NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

1. PLAN DESCRIPTION

The following description of the Burgers of Beaumont Employee Savings Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Burgers of Beaumont Employee Savings Plan (the Plan) was formed on January 1, 2000 and provides supplemental retirement income to employees of Burgers of Beaumont I, Ltd (the Partnership). The Partnership administers the Plan and provides all necessary facilities, services, and administration. Associated administrative expenses of the Plan are paid by the Partnership with minimal fees paid by the Plan participants. Effective January 12, 2010, American Funds (an affiliate of Capital Bank and Trust) was engaged to provide plan services related to the participant directed investments.

Plan Restatement - Effective January 1, 2010, the Plan underwent a complete restatement.

Under the restated plan, the plan is a defined contribution plan, which is intended to qualify under section 401(a) of the Internal Revenue Code. As a defined contribution plan, it is not covered under Title IV of ERISA and, therefore, benefits are not insured by the Pension Benefit Guaranty Corporation.

To be eligible to participate, employees of the Partnership must have attained the minimum age of 20 years and have twelve months of service with at least 1,000 hours worked during the 12 month period. If an employee does not attain 1,000 hours worked during the 12 months following their hire date, then they must work 1,000 within any following plan year to become eligible. Eligible employees are allowed to enter the plan on the first day of each calendar quarter.

Eligible employees that have entered the Plan are then eligible to make pre-tax salary deferrals to the Plan. Salary deferrals are invested as directed by the participant in accordance with the Plan's investment policies.

The Partnership is able to make discretionary contributions to the plan, as determined by Partnership management. In order to be eligible to receive an employer contribution, the participant must be employed on the last day of the plan year and have completed 1,000 hours of service during the plan year.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Proto-type Plan Sponsor Amendments - In conjunction with the restatement several amendments to the proto-type plan were simultaneously implemented to amend the restated Plan so it would comply with various regulatory directives that had been implemented subsequent to the establishment of the proto-type plan. As allowed under Section 14.01 of the Plan, the Plan was amended as follows:

Effective January 1, 2010, Interim Amendment #1 was implemented to comply with Code Section 415 Amendments related to the elective provisions affecting post-severance compensation.

1. **PLAN DESCRIPTION** (continued)

Effective January 1, 2010, Interim Amendment #2 was implemented to comply with the Pension Protection Act of 2006.

Effective January 1, 2010, Interim Amendment #3 was implemented to comply with the HEART Act, WRERA, and other Internal Revenue Service guidance.

Plan Sponsor Amendments - Effective September 7, 2010, the plan sponsor amended the plan provisions related to the minimum age and service requirements. The minimum age requirement was increased to 21 years of age. The original 12 month service requirement with 1,000 hours of service remained unchanged. The entry dates were changed from the first day of each calendar quarter to the first day of the plan year and the first day of the seventh month of the plan year.

Effective January 22, 2013, the plan sponsor amended the plan provisions related to distributions. Terminated employees with a total vested benefit of $5,000 or less will receive a lump sum distribution at termination, even if the employee does not consent to the distribution.

Effective November 4, 2013, the plan sponsor amended the plan provisions related to the minimum age and service requirement to include a special rule. By special rule, a named employee who became employed on November 4, 2013 was eligible to enter the plan on November 4, 2013, without regard to the minimum age or service requirement.

Contributions - Participants may elect to contribute up to the amount allowable under the current IRS rules and regulations. Pursuant to the Plan document, the Partnership may make discretionary employer contributions which are determined by Partnership management on an annual basis. Typically the match has equaled 25% of the employees' elective deferrals. The Partnership may also make additional discretionary matching or pro-rata employer contributions as deemed necessary by Partnership management. For the years ended December 31, 2013 and 2012 matching contributions amounted to $13,686 and $10,383, respectively. The Plan is participant directed, and participants may change their contribution rates and investment options at any time. Rollover contributions are permitted only by employees who have satisfied the conditions for participation.

Participant Accounts - Each participant's account is credited with the participant's contribution, benefit payments or withdrawals, the employer's contributions, and allocation of the Plan's earnings or losses. Earnings and losses are allocated daily based on the ratio of an individual's account balance to the total account balances of all participants in the same investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeitures - On or before each anniversary date, any amounts that become forfeitures since the last anniversary date may be made available to be used to pay administrative expenses of the Plan. The remaining forfeitures, if any, shall be used to reduce employer contributions. Participants must be employed on the last day of the Plan year to receive an employer contribution.

Payment of Benefits - Benefits under the Plan are payable in a lump sum of cash or property allocated to the participants account for any of the following reasons: a) retirement on or after age 65, b) hardship, c) total and permanent disability, d) death, e) termination of employment, or f) required distributions for participants turning 70 ½ years of age.

