INDEPENDENT AUDITORS' REPORT

TO THE PARTICIPANTS AND PLAN ADMINISTRATOR
OF CLEANER'S SUPPLY AND MITY FORMS RETIREMENT PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **CLEANER'S SUPPLY AND MITY FORMS RETIREMENT PLAN**, which comprise the statements of net assets available for benefits as of December 31, 2013, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Other Matter – 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the Trustee of the Plan. Their report, dated September 10, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit option and, accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

General

The following description of the Cleaner's Supply and Mity Forms Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of Cleaner's Supply, Inc. and Mity Forms, Inc., a participating employer (collectively referred to as "the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

Cleaner's Supply, Inc. is the Plan Sponsor. The assets of the Plan are held by Fidelity Management Trust Company ("the Trustee").

Eligibility

The Plan covers all employees of the Company, except for employees covered by a collective bargaining agreement. Employees are able to participate in the foregoing types of contributions on the first day of the month following satisfaction of eligibility requirements.

Contributions

Participant Contributions

Upon attainment of age 21 and completion of six months of service, employees may make pre-tax contributions in the form of salary reductions subject to certain limitations under the terms of the Plan and Internal Revenue Code (IRC). The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan on the first day of the month following satisfaction of eligibility criteria, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants' deferral rate is three percent, and their contributions are invested in a designated blend fund until participant elects otherwise.

NOTE 1 – DESCRIPTION OF PLAN – Continued

Contributions – Continued

Employer Contributions

Employees are eligible for employer match contributions on the first day of the month immediately following attainment of age 21 and completion of six months of service.

Employees are eligible for employer profit sharing contributions on the first day of the month immediately following attainment of age 21 and completion of one year of service (1,000 hours of service). Additionally, in order to receive employer profit sharing contributions for a given plan year, an employee must be employed by the Company on the last day of the plan year.

The Company match contributions and profit sharing contributions are made to the Plan at the discretion of management each year. The Company's contributions totaled $289,233 and $291,827 in 2013 and 2012, respectively.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in Company contributions is based on years of service, as defined by the Plan Document. A participant is 100% vested in employer match contributions and profit sharing contributions, plus any earnings thereon, after six years of service.

Participant Accounts

Each participant's account is credited with participant contributions, employer match contributions, employer profit sharing contributions, rollover contributions, and actual earnings or losses thereon. Investment income and Plan expenses are allocated to participant accounts based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant-directed.

NOTE 1 – DESCRIPTION OF PLAN – Continued

Payment of Benefits

Benefits are available for distribution when participants attain normal retirement age of 65, become disabled, or terminate employment with the Company, or upon death. Participants may elect to receive a distribution of their vested account balance in the form of a single lump-sum payment or a rollover contribution to another qualified plan. Participants who have attained age 59-1/2 may also be eligible for in-service distributions.

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted under certain circumstances.

Forfeitures

If employees' participation in the Plan is terminated prior to being 100% vested in employer match contributions, employer profit sharing contributions, and the actual earnings thereon, then the non-vested portion is forfeited in the year of distribution of the vested balance. Forfeitures are retained in the Plan and, effective January 1, 2013, are first used to pay the Plan's administrative expenses; any remaining forfeitures are used to reduce future employer contributions. Forfeitures for the years ended December 31, 2013 and 2012 amounted to $12,177 and $49,339, respectively. Forfeitures applied to reduce employer contributions for the years ended December 31, 2013 and 2012 amounted to $53,028 and $-0-, respectively.

Administrative Expenses

Expenses of administering the Plan during 2013 and 2012 were paid using Plan assets.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in the common collective trust (Putnam Stable Fund) are carried at contract value, which represents invested principal plus contractual interest earned thereon, and approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan also presents in the statements of changes in net assets available for benefits the net appreciation/depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation/depreciation on those investments.

