As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Mass Mutual Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedules of Assets (Held at End of Year) and Reportable Transactions as of December 31, 2013, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Notes to Financial Statements

Note 1 Description of the Plan

The Retirement Plan for the Employees of Shop-Rite, Inc. (the "Plan") is a noncontributory defined benefit plan sponsored by Shop-Rite, Inc. (the "Company") and electing participating subsidiaries (collectively the "Sponsor"). Shop-Rite, Inc. is a wholly owned subsidiary of Roundy's Supermarkets, Inc. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Massachusetts Mutual Life Insurance Company ("Mass Mutual") is the custodian, plan administrator, plan record keeper, plan actuary, and makes distributions. The custodian holds the Plan's investment assets and executes investment transactions.

Eligibility and Participation

Substantially all full-time employees of the sponsor were eligible to participate in the Plan. The Plan has been frozen to all new participants and benefit accruals.

Contributions

The Sponsor contributes to the Plan based upon actuarial determinations.

Vesting

Participants vested according to the following schedule of service:

Years of Service	Vesting %
Less than 5 years	0%
5 or more	100%

Retirement Plan for Employees of Shop-Rite, Inc.

Notes to Financial Statements

Note 1 **Description of the Plan (Continued)**

Retirement Benefits

Participants receive monthly pension benefits beginning at age 65 equal to the participant's benefit rate, multiplied by a year of credited service factor as of the retirement date. Participants age 55 with 10 or more years of vesting service may elect early retirement payments at reduced benefits as defined by the Plan. Participants may elect various annuity options.

Death and Disability Benefits

If an active participant with five years of vested service dies prior to their actual retirement date, unless an election to the contrary has been made, the participant's surviving spouse is entitled to a reduced benefit as defined by the Plan. The Plan does not provide for disability benefits.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits, benefit obligations, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates and are subject to change in the near term.

Retirement Plan for Employees of Shop-Rite, Inc.

Notes to Financial Statements

Note 2 **Summary of Significant Accounting Policies (Continued)**

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in fair value of investments includes gains and losses on investments bought and sold, as well as held during the year.

Fair Value Measurements

GAAP has established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs for which little or no market data exists, therefore, requiring an entity to develop its own assumptions. The asset's and liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Plan Expenses

Substantially all Plan expenses incurred are paid by the Plan. Certain custodian fees were recognized as administrative expenses for the year ended December 31, 2013. Previously they had been netted against appreciation in fair value of investments.

Subsequent Events

Subsequent events have been evaluated through September 19, 2014, which is the date the financial statements were available to be issued.

Note 3 Investments

Individual investments representing 5% or more of the Plan's net assets available for benefits as of December 31 are as follows:

	2013	2012
Pooled separate accounts:		
Mass Mutual Fundamental Value Fund	\$ 1,658,635	\$ 1,415,652
Mass Mutual Overseas Fund	\$ 1,463,438	\$ 1,386,997
Mass Mutual Total Return Admin Fund	\$ 2,533,509	\$ 2,354,222

Mass Mutual Real Estate Fund	*	\$ 657,727
Mass Mutual Blue Chip Growth Fund	\$ 1,094,985	\$ 883,817
Mass Mutual Bal-Risk Alloc	\$ 1,391,470	\$ 1,276,144

* Investment is not greater than 5% of net Plan assets

Note 4 Fair Value Measurements

The following is a description of the valuation methodology used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts: The fair value of pooled separate accounts represents the net asset value (NAV) of the fund shares. NAV is based on the value of the underlying assets owned by the funds minus liabilities, and then divided by the number of shares outstanding as determined by Mass Mutual. The fair values are classified as Level 2 in the fair value hierarchy since the NAV per share of the pooled separate account itself is not publicly quoted and the values are not dependent on the input of significant judgment or assumptions by management.

Retirement Plan for Employees of Shop-Rite, Inc.