1. **PLAN DESCRIPTION** (continued)

Plan Termination - Although it has not expressed the intention to do so, the Partnership has the right under the Plan to discontinue its contributions at anytime and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Vesting - Participants are immediately vested in their own contributions and the appreciation or depreciation thereon. If a participant terminates employment prior to normal retirement age for any reason other than death or permanent disability, the participant's interest in the employers' contributions to the Plan for his or her benefit vests as follows:

Years of Service	Percent Of Non-forfeitable Interest
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

For vesting purposes, a participant must complete 1,000 hours of service in the first 12 months of employment or during any subsequent Plan year to qualify for a year of service.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires trustees to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Presentation - The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for the benefit of the participants and changes in those net assets.

Federal Income Taxes - A favorable determination letter was obtained for the proto-type non-standardized profit sharing plan, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. A determination letter has not been obtained specifically on the Burgers of Beaumont Employee Savings Plan. Both the proto-type and adopted plans have been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last three years remain subject to examination.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Administrative Expenses - Certain administrative functions are performed by employees of the sponsoring companies. No such employees receive compensation from the Plan. Administrative expenses for the trustee's fees are paid directly by the Plan sponsor. For the year ended December 31, 2013 and 2012 administrative expenses paid by the Company amounted to $13,593.09 and $12,781, respectively.

3. **NON-DISCRIMINATION TESTS**

The Plan requires excess contributions plus any income and less any losses to be refunded to the highly compensated employees. Corrective distributions for the years ended December 31, 2013 and 2012 amounted to $2,690 and $643, respectively.

Contributions received from participants for 2013 and 2012 are net of payments of $0 and $17,347 made in 2013 and 2012 respectively to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The related employer match for 2013 and 2012 was reduced by $2,365 and $6,886 for their portion of the refunded excess contributions. In addition, the appreciation of investments was reduced in 2013 and 2012 by $325 and $2,494 for the appreciation in assets related to the excess contributions. The combined amount is also included in the plan's statement of net assets available for benefits as excess contributions payable at December 31, 2013 and 2012.

4. **INVESTMENTS**

American Funds (an affiliate of Capital Bank and Trust) held the Plan's investment assets and executed investment transactions. Investment options consisted of shares of registered investment companies (mutual funds). The mutual funds are reported at fair value based on the quoted market price of the fund, which represents the net asset value of the shares held by the fund at year-end. Investment purchase and sales transactions are recognized on the trade date (the date the order to buy or sell is executed). Dividends are recorded on the ex-dividend date. Participants in the Plan may choose to invest both the employee's contributions and employer's contributions in the following investment options. Participants may change their investment options daily.

Through December 31, 2013:

The Growth Fund of America	2010 Target Date Retirement Fund

2020 Target Date Retirement Fund	41,477
Money Market Fund	69,553
2035 Target Date Retirement Fund	253,571
	$472,179

5. PROHIBITED TRANSACTIONS

According to Department of Labor Regulation 2510.3-102, all participant contributions are considered to be employee contributions under ERISA and generally constitute Plan assets that should be credited to participant accounts as soon as practicable, but in no event more than the 15th business day following the end of the month in which amounts are contributed by employees or withheld from their wages. If contributions are made untimely, it is considered a non-exempt, prohibited transaction. As of December 31, 2013 and 2012, there were no instances of non-exempt transactions.

6. FAIR VALUE MEASUREMENTS

FASB Statement No. 157, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Burgers of Beaumont
Employee Savings Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

6. **FAIR VALUE MEASUREMENTS** (continued)

The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

Level 1: Quoted prices are available in active markets for identical assets or liabilities;
Level 2: Quoted prices in active markets for similar assets and liabilities that are observable for the asset or liability; or
Level 3: Unobservable pricing inputs that are generally less observable from objective sources, such as discounted cash flow models or valuations.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012 with the exception of a change in the type of investments held in the plan.

Registered Investment Funds: Valued at fair market value based on the quoted market price of the mutual fund. Since these assets are valued based on the open market price, they will be classified as level 1 fair value measurements.

Collective Investment Funds: Valued at fair market value of the funds underlying securities. Since interests of the fund cannot be acquired on the open market, these assets will be classified as level 2 fair value measurements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	2013 Fair Value Measurements Using		
	Level 1	Level 2	Level 3
Registered Investment Companies	$ 682,449	$ -	$ -

	2012 Fair Value Measurements Using		
	Level 1	Level 2	Level 3
Registered Investment Companies	$ 545,920	$ -	$ -
