INDEPENDENT AUDITORS' REPORT

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedules

The supplemental schedules, Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year), are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter - 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Vanguard Fiduciary Trust Company, the Trustee of the Plan. Their report dated October 2, 2013 indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations 2013

The form and content of the information included in the 2013 financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DAYTON PROGRESS/PCS EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the **Dayton Progress/PCS Employee Retirement Plan** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Dayton Progress Corporation (the "Company" or "Sponsor"). The Plan allows all eligible employees to participate upon the date of hire. Non-resident aliens, leased employees, full-time college students participating in internship and cooperative study programs and certain employees of companies affiliated through common ownership are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective October 26, 2012, the Plan was established with a transfer from the Connell Limited Partnership Employee Retirement Savings Plan. The 2012 financial statements cover the period from October 26, 2012 (inception) to December 31, 2012.

Contributions - The Plan provides for employee salary deferrals within statutory limits, as defined in the Plan, each year as an elective deferral. Additionally, the Plan allows participants to make after-tax deferrals. Employees that meet eligibility requirements are automatically enrolled at a 3% deferral rate, unless an alternative election is made. This rate increases 1% each year on March 15, up to a maximum of 15%. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions. Employer matching contributions are discretionary, and participants become eligible for these contributions upon eligibility to participate in the Plan. For the years 2013 and 2012, the Plan contributed 100% of the first 3% of elective deferrals and 50% of the next 2% of elective deferrals that a participant contributed to the Plan. No contributions shall be made on behalf of a participant to the extent that, when added to the participant's salary deferral contributions, it would cause the amounts allocated to exceed the limitations allowed by the Internal Revenue Service.

The Company may also make discretionary profit sharing contributions to the Plan for eligible employees. To be eligible for the profit sharing contributions, a participant must complete one year of service and be employed by the Company as of the last day of the Plan year, unless separated due to death, disability or attainment of retirement age. Allocations of the Company's profit sharing contributions are made on the ratio a participant's compensation bears to the total eligible compensation. For the year 2013 and the period of inception (October 26, 2012) to December 31, 2012, the Company did not make these types of contributions to the Plan.

Participant Accounts - Vanguard Fiduciary Trust Company (the "Trust") is Trustee and custodian of Plan investments. Each participant's account is credited with the participant's contributions, Company contributions, net earnings or losses, distributions, and withdrawals. Company contributions are allocated based on participants' compensation as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately, and distinctly, into which investment the participant contribution, employer match, and discretionary contribution are to be invested.

DAYTON PROGRESS/PCS EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are immediately fully vested in their voluntary contributions, rollovers, employer matching contributions and corresponding earnings. The following schedule will be used to determine vesting in the profit sharing contributions and its earnings:

<u>Completed Years of Service</u>	<u>Vesting Percentages</u>
Fewer than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Participant Loans - Participants may borrow from the Plan in any amount between \$1,000 and \$50,000, but not more than 50% of their vested account balance. Loans bear interest at an agreed-upon percentage based on prevailing market rates, subject to applicable usury limits. Loan terms are for a period not exceeding five years. A 10-year term may be approved by the Plan if proceeds are to be used for the purchase of a primary residence. Loans are secured by the balance in the participants' accounts. Principal and interest are paid ratably through payroll deductions. No more than one loan may be outstanding at a time, unless one loan is for the purchase of a primary residence.

Benefits Paid - Upon termination of service by reason of retirement, death, permanent disability, or otherwise, participants, or designated beneficiaries, may elect to receive their vested balance in a lump-sum amount. Upon termination, if the participant's account balance is \$1,000 or less, the Plan Administrator may elect to automatically distribute the balance to the participant in a single-sum payment. If the balance does not exceed \$5,000, and the participant does not elect to have the distribution paid directly to an eligible plan, the Plan Administrator may make a lump-sum distribution to a direct rollover individual retirement account. In addition, participants may receive distributions of pre-tax deferrals for qualified financial hardships.

Forfeitures - Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions. There were no forfeitures during 2013 and 2012. There were no unallocated forfeitures at December 31, 2013 and 2012.

Investment Options - Upon enrollment in the Plan, a participant may currently direct contributions in any of 24 investment options in increments of one percent. Participants may change their investment options at any time via telephone or the Internet. Deferral percentages can be changed via the enrollment form or the Internet.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits is prepared on a contract value basis.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of net assets, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Participant Loans Receivable - Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for loans receivable considered uncollectible has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Company pays certain administrative expenses of the Plan, and the Plan participants will bear the responsibility of the remaining expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 28, 2014, the date the financial statements were available to be issued.

Reclassifications - Certain amounts in the 2012 financial statements have been reclassified to conform to the 2013 financial statement presentation.

NOTE 3 - INVESTMENTS

The following table presents investments that represent five percent or more of the Plan's net assets as of December 31, 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Vanguard Retirement Savings Trust	\$ 17,426,843	\$ 19,453,870
Vanguard Primecap Fund Investor Shares	10,780,941	7,492,800
Vanguard 500 Index Fund Investor Shares	9,488,777	7,292,783
Vanguard Wellington Fund Investor Shares	3,894,847	3,383,873
Vanguard Explorer Fund Investor Shares	3,441,657	

During 2013 and 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	<u>2013</u>	<u>2012</u>
Equity security funds	\$ 8,069,017	\$ (171,481)

NOTE 4 - SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

The total value of investments and participant loans receivable held by the Trustee at December 31, 2013 and 2012 was \$67,093,251 and \$56,786,012. The Trustee of the Plan has supplied the Plan Administrator with a certification as to the completeness and accuracy of the following information at December 31, 2013 and 2012:

- Investments
- Interest and dividend income
- Net appreciation (depreciation) in fair value of investments
- Participant loans receivable

NOTE 5 - FAIR VALUE MEASUREMENTS

Accounting standards provide a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

DAYTON PROGRESS/PCS EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - FAIR VALUE MEASUREMENTS - CONTINUED

The three levels of the fair value hierarchy under the accounting standards are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013.

