WOOLPERT 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Woolpert 401(k) Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of Woolpert Inc. (the Company) and certain affiliated companies including Woolpert Design LLP and Woolpert Construction Services LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant contributions to the Plan are made by employees within limitations stipulated in Section 401(k) of the Internal Revenue Code. Eligible employees are automatically enrolled in the Plan at a minimum of 2% and may contribute any whole percentage up to a maximum of 50% of their compensation or rollover contributions from a qualified retirement plan or individual retirement account. Effective January 1, 2009, the automatic enrollment changed to a minimum of 3% of compensation for new employees and all employees will be automatically escalated 1% annually until 6% is reached. The Plan provides for a discretionary Company matching contribution of 3% of an employee's salary as determined annually by the Board of Directors. For participants frozen in the Woolpert Pension Plan, the Plan provides for a discretionary contribution based on the Uniform Points Contribution Formula allocated on a quarterly basis at a range of 3% to 8% based on points earned. Each participant eligible for this contribution receives 1 point for each 1 year of age and 1 year of service. The Plan also provides a transitional contribution for certain employees frozen in the pension plan. The range of the transitional contribution is between 0.5% and 7.5% and is determined per participant group.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company's contribution, and an allocation of the Plan's earnings. Allocations are based on contributions and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the present value of the participant's non-forfeitable account balance as of the date of the loan. Loan terms range from one to five years or longer for the purchase of a principal residence. The loans are collateralized by the balance in the participant's account and bear interest at rates of prime plus 1%. Principal and interest is paid ratably through payroll deductions. Interest rates on notes receivable range from 4.25% to 9.12% as of December 31, 2013.

Vesting

Participants are immediately vested in their voluntary and Company discretionary contributions plus actual earnings thereon. For Company matching contributions, participants will become 100% vested upon the earliest date of normal retirement age or completion of three years of service.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures

At December 31, 2013 and 2012, forfeited non-vested accounts totaled \$42,074 and \$113,463. During 2013, forfeitures of terminated participants' non-vested account balances were utilized to offset the Plan administrative expenses totaled \$0.

Payment of Benefits

On termination of service, a participant is eligible to receive a distribution equal to the value of the participant's account, as determined on the valuation date coincident with or immediately following the termination date. A participant may, under certain conditions, withdraw all or a portion of their account without terminating their employment.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on an accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP) as more explicitly described in the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Administrative Expenses

Substantially all administrative expenses incurred are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in net appreciation.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by accounting guidance, the Statements of Net Assets Available for Benefits present the fair value of the Plan's investment contract as well as the adjustment of the investment contract from fair value to contract value. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in such contracts through its investment in a stable value fund.

Contributions

Participant contributions are recognized when withheld. Employer discretionary and matching contributions are recognized concurrently with participant contributions. Employer contributions for 2013 were \$1,691,390.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Subsequent Events

Subsequent events have been evaluated through October 7, 2014, the date the financial statements were available to be issued.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by State Street Bank and Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

During 2013, the Plan's investments (including investments bought, sold, as well as held, during the year) appreciated in fair value by \$10,871,235. The following schedule summarizes the appreciation by investment class for the year ended December 31, 2013.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than the Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

A description of the valuation methodologies used for assets measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. There have been no changes in the methodologies used at December 31, 2013 or 2012.

(Continued)

WOOLPERT 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable value fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (Level 2 inputs). The fund invests 100% of its assets in the Wells Fargo Stable Return Fund G, which is a collective investment trust. The fund invests in investment contracts and security backed contracts. An investment contract is a contract issued by a financial institution to provide a stated of return to the buyer of the contract for a specified period of time. A security backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. The fund provides for daily redemptions by the Plan at reported net asset value per share, with no advance notice requirement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

NOTE 5 - PLAN TERMINATION

The Company expects to continue the Plan indefinitely, but continuance is not assumed as a contractual obligation and the Company reserves the right at any time by action of its executive committee to terminate the Plan. The allocation and distribution of contributions will be in accordance with the approved Plan Agreement. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 6 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated April 14, 2012, that the Plan, as amended with an effective date of January 31, 2011, is in compliance with applicable regulations of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 7- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participants' account balances.

NOTE 8 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain Plan investments are shares of investments managed by Transamerica Retirement Solutions Corporation. Transamerica Retirement Solutions is the record keeper as defined by the Plan and, therefore, those transactions qualify as party-in-interest transactions. The Plan held notes receivable from participants as assets, which also qualify as party-in-interest transactions. Fees paid for administration services rendered by Transamerica Retirement Solutions Corporation, a party-in-interest, during 2013 and 2012 totaled \$4,850 and \$7,450.