Benefit Payments

Benefit payments are recorded when paid.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through October 7, 2014, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the Trustee, as of and for the year ended December 31, 2013:

Investments, at Fair Value	$ 5,211,351
Interest and Dividends	$ 260,699
Net Change in Fair Value of Investment	$ 402,953

NOTE 4 – INVESTMENTS

The following investments represent 5% or more of the Plan's net assets available for benefits at December 31, 2013 and 2012:

	2013	2012
Putnam Stable Value	$ 488,909	$ 522,656
FA Freedom 2030 T	863,477	671,224
FA Freedom 2040 T	1,517,263	1,150,522
FA Freedom 2015 T	276,909	224,840
FA Freedom 2025 T	752,906	576,134
FA Freedom 2035 T	347,170	260,696
FA Freedom 2045 T	335,869	231,472

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows for the year ended December 31, 2013:

Mutual Funds	$ 403,655
Common Collective Trust	(702)
Total	$ 402,953

Investments are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values in the near term would materially affect participants' account balances and the amount reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Plan reports fair value measurements using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds – Valued at quoted net asset values of the shares held on the last business day of the Plan year (Level 1 inputs).

Common Collective Trust – Valued at the net asset value, based on the fair values of underlying securities. Fair values for the underlying assets are based on either quoted prices in active markets or observable inputs or quoted prices in inactive markets (Level 2 inputs).

NOTE 6 – PUTNAM STABLE VALUE FUND

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan holds an indirect interest in such contracts through its investment in a stable value fund. The statements of net assets available for benefits at December 31, 2013 presents the fair value of the fully benefit-responsive investment contract as well as the adjustment of the investment contract from fair value to contract value. The statements of changes in net assets available for benefits for the year ended December 31, 2013 is prepared on a contract value basis.

The Putnam Stable Value Fund ("the Fund") invests in high-quality guaranteed investment contracts and similar contracts issued by insurance companies, banks and other financial institutions. The Fund also invests up to 75% of its assets in security-backed investment contracts (SBICs), including separate account products of insurance companies. The following securities comprised the Fund's net assets at December 31, 2013:

Traditional Guaranteed Investment Contracts	36.2%
Security-Backed Investment Contracts	41.0%
Separate Account Guaranteed Investment Contract	16.4%
Short Term Investments	6.5%

The yield earned by the Fund for the year ended December 31, 2013 was 0.72%. The actual interest rate credited to participants in the Fund for the year ended December 31, 2013 was 1.86%.

The Fund typically invests in SBICs, which consist of investment-grade fixed income securities (or commingled funds composed of such securities) that are "wrapped" by an insurance company, bank, or other financial institution. In a "wrap" contract structure, the underlying investments are owned by the Fund and held in a trust for plan participants. The wrap contract amortizes the realized and unrealized gains and losses on the underlying bonds, typically over the duration of the bonds, through adjustment to the future interest crediting rate. The crediting rate is designed to result in the accrual of income over time equal to the cumulative market return on the covered net assets of fees, but without the fluctuations in value typically associated with fixed income securities. The crediting rate is calculated by a formula specified in each wrap agreement and is typically adjusted quarterly depending on the contract. Key factors that influence future crediting rates for a wrap contract include the: (i) level of market interest rates; (ii) amount and timing of contributions, transfers, and withdrawals into/out of the contract; (iii) investment returns generated by the bonds backed by the wrap contract; and (iv) duration of the underlying investments backed by the contract.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 6 – PUTNAM STABLE VALUE FUND – Continued

Wrap contracts' interest crediting rates are typically reset on a quarterly (and sometimes monthly) basis. All wrap contracts provide for a minimum interest crediting rate of zero percent.

Due to the size of the Fund and the specific percentage allowances negotiated by the Fund, it is highly unlikely (not probable) that any event would occur that would limit the Fund's ability to transact at contract value with each issuer.

The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 7 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company, through a prototype plan letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company is the Trustee of the Plan's assets. As such, transactions between Fidelity Management Trust Company and the Plan qualify as party-in-interest transactions.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits from the financial statements to the Form 5500 for the year ended December 31, 2013:

Net Assets Available for Plan Benefits Reported Herein	$ 5,453,391
Adjustment from Fair Value to Contract Value for Fully Benefit-Responsive Investment Contracts	6,405
Net Assets Available for Plan Benefits Reported on Form 5500	$ 5,459,796

Change in Adjustment from Fair Value to Contract Value for Fully Benefit-Responsive Investment Contracts	6,405
Total Additions Reported on Form 5500	$ 1,232,133

NOTE 10 – SUBSEQUENT EVENT

Effective February 15, 2014, the Plan was amended to allow for automatic distribution of former employees' vested account balances that are less than the limit permitted by the IRC. The amendment also requires that any distribution of an account balance that exceeds $1,000 that is made to a participant without their consent and before the participant has attained normal retirement age shall be rolled-over into an individual retirement plan designated by the Plan Administrator.