Common collective trust: Valued at the net asset value (NAV) of units of a collective trust. The NAV is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily, but can also be temporarily delayed to ensure liquidation in an orderly business manner in the event that a full redemption is initiated.

Equity security funds: Valued at the daily closing price reported by the fund as registered with the Securities and Exchange Commission. The funds held by the Plan are deemed to be actively traded and are required to publish their NAV and to transact at that price.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 - FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Vanguard Retirement Savings Trust is a common collective trust that consists of a pool of investment contracts that are issued by insurance companies and commercial banks and other contracts that are backed by bond trusts selected by Vanguard Fiduciary Trust Company. The issuers' ability to meet these obligations may be affected by economic developments in their respective companies and industries. This common collective trust is included in the statements of net assets available for benefits at its fair market value. The average yield credited to participants was 1.56% and 1.82% for 2013 and 2012. The underlying investment return was 1.98% and 2.22% for 2013 and 2012.

Certain events, such as premature termination of the investment in the common collective trust by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Vanguard Fiduciary Trust Company. The Plan Administrator believes the occurrence of such events, which would also limit the Plan's ability to transact at contract value with Plan participants, is not probable.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan assets are invested with Vanguard Fiduciary Trust Company. Thus, Vanguard Fiduciary Trust Company, as Trustee defined by the Plan, qualifies as a party-in-interest. In addition, the Trustee receives certain fees for recordkeeping and management of the Plan. Fees paid by the Plan for Trustee services for the year 2013 and the period of inception (October 26, 2012) to December 31, 2012 totaled \$25,142 and \$2,865.

Mayer Hoffman McCann P.C., as former auditors, qualified as a party-in-interest. Audit fees expensed by the Plan during the year 2013 and the period of inception (October 26, 2012) to December 31, 2012 totaled \$12,300 and \$0.

The Plan Sponsor also provides certain accounting, recordkeeping, and administrative services to the Plan, for which it receives no compensation.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in the employer profit sharing contributions.

NOTE 9 - TAX STATUS

The Plan adopted a Prototype Non-Standardized Profit Sharing and 401(k) Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

DAYTON PROGRESS/PCS EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 9 - TAX STATUS - CONTINUED

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - BENEFITS ALLOCATED TO WITHDRAWN PARTICIPANTS

At December 31, 2013 and 2012, there were no amounts due to participants who have withdrawn from the Plan and requested benefit payment prior to year-end.

NOTE 12 - NON-EXEMPT TRANSACTIONS

During 2013, the Plan sponsor failed to timely remit participant contributions in the amount of \$3,169. As a result of this failure, a non-exempt transaction was reported. The Plan sponsor was liable for lost earnings and excise tax, which was paid during 2013. The Plan sponsor was timely on the remittance of all participant contributions during 2012.

NOTE 13 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For 2013 and 2012, there were no differences between the financial statements and the Form 5500.

We have conducted a DOL limited-scope audit of the financial statements of the **Dayton Progress/PCS Employee Retirement Plan** (the "Plan") for the year ended December 31, 2013, and have issued our report thereon dated July 28, 2014. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America, and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 1, 2014. Professional standards also require that we communicate to you the following information related to our audit.

COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2013. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the Plan's financial statements in the proper period.

Accounting estimates are an integral part of the Plan's financial statements prepared by management, and are based on Plan management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the Plan's financial statements, and because of the possibility that future events affecting them may differ significantly from those expected.

Qualitative Aspects of Accounting Practices - continued

The most sensitive estimates affecting the Plan's financial statements was management's estimate of the valuation of participant loans receivable held by the Plan, and the estimate of the fair value of the common collective trust that does not have a readily determinable fair value, and is based on assumptions determined by a third-party. We evaluated the key factors and assumptions used in developing these estimates in determining that the valuation of participant loans receivable, and the fair value of the common collective trust, are reasonable in relation to the Plan's financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to the Plan's financial statement users. The most sensitive disclosures affecting the Plan's financial statements are the disclosures describing the Plan (Note 1), the disclosure summarizing the information certified by plan trustees (Note 4), the disclosure for fair value measurements (Note 5), the disclosure for related party transactions (Note 7), the disclosure for the tax status of the Plan (Note 9), and the disclosure of the late remittance classified as a non-exempt transaction (Note 12).

The Plan's financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with Plan management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. The attached schedule summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. There were no further misstatements detected as a result of our audit procedures, and all entries approved by Plan management related to bookkeeping for the Plan based on the certified trust report, as provided by Vanguard.

Disagreements with Management

For purposes of this letter, a disagreement with Plan management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the Plan's financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from Plan management that are included in the management representation letter dated July 28, 2014.

Management Consultations with Other Independent Accountants

In some cases, Plan management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements, or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with Plan management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the Plan's financial statements, we made certain inquiries of Plan management, and evaluated the form, content, and methods of preparing the information, to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements, or the financial statements themselves.

It was a pleasure working with Plan management and supporting personnel as they were very attentive to our requests, and facilitated the completion of the audit process in a very professional manner.

This information is intended solely for the use of the Plan Sponsor and other individuals involved with the administration of the **Dayton Progress/PCS Employee Retirement Plan**, and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

BRADY, WARE & SCHOENFELD, INC.
