Resource Recovery Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Resource Recovery Pension Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by T. Rowe Price Trust Company, the trustee, except for comparing such information with the related information included in the 2013 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2013 and for the year then ended that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these 2013 financial statements.

Other Matters

The statement of net assets available for benefits of the Plan as of December 31, 2012, was reported on by other auditors whose report dated August 28, 2013, disclaimed an opinion for the same reasons described in the Basis for Disclaimer of Opinion paragraph. The form and content of the information included in that financial statement, other than that derived from information certified by the trustee, were audited by them in accordance with auditing standards generally accepted in the United States of America and, in their opinion, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2013 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2013 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Resource Recovery Pension Plan

Notes to Financial Statements

December 31, 2013 and 2012

1. Description of Plan

The Resource Recovery Pension Plan (the “Plan”) became effective as of January 1, 1993 and was amended effective December 31, 2001 to freeze the Plan to participation and employer contributions. Covanta Energy Services, Inc. (“Covanta Energy” or the “Company”) is the Plan sponsor. The Plan is a defined contribution plan covering all employees of Ogden Resource Recovery Support Services, Inc. who had completed at least 1,000 hours of service prior to December 31, 2001. The Administrative and Investment Committees of the Board of Directors of the Company (“Plan Administrator”) control and manage the operation and administration of the Plan. T. Rowe Price Trust Company (the “Trustee”) is the Trustee for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is periodically amended to comply with applicable laws.

Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Employer Contributions

Contributions made to the Plan for the benefit of participants or their beneficiaries are to be invested at the election of the participant.

Payment of Benefits

Upon retirement, death, or disability, the participant is entitled to receive benefits equal to the value of the vested portion of the participant’s account by the distribution method elected by the participant. Benefits under the Plan are payable in various forms of annuities, as well as a lump-sum payment option.

If the value of a participant’s vested account balance is \$1,000 or less at the time of termination of employment, the benefit will be paid as a lump-sum payment. If the value of a participant’s vested account balance is greater than \$1,000, but less than \$5,000, and if the participant does not elect to have the distribution paid to him directly or to an eligible retirement plan in a direct rollover, then the Plan will distribute the participant’s account in a direct rollover to an IRA designated by the Plan Administrator. If the value of the participant’s vested account balance is greater than \$5,000, a distribution shall be made at the election of the participant.

Upon termination for reasons other than normal retirement, death, or disability, the participant is entitled to receive a benefit equal to the value of the participant’s vested interest in the contributions made to the participant’s account by the distribution method elected by the participant. Any excess of the amount credited to the participant’s employer contribution account over the participant’s vested interest is forfeited.

Resource Recovery Pension Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting

Eligible employees who were participants on January 31, 1993 were 100% vested in their accounts. Eligible employees who became participants in the Plan after January 31, 1993 and prior to the December 31, 2001 freeze date, vested based on years of service and became fully vested after five years of service. The amount of any forfeitures shall be used to offset administration expenses of the Plan. During 2013 and 2012, the amounts the Company utilized to offset administrative expenses were not material. At both December 31, 2013 and 2012, the balance of unused forfeited amounts available to offset future administrative expenses was not material.

Administrative Expenses

Administrative expenses of the Plan are paid by either the Plan or the Plan's sponsor as provided in the Plan document.

Participant Accounts

Each participant's account is credited with Plan earnings and is charged with his or her withdrawals and an allocation of expenses and losses which are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Termination

The Board or the Administrative Committee may amend the Plan at any time. No such amendment, however, may have the effect of diverting to the Company any part of the Plan or of diverting any part of the Plan for any purpose other than for the exclusive benefit of the participants. Likewise, an amendment may not reduce the interest of any participant in the Plan accrued prior to such amendment. The Board or the Administrative Committee may, however, make such amendments to the extent required to conform the Plan to ERISA or to maintain the continued qualified status of the Plan under the Section 401(a) of the Internal Revenue Code (the "Code").

On June 5, 2014, the Company informed participants of the Plan that the Plan will be terminated, subject to approval by the Internal Revenue Service ("IRS") with the intention of fully distributing plan assets as promptly as practicable following such approval. For additional information see Note 10. Subsequent Events. In the event of the Plan's termination, the interest of each participant in service as of the date of such termination shall be fully-vested and non-forfeitable in their benefits accrued to such date.

Resource Recovery Pension Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on an accrual basis of accounting.

Investment Valuation

All investments are carried at fair value. Refer to Note 4 for further details related to the Plan's valuation methods.

Benefits

Benefits are recorded when paid.

Income Recognition

Unrealized gains and losses are determined based on the fair value of assets at the beginning and end of the Plan year. Realized gains and losses are determined based on the carrying value and sales price of the assets at the trade date. Purchases and sales of securities are recorded on a trade date basis. Dividend income is accounted for on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results may differ from those estimates.

3. Fully Benefit-Responsive Investment Contracts

The Plan's investment in a collective trust consists of the T. Rowe Price Stable Value Fund (the "Fund"), which invests primarily in Guaranteed Investment Contracts, Bank Investment Contracts, and Structured Investment Contracts. These are investment contracts in which the Fund owns the underlying assets and purchases fully benefit-responsive wrapper contracts from independent third parties that provide market value and cash flow risk protection. The Fund is designed to deliver safety and stability by preserving principal and accumulating earnings. There are currently no redemption restrictions for investments in the Fund.

