Severstal North America, Inc. 401(k) Plan I

Notes to Financial Statements December 31, 2013 and 2012

Note I - Plan Description

The following description of the Severstal North America, Inc. 401(k) Plan I (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a voluntary, defined contribution plan covering salaried employees of Severstal Dearborn Inc. (the "Company"), along with salaried laboratory workers and firefighters who have attained three months of service, hired or rehired before February 1, 2012. Beginning in May 2012, salaried laboratory workers and firefighters were transferred to the Severstal Dearborn, LLC Tax-Efficient Savings Plan for Hourly Employees. Additionally, effective September 1, 2012, salaried employees of Mountain State Carbon, LLC, an entity affiliated with the Company through common ownership, who were hired on or before September 1, 2012, were added to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On September 16, 2014, AK Steel Corporation acquired the membership interest of Severstal Dearborn, LLC and Severstal Dearborn, LLC was immediately merged into AK Steel Corporation. As a result of this transaction, AK Steel Corporation has become the plan sponsor of the Plan and assumed all outstanding obligations of the Plan as of the date of purchase.

Administration - The Company is the sponsor of the Plan. Fidelity Management Trust Company functions as trustee and investment manager. Investment management fees and trustee fees are paid by the Plan or the Company at the discretion of the plan administrator.

Participant Accounts - Each participant's account is credited with the participant's contributions, if applicable, and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participant and Company contributions may be allocated to investment options in multiples of 1 percent. Participants may change their investment choices for both future contributions and existing account balances, and may suspend contributions by contacting Fidelity Management Trust Company.

Severstal North America, Inc. 401(k) Plan I

Notes to Financial Statements December 31, 2013 and 2012

Note I - Plan Description (Continued)

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 8.25 percent, which are commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest are paid ratably through deductions taken each pay period.

Contributions - Participants may elect to make before-tax and Roth contributions to the Plan. The Plan provides for employee salary 401(k) before-tax and Roth contributions up to a maximum of 90 percent of the annual compensation subject to limitations established by the Internal Revenue Code (eligible compensation). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Effective January 1, 2013, the Company amended the Plan to include a safe harbor nonelective contribution in the amount of 3 percent of eligible compensation. In addition to the safe harbor contribution, the Company makes contributions to the Plan as a percentage of each participant's base salary or, if greater, a minimum base salary, and the participant's age as defined in the plan document. As of December 31, 2013 and 2012, the Company makes contributions to the Plan according to the following schedule:

Participant's Age at End of Pay Period	Monthly Minimum Base Salary	2013 Employer Contribution Percentage	2012 Employer Contribution Percentage
Under 30	\$ 1,957	.1	3.1
30-34	2,109	.7	3.7
35-39	2,621	1.3	4.3
40-44	3,184	1.9	4.9
45-49	4,173	2.4	5.4
50-54	5,380	2.8	5.8
55 and over	7,269	3.2	6.2

In the event the employer contributions described above are less than the contribution the employee would have received under the Severstal North America 401(k) Plan II, the Company will contribute the difference as additional employer contributions.

Severstal North America, Inc. 401(k) Plan I

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description (Continued)

Vesting - Participants are immediately vested in employee salary 401(k) and rollover contributions and any income or loss thereon. Effective September 1, 2011, the Company amended the Plan to change the vesting schedule related to the Company's contribution portion of participants accounts, plus actual earnings thereon, to become immediately vested.

Payment of Benefits - Distributions are payable upon retirement, attainment of age 59½, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Hardship Withdrawals - Participants may request that a portion of their contributions account be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals that do not fall within the IRS safe harbor guidelines.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions or to pay administrative expenses of the Plan. There were no unallocated forfeitures as of December 31, 2013. Unallocated forfeitures totaled \$29,321 at December 31, 2012.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition - Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Contributions - Contributions are recorded in the period that payroll deductions are made from participants.

Benefit Payments - Benefits are recorded when paid.

Notes to Financial Statements December 31, 2013 and 2012

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Reclassification - Certain prior year amounts have been reclassified to conform to the current year presentation.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 2, 2014, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustee.

Investments that exceed 5 percent of end of year net assets are as follows:

	2013	2012
Mutual funds:		
Harbor Capital Appreciation Fund	\$ 3,882,110	\$ 3,020,288
T. Rowe Price Retirement 2015 Fund	2,512,712	1,822,826
T. Rowe Price Retirement 2020 Fund	3,173,698	2,851,602
Money market funds -		
Fidelity Retirement Money Market	4,275,628	4,625,523

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

Severstal North America, Inc. 401(k) Plan I

Notes to Financial Statements December 31, 2013 and 2012

Note 4 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2013 and 2012.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds - Mutual funds are valued at closing quoted prices reported in active markets.

Money Market Funds - Money market funds are valued at closing quoted prices reported in active markets.

Common Collective Trust Funds - The common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no unfunded commitments or redemption restrictions.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2013 and 2012.

Severstal North America, Inc. 401(k) Plan I

Notes to Financial Statements December 31, 2013 and 2012

Note 5 - Tax Status

The Plan, as adopted, is a volume submitter plan of Fidelity Management and Research Co., which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2008. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2010.

Note 6 - Termination of Plan

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the labor agreement and the Employee Retirement Income Security Act of 1974. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 7 - Plan Transfers

The Company sponsors the Severstal Dearborn, LLC Tax-Efficient Savings Plan for Hourly Employees which covers all hourly employees represented under the agreement between Severstal North America, Inc. and the International Union, United Automobile, Aerospace, and Agricultural Implement Workers of America (UAW) and hourly employees of Mountain State Carbon, LLC, who are subject to collective bargaining with the United Steelworkers.

During 2012, the Plan made net transfers of \$1,624,281 to participants who transferred from the Plan to the Severstal Dearborn, LLC Tax-Efficient Savings Plan for Hourly Employees as a result of a collective bargaining agreement provision which moved all labworkers and firefighters from salaried to hourly status. In general, if a participant transfers between salaried and hourly status, the participant will maintain an account in each plan.
