quoted market prices as of the last day of the Plan year. The Minnesota Life Guaranteed Return Account consists primarily of fully benefit-responsive investment contracts. In determining the net assets available for benefits, the Minnesota Life Guaranteed Return Account may include an adjustment from fair value to contract value, which represents contributions made under the contracts, plus earnings, less withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized on the accrual basis.

Administrative expenses:

Certain expenses of administering the Plan are paid by the participants. Other administrative expenses are paid by the Company.

Payment of benefits:

Benefits are recorded when paid.

3. Tax status

The Internal Revenue Service has determined and informed the Company that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended, the Plan Administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the Code.

The Plan administrator believes it is no longer subject to income tax examinations for years ending prior to December 31, 2010.

4. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification 820 (FASB ASC 820) *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

6. Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Pooled separate accounts: Investments in shares of pooled separate accounts held with an insurance company are stated at estimated fair value and are valued by the insurance company based on the net asset value of shares held by the Plan at year-end. The net asset value is determined by the insurance company based on the market value of the underlying investments held in the pooled fund.

Guaranteed return account: Value based on contractual terms underlying the contract. Provides a daily mil-rate for income accretion.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

December 31, 2013	Level 2	Level 3	Total
Pooled separate accounts:			
Fixed income	**$ 87,039**		**$ 87,039**
International funds	**551,646**		**551,646**
Large cap funds	**1,792,244**		**1,792,244**

Total assets at fair value	**$ 3,048,888**	**$ 944,639**	**$ 3,993,527**

6. Fair value measurements (continued)

December 31, 2012	Level 2	Level 3	Total
Pooled separate accounts:			
Fixed income	$ 76,545		$ 76,545
International funds	470,739		470,739
Large cap funds	1,371,960		1,371,960
Mid cap funds	64,510		64,510
Small cap funds	403,523		403,523
Real estate funds	10,415		10,415
Guaranteed return account		$ 826,910	826,910
Total assets at fair value	$ 2,397,692	$ 826,910	$ 3,224,602

The tables below set forth a summary of changes in the fair value of the Plan's Level 3 investments for the years ended December 31, 2013 and 2012:

Years ended December 31,	**2013**	2012
Guaranteed return account:		
Balance, beginning of year	**$ 826,910**	$ 713,946
Purchases	**80,805**	82,480
Sales	**(105,948)**	(30,225)
Interest	**14,489**	13,862
Transfers from other plan assets	**128,383**	46,847
Balance, end of year	**$ 944,639**	$ 826,910

6. Fair value measurements (continued)

The following table represents the Plan's Level 3 financial investment, the valuation techniques used to measure the fair value of this financial investment and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2013:

Instrument	Fair value	Principal valuation technique	Unobservable inputs	Range of significant input values	Average yield
Guaranteed return account	**$ 944,639**	**Discounted cash flows**	**Crediting rate**	**164 - 178 bps**	**1.74%**

The following table represents the Plan's Level 3 financial investment, the valuation techniques used to measure the fair value of this financial investment and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2012:

Instrument	Fair value	Principal valuation technique	Unobservable inputs	Range of significant input values	Average yield
Guaranteed return account	$ 826,910	Discounted cash flows	Crediting rate	176 - 214 bps	1.98%

The Plan Administrator had previously identified the guaranteed return account as a Level 2 asset. Upon review of the guaranteed investment contract, this investment should be reported as Level 3 asset and the prior year classification has been restated.

7. Investments (information prepared and certified by Trustee)

The following information included in these financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Minnesota Life Insurance Company (the Trustee).

*Represents an asset greater than 5% of the Plan's net assets.

7. Investments (information prepared and certified by Trustee) (continued)

For the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value by:

Year ended December 31, 2013	
Pooled separate accounts	$ 749,894
Fully benefit-responsive contracts	14,615
Total net appreciation of Plan investments	$ 764,509

As described in Note 2, because the Minnesota Life Guaranteed Return Account investment is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to this fund. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Interest rate resets are determined according to the terms of the contracts. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.50%. Such interest rates are reviewed on a quarterly basis for resetting.

Year ended December 31, 2013	
Average yields for Guaranteed Investment Contracts:	
Based on actual earnings	23.97%
Based on interest rate credited to participants	1.74%

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of the investments disclosed above, which are included in the statement of net assets available for benefits as of December 31, 2013 and 2012, the schedule of assets (held at end of year) at December 31, 2013 and related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2013.

7. Investments (information prepared and certified by Trustee) (continued)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

8. Party-in-interest transactions

The Plan investments are shares of mutual funds managed by an affiliate of the Trustee and, therefore, these transactions qualify as party-in-interest transactions.

9. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,	**2013**	2012
Net assets available for benefits per the financial statements	**$ 4,052,362**	$ 3,275,280
Contributions receivable, employer	**(83,785)**	(68,173)
Excess contributions liability	**(24,950)**	(17,495)
Net assets available for benefits per Form 5500	**$ 3,943,627**	$ 3,189,612

The following is a reconciliation of contributions per the financial statements to the Form 5500:

Year ended December 31, 2013	
Total contributions per the financial statements	$ 302,566
Add: contributions received by the Plan in 2013 relating to year ended December 31, 2012	68,173
Less: contributions received by the Plan in 2014 relating to year ended December 31, 2013	(83,785)
Total contributions per Form 5500	$ 286,954

10. Subsequent events

The Plan Administrator has reviewed and evaluated subsequent events from December 31, 2013, the financial statement date, through October 6, 2014, the date the financial statements were available to be issued. Subsequent to year-end, the Plan was amended to change the in-service withdrawal age from 70-1/2 to 62 and now allows for substantially equal installment distributions as a distribution method. No other events have occurred, other than disclosed above, in this period that would be required to be recognized and/or disclosed in these financial statements as required by generally accepted accounting principles.