Resource Recovery Pension Plan

Notes to Financial Statements (continued)

3. Fully Benefit-Responsive Investment Contracts (continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the Plan's investment in the Fund as well as the difference between the Plan's investment at fair value and the Plan's investment at contract value.

The fair values of participation units in the Fund are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the Fund (Level 2 inputs). The fair value of the Fund's underlying assets are generally determined by discounting the scheduled future payments required under the contract based on current yields of similar instruments with comparable duration. The fair values of the wrapper contracts are based upon their estimated replacement cost based on issuer quotes. The contract values of the Fund's investment contracts' represent the sum of participants' contributions, gains and losses on the underlying assets, participants' withdrawals and administrative expenses.

4. Fair Value Measurements

Fair value is the exit price associated with the sale of an asset or transfer of a liability in an orderly transaction between market participants at the measurement date. The following sets forth the types of assets measured at fair value and a brief description of the evaluation technique for each asset type:

Position Description	Types of Investments	Valuation Technique
Mutual Funds	Funds that invest in a diversified portfolio consisting of stocks, bonds, short-term money market instruments and/or other securities.	Priced at fund Net Asset Value (NAV) per share. Each fund's NAV is based on quoted current market prices (Level 1 inputs).
Stable Value collective Trust Fund	The Fund invests in Guaranteed Investment Contracts, Bank Investment Contracts, and Structured Investment Contracts.	The fair value of the Fund is described in Note 3.

Assets recorded at fair value are categorized using defined hierarchical levels directly related to the amount of subjectivity associated with the inputs to valuation of an asset. Fair value

measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2013 and 2012:

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and the adjustment from fair value to contract value for fully benefit-responsive investment contracts at December 31, 2013 and 2012, and net realized and unrealized appreciation in fair value of investments, other income, and dividend income for the year ended December 31, 2013, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee. This certified information has not been audited by independent accountants.

6. Tax Status

The Plan received a determination letter from the IRS dated September 27, 2010 stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receipt of the determination letter; however, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

8. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Net assets available for benefits per the financial statements	\$ 8,659,949	\$ 7,263,694
Deficiency of contract value over estimate fair value of investment in stable value fund	4,350	12,557
Net assets available for benefits per the Form 5500	<u>\$ 8,664,299</u>	<u>\$ 7,276,251</u>

8. Reconciliation to the Form 5500 (continued)

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2013, per the financial statements to the net income reported in the 2013 Form 5500:

Increase in net assets available for benefits per the financial statements	\$ 1,396,255
Change in excess of contract value over estimated fair value of investment in stable value fund	(8,207)
Net income per the Form 5500	<u>\$ 1,388,048</u>

9. Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some party-in-interest transactions are exempt from the prohibited transaction rules under ERISA, including: (i) expenses paid for by the Plan, (ii) the Plan's investments in certain mutual funds, and (iii) the collective trust managed by the Trustee.

10. Subsequent Events

Effective May 27, 2014, the Plan was amended to change the Plan sponsor from Covanta Energy Services, Inc. to Covanta Projects, Inc., a state of Delaware Corporation.

In May 2014, the Plan was amended, effective June 26, 2013, to be administered in accordance with the U.S. Supreme Court's ruling in *United States v. Windsor*, which declared that Section 3 of the 1996 Defense of Marriage Act ("DOMA") was unconstitutional. This affected several components of the Plan with regard to spousal rights, including, but not limited to, spousal rollover rights, designation of a spouse (including same sex spouse) as primary beneficiary, and the ability of a same-sex spouse to file a qualified domestic relations order in the event of a termination of marriage.

On June 5, 2014, the Company informed participants of the Plan that the Plan will be terminated, subject to approval by the IRS, with the intention of fully distributing plan assets as promptly as practicable following such approval. The Company approved the 2014 Termination Amendment to the Plan, terminating the Plan, effective December 31, 2014. Subject to the IRS' approval of the termination, the Company plans to offer three options for the payment of Plan benefits to

participants who are not already receiving monthly benefit distributions, if the value of the participant's benefit exceeds \$5,000. At the election of the participant, the Company will distribute a lump sum payment that the participant can roll over to an Individual Retirement Account or another qualified plan, distribute a lump sum payment paid directly to the participant, or provide an annuity that the Company will purchase for the participant from an annuity provider selected by the Company. The benefit and payment options that a participant receives from the annuity provider will be the same benefit and options that were available under the Plan. If the value of the participant's benefit is \$5,000 or less, the participant will automatically receive a lump sum payment. For participants who are already receiving a monthly annuity benefit, they can elect to continue their current monthly benefit, but have it paid by an annuity provider selected by the Company, or elect to receive the value of their remaining annuity in full as a lump sum payment.

The Company has evaluated all significant activities through September 24, 2014 (the date these financial statements were available to be issued) and concluded that no additional subsequent events occurred that would require recognition in the financial statements or disclosure in the notes to financial statements.
