Independent Auditors' Report

To the Plan Administrator and Participants of
The Yankee Candle Company, Inc. 401(k) Plan
South Deerfield, Massachusetts

We were engaged to audit the accompanying financial statements of The Yankee Candle Company, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Independent Auditors' Report (continued)

Other Matter – Supplemental Schedules

The supplemental schedule of assets (held at end of year) as of December 31, 2013 and the schedule of delinquent participant contributions for the year ended December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Wells Fargo Bank, N.A., the trustee of the Plan. Their report, dated October 11, 2013, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2013

The form and content of the information included in the 2013 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE YANKEE CANDLE COMPANY, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2013 AND 2012, AND FOR THE YEAR ENDED DECEMBER 31, 2013

1. DESCRIPTION OF THE PLAN

The following description of The Yankee Candle Company, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General — The Plan is a defined contribution plan covering employees of The Yankee Candle Company, Inc., Yankee Candle Restaurant Corp. and Yankee Candle Brand Management, Inc. (collectively referred to as the “Company”) over the age of twenty-one who meet the eligibility requirements. Participants who are regularly scheduled to work 32 hours a week are eligible to make deferral contributions the first of the month following 30 days after hire with the Company. They are eligible to participate in Company discretionary matching contributions after meeting the match requirements of 1,000 hours of service in their first year of employment (anniversary year) or subsequent plan (calendar) year. Those employees over the age of twenty-one who are not regularly scheduled to work 32 hours a week are eligible to make deferral contributions and participate in the Company discretionary matching contributions the first of the month following 30 days of eligibility. Eligibility is defined as reaching 1,000 hours either in the employee’s first year of employment (anniversary year) or in any subsequent plan (calendar) year. Those participants meeting the eligibility requirements but not actively contributing to the Plan are eligible to make deferral contributions as soon as administratively feasible after making a deferral election. Once newly eligible, the employee will be automatically enrolled at a 2% deferral, unless they “opt out” prior to the first of the month following 30 days from their eligibility date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions — Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. The Company may make discretionary matching contributions in an amount to be determined annually by the Company’s Board of Directors (the “Board”). Effective pay periods beginning on or after April 5, 2009, the Board authorized a discretionary weekly match of 25% of the first 4% of salary and an annual discretionary match. For 2013, Jarden Corporation (the parent company of the Company) approved an annual discretionary matching contribution of an additional 25% of the first 4% of salary for pay checks dated in 2013, for a total 2013 discretionary matching contribution of 50% of the first 4% of salary. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, and allocations of Company discretionary contributions and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments — Participants direct the investment of their contributions and Company discretionary contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds, and two common collective trusts (“CCT’s”) as investment options for participants.

Vesting — Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service (20% per year of credited service). Aggregated service was utilized through December 31, 2006. For plan years starting January 1, 2007, a participant must have 1,000 hours of service in a plan year to receive vesting for that year. In error, vesting was not changed from the aggregated service method to the hours based vesting method until January 1, 2011. In order to not harm participants, the method that results in the higher vesting of the two methods was utilized through December 31, 2010. Effective January 1, 2011, vesting is earned by the hours based method.

Participant Loans — Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate at the time funds are borrowed. Principal and interest is paid ratably through payroll deductions.

Loan terms shall not exceed five years, except for loans to purchase a primary residence, which shall not exceed ten years. Participants may not have more than two loans outstanding at any time. As of December 31, 2013, participant loans have maturities through 2023 at interest rates ranging from 3.25 percent to 5.00 percent.

Payment of Benefits — On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts — At December 31, 2013 and 2012, forfeited, vested accounts totaled \$71,154 and \$68,855, respectively, which will be used to reduce future Company contributions or to cover future administrative expenses. During the year ended December 31, 2013, administrative expenses of \$69,218 were paid from the Forfeiture Account.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Recently Adopted Accounting Pronouncements—In June 2013, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2013-09, "Deferral of the Effective Date of Certain Disclosures for Nonpublic Employee Benefit Plans in Update No. 2011-04", which defers indefinitely certain disclosures about investments held by nonpublic employee benefit plans in their plan sponsors' own nonpublic equity securities. The deferral is effective immediately for all financial statements that were not yet issued as of the date of ASU 2013-09. The adoption of ASU 2013-09 did not have a material impact on the Plan's financial statements.

Risks and Uncertainties — The Plan utilizes various investment instruments, including mutual funds, and common collective trusts. Investment securities, in general, are exposed to various risks,

such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion on fair value of investments.