Notes to Financial Statements

Note 4 Fair Value Measurements (Continued)

Investment strategies for individual investments whose fair value is determined using a net asset value per share measurement are as follows:

- (a) Domestic pooled separate accounts invest primarily in common stocks and other equity securities of U.S. companies.
- (b) International pooled separate accounts invest primarily in foreign equity securities, located in Europe, Latin America, and Asia.
- (c) Developing Markets pooled separate accounts invest primarily in common stocks of issuers in emerging and developing markets throughout the world, and may include up to 100% of total assets in foreign securities, primarily of companies with high growth potential.
- (d) Balanced Risk pooled separate accounts invest primarily in equities, commodities and fixed income securities.
- (e) Fixed Income pooled separate accounts invest primarily in fixed income securities of U.S. and foreign entities, including securities issued or guaranteed by the U.S. and non-U.S. governments.
- (f) Real Estate pooled separate accounts invest primarily in common stocks and other equity securities of real estate companies, including real estate investment trusts, and real estate operating companies.
- (g) Money Market pooled separate accounts invest primarily in high quality debt instruments, including commercial paper and other corporate obligations, securities issued or guaranteed by the U.S. government or its agencies, certificates of deposit, and bankers' acceptances.

Investments in these pooled separate accounts can be purchased and sold continuously. A notice of redemption is not required. The plan has no obligation to buy additional units.

Note 5 Funding Policy

The Plan is solely funded by Sponsor contributions. The Sponsor's policy is to make annual contributions to the Plan to meet or exceed the annual ERISA minimum funding requirements. The Company's contributions met the minimum funding requirements of ERISA for its 2013 and 2012 plan years.

Note 6 Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits represent the estimated future periodic payments, including lump-sum payments that are attributable under the Plan's provisions to participants for services rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants and beneficiaries, (b) beneficiaries of participants who have died, and (c) active participants or their beneficiaries.

The actuarial present value of accumulated plan benefits information was determined by the Plan's actuary, Mass Mutual, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee services rendered to the valuation date.

Significant actuarial assumptions included in the valuations as of January 1, 2013 and 2012, are as follows:

Assumed Rate of Interest (Discount Rate)	7.5% per annum
Retirement age	Age 65
Mortality	The adjusted RP-2000 Generational Table

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Notes to Financial Statements

Note 6 Actuarial Present Value of Accumulated Plan Benefits (Continued)

The following are the actuarial present value of accumulated plan benefits as of January 1:

Total actuarial present value of accumulated plan benefits	\$ 10,584,785	\$ 9,885,640

The changes in the present value of accumulated plan benefits for the year beginning January 1, 2013, are as follows:

Notes to Financial Statements

Note 7 Income Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service dated August 16, 2012, stating the Plan and the related trust were designed in accordance with the IRC. The Plan has been amended since receipt of the determination letter. The plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and therefore believes the Plan is qualified and the related trust is tax exempt.

The plan administrator has analyzed the tax positions taken by the Plan and concluded there are no uncertain tax positions taken by the Plan. No provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions and there are currently no audits in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

Note 8 Party-In-Interest Transactions

Investments in most of the separate investment accounts are managed by Mass Mutual and qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations.

Note 9 Information Certified by the Custodian

The Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

(a) Investments as disclosed in the statements of net assets available for benefits.

Retirement Plan for Employees of Shop-Rite, Inc.

Notes to Financial Statements

Note 9 Information Certified by the Custodian (Continued)

(b) Net appreciation (depreciation) in fair value of investments and interest and dividend income as disclosed in the statements of changes in net assets available for benefits.

(c) Investment information as disclosed in Note 3.

(d) Schedule of Assets (Held at End of Year) as disclosed on page 16, and Schedule of Reportable Transactions as disclosed on page 17.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 10 Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan at any time. If the Plan is terminated, the net assets of the Plan will be distributed to the participants in order of priority determined in accordance with ERISA, its applicable regulations and with the Plan document.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

Retirement Plan for Employees of Shop-Rite, Inc.

Notes to Financial Statements

Note 10 Plan Termination

- b) Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC" a U.S. government agency) up to the applicable limitations (discussed below).
- c) All other vested benefits (that is, vested benefits not insured by the PBGC).
- d) All nonvested benefits.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the plan sponsor and the level of benefits guaranteed by the PBGC.

Note 11 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
