MEDVET ASSOCIATES, INC. EMPLOYEES SAVINGS TRUST

Notes to Financial Statements

December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF PLAN

The following description of the **MedVet Associates, Inc. Employees Savings Trust** (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company, who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute the maximum amount allowed by law, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. As of December 31, 2013, participants may contribute to a Roth. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary contribution each year. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is 0% at less than 2 years, 20% at 2 years, 40% at 3 years, 60% at 4 years, 80% at 5 years and 100% at 6 or more years of service.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited non-vested accounts totaled \$11,371 and \$9,389, respectively. These accounts will be used to reduce future employer contributions. Also in 2013, employer contributions were reduced by \$9,389 from forfeited non-vested accounts.

Payment of Benefits

On termination of service, a participant may elect to receive a partial lump-sum or a lump-sum amount equal to the value of the vested interest in his or her account, an installment distribution solely to the extent necessary to satisfy the required minimum distribution rules, an installment distribution over a specified period not to exceed the life or life expectancy of the participant as of December 31, 2013, or delay receipt of benefits, if the vested account balance is greater than \$5,000.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts

MEDVET ASSOCIATES, INC. EMPLOYEES SAVINGS TRUST

Notes to Financial Statements

December 31, 2013 and 2012

because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's management determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Reclassifications

Certain amounts presented in the prior year's data have been reclassified to be consistent with the current year's presentation.

Subsequent Events

The Plan has evaluated subsequent events through October 08, 2014, the date the financial statements were available to be issued. On July 1, 2013, MedVet Associates, Inc. acquired Louisiana Veterinary Referral Medical Center (LAVRC), as result it also acquired its pension plan, the Louisiana Veterinary Referral 401(k) Profit Sharing Plan and Trust. Upon acquisition, the Louisiana Veterinary Referral 401(k) Profit Sharing Plan and Trust was frozen with the intention of being merged into the MedVet Associates, Inc. Employees Savings Trust. Effective January 13, 2014, assets in the amount of \$1,360,404 were transferred into the Plan from the Louisiana Veterinary Referral 401(k) Profit Sharing Plan and Trust.

NOTE 3 - INVESTMENTS

* Balance was less than 5% of the Plan's net assets.

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,489,492, as follows:

	<u>2013</u>
Mutual Funds	\$ 1,485,820
Common Collective Trust	<u>3,672</u>
Total	\$ <u>1,489,492</u>

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include - • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

MEDVET ASSOCIATES, INC. EMPLOYEES SAVINGS TRUST

Notes to Financial Statements

December 31, 2013 and 2012

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust

Valued at the NAV of units of a bank collective trust. The NAV, as provided by the fund trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Common Collective Trust - MetLife Stable Value Fund	\$ 197,765	N/A	Daily	30 Days

MetLife Stable Value Fund - The fund invests entirely in MetLife Group Annuity Contract 25157, which consists of separately managed investment portfolios directed by Reliance Trust Company. The fund's objective is the safety and preservation of principal and accumulated interest for participant-initiated transactions. The interest credited to balances in the fund will reflect both current market conditions and performance of investment in the fund.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan's management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan's management believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 7 - CERTIFIED INVESTMENTS

Other than the fair value of the common collective trust and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2013 and 2012, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by MG Trust Company, LLC (the trustee/custodian of the Plan). The contract value of the common collective trust was certified by the trustee/custodian.

Notes to Financial Statements

December 31, 2013 and 2012

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by various fund companies. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the third party administrator, CUNA Mutual Retirement Solutions, of \$4,930 in 2013, which was not covered by revenue sharing. Also, the Plan made a direct payment to Everhart Financial Group, Inc. of \$5,478 in 2013, for financial advisory services. The plan sponsor pays directly any other fees related to the plan's operations.

NOTE 10 - PLAN MERGER

Effective July 1, 2013 the employer acquired The Louisiana Veterinary Referral Center, LLC, at which time the employer took over as plan administrator. The Louisiana Veterinary Referral 401(k) Profit Sharing Plan and Trust was amended effective June 31, 2013, to freeze participation, 100% vest all contributions, no longer permit new loans and change the form of distributions to lump sum distributions only. Effective July 1, 2013, employees of The Louisiana Veterinary Referral Center, LLC were eligible to participate in the MedVet Associates, Inc. Employees Savings Trust. Additionally the plan entered into the voluntary compliance program in order to bring the plan into compliance prior to the merger. Assets were transferred from the plan to the MedVet Associates, Inc. Employees Savings Trust as of January 13, 2014.