In accordance with GAAP, the Stable Value Fund N is included at fair value in participant-directed investments in the statements of net assets available for benefits, and an additional line item is presented representing the adjustment from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses — Administrative expenses of the Plan are paid by the Plan or the Company as provided in the Plan Document.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and common collective trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. All withdrawals initiated prior to December 31, 2013 were distributed to participants as of December 31, 2013. All withdrawals initiated prior to December 31, 2012 were distributed to participants as of December 31, 2012.

3. INVESTMENTS

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012, are as follows:

	2013	2012
Fidelity Contra Fund	\$ 12,351,734	\$ 9,157,041

4. FAIR VALUE MEASUREMENTS

The Plan follows Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, for all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC 820

defines fair value, establishes a fair value hierarchy, and expands disclosures about fair value measurements.

ASC 820 defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability.

The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity. In addition, the fair value of liabilities should include consideration of non-performance risk including the Plan's own credit risk.

In addition to defining fair value, ASC 820 requires disclosure around fair value and establishes a fair value hierarchy for valuation inputs. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety.

These levels are:

Level 1 - Inputs are based upon unadjusted quoted prices for identical instruments traded in active markets.

Level 2 - Inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

Asset Valuation Techniques

Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

CCTs — Valued at the net asset value of units of a common collective trust. The net asset value as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2013 and December 31, 2012.

Fair Value Measurement at December 31, 2013 using:					
	Markets for Identical Assets (Level 1)		Other Observable Inputs (Level 2)		Significant Unobservable Inputs (Level 3)
					Total
Mutual funds					
Equity funds	\$ 67,756,498	\$	-	\$	- \$ 67,756,498

Total	\$ 75,796,659	\$	8,092,221	\$	- \$ 83,888,880

Fair Value Measurement at December 31, 2012 using:					
	Markets for Identical Assets (Level 1)		Other Observable Inputs (Level 2)		Significant Unobservable Inputs (Level 3)
					Total
Mutual funds					
Equity funds	\$ 45,920,656	\$	-	\$	- \$ 45,920,656

Other	5,794,955		-		- 5,794,955
Total mutual funds	60,192,537		-		- 60,192,537
Common collective trust funds	-		6,689,189		- 6,689,189
Total	\$ 60,192,537	\$	6,689,189	\$	- \$ 66,881,726

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2013, and 2012, there were no transfers between levels.

Assets whose fair value is estimated using the net asset value per share that do not have readily determinable fair value as defined by ASU 2009-12 as of December 31, 2013 and 2012 are as follows:

Enhanced Stock Market Fund: to provide certain qualified employee benefit plans with a vehicle for collective investment and reinvestment primarily in a portfolio of stocks with market capitalizations within the range of stocks in the S&P 500 Index with the objective of seeking to achieve long-term total return greater than the return on the S&P 500 Index while maintaining risk characteristics similar to the risk characteristics of the stocks in the S&P 500 Index. Fair value estimated using the net asset value of the investment at December 31, 2013 and 2012 was \$1,058,799 and \$319,247, respectively.

Stable Return Fund N: to provide a medium for collective investments of certain qualified employee benefit plans. The investment objective is to provide a relatively high income rate of return consistent with the preservation of principal. To accomplish this objective, the trustee will normally invest and reinvest primarily in contracts known variously as guaranteed income contracts, guaranteed investment contracts and group annuity contracts issued by insurance companies. Fair value estimated using the net asset value of the investment at December 31, 2013 and 2012 was \$7,033,422 and \$6,369,942, respectively.

The contract value of the Wells Fargo Stable Return Fund N at December 31, 2013 and 2012 was \$6,976,491 and \$6,190,411, respectively. The average yield and crediting rate for the Wells Fargo Stable Return Fund N was 1.68% and 1.96%, respectively, for the years ended December 31, 2013 and 2012.

None of the CCT's have redemption restrictions or unfunded commitments as of December 31, 2013 and 2012, and can be redeemed at any time at the request of the participant.

5. WELLS FARGO STABLE RETURN FUND N

On October 1, 2012, the Wells Fargo Stable Return Fund G was renamed the Wells Fargo Stable Return Fund N. The Wells Fargo Stable Return Fund N (the "Fund") is a collective trust fund sponsored by Wells Fargo Bank, N.A. The Fund invests in a variety of investment contracts such as guaranteed investment contracts ("GICs") issued by insurance companies and financial institutions and other investment products (such as separate account contracts and synthetic GICs, including wrapper contracts) with similar characteristics. The Funds' investment contracts are fully benefit-responsive and the issuer guarantees that all qualified Plan participant initiated withdrawals will be paid at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses.

The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Limitations on the Ability of the Fund to Transact at Contract Value:

Restrictions on the Plan — Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The following employer initiated events may limit the ability of the Fund to transact at contract value:

- Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan)
- A failure of the Fund or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund
- Changes to the Fund's prohibition on competing investment options or deletion of equity wash provisions
- Bankruptcy of the Plan Sponsor or other Plan Sponsor events (such as a group layoff, closing or sale of a subsidiary or the establishment of a defined contribution plan that competes with the Plan for employee contributions) that cause a significant withdrawal from the Plan; or
- Any change in law, regulation, ruling, administrative or judicial position or accounting requirement applicable to the Fund or participating Plans.

Circumstances That Impact the Fund — The Fund invests in wrapper contracts issued by third parties. A wrap contract is an agreement issued by a third party, such as a bank or insurance company backed by a portfolio of investments that are owned by the Funds. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. Wrapper agreements permit the Funds' investment manager or issuer to terminate upon notice at any time at fair value and provide for automatic termination of the wrapper contract if the fair value of the contract equals zero. In addition, if the Funds default in their obligations under the agreement (including the determination that the agreement constitutes a non-exempt transaction as defined under ERISA) and such default is not cured, then the wrapper contract may be terminated by the issuer and the Funds will receive the fair value at the date of termination.

In the event that the wrap contracts fail to perform as intended, the Fund's NAV may decline if the market value of its assets declines. The Fund's ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer's ability to meet their financial obligations. The wrap issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

6. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Wells Fargo Bank, N.A, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Statements of net assets available for benefits:	2013	2012
Investments at fair value:		
Mutual funds	\$75,796,659	\$60,192,537
Common collective trust funds	8,092,221	6,689,189
Statement of changes in net assets available for benefits — investment activity:		
Interest and dividends	\$ 927,432	
Net appreciation in fair value of investments	13,782,938	

In addition, all investment balances and information included in the supplemental schedule of assets held (at end of year) and in Notes 3 and 4 were certified by the trustee except for the level classification of each investment as of December 31, 2013 and 2012, disclosed in Note 4.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and common collective trusts managed by Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. is trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

9. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 25, 2012, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions. Plan management believes all years remain open and subject to audit.

10. NONEXEMPT PARTY-IN-INTEREST TRANSACTION

During the course of an audit by the Department of Labor (DOL), it was determined that for the period January 1, 2013 through July 31, 2013 and the Plan years ended December 31, 2010 through December 31, 2012 the Company did not remit on a timely basis \$1,352,597 and \$6,830,314, respectively, of participant contributions to the trustee. On average these contributions were remitted approximately one day later than the two business day standard applied by the DOL pursuant to its interpretation of DOL Regulation Section 2510.3-102.

The estimated amount of investment income that would have been earned for the Plan years December 31, 2010 through December 31, 2012 had the participant contributions been remitted on a timely basis related to these late deposits amounted to \$4,452. This amount was calculated using the statutory rate set forth in the IRC and subsequent to December 31, 2012, was deposited into the Plan as directed by the DOL. All late contributions from the period January 1, 2013 through July 31,

2013 were remitted within the 2013 Plan year and therefore no earnings were calculated on that amount. The Company intends to file a Form 5330 with the IRS and paid the required excise tax related to these late deposits. See Note 12 Subsequent Events.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2013 and 2012 is as follows.

	2013	2012
Net assets available for benefits per the financial statements	\$87,278,530	\$69,702,541
Excess contributions payable	45,519	58,146
Loans deemed distributions	(11,725)	(13,933)
Employer contribution receivable and other receivable	<u>(752,236)</u>	<u>(707,488)</u>
Net assets per Form 5500	<u>\$86,560,088</u>	<u>\$69,039,266</u>

For the year ended December 31, 2013, the following is a reconciliation of increase in net assets per the financial statements to net income per the Form 5500:

Increase in net assets per the financial statements	\$ 17,575,989
Change in excess contributions payable	(12,627)
Change in loans deemed distributions	2,208
Change in employer contributions	<u>(44,748)</u>
Net income per the Form 5500	<u>\$ 17,520,822</u>

12. SUBSEQUENT EVENTS

On March 14, 2014, the Company filed a Form 5330 with the IRS and paid the excise tax owed related to the late deposits which were found as part of the DOL audit.
