Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule (Schedule of Assets Held at End of Year) as of the year ended December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Description of the Plan

The following description provides only general information of the Lynx Software Technologies, Inc. 401(k) Profit Sharing Plan (the Plan), formerly known as LynuxWorks, Inc. 401(k) Profit Sharing Plan. Interested persons should refer to the Plan agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established by Lynx Software Technologies, Inc. (the Company), formerly known as LynuxWorks, Inc. The Plan is a participant-directed defined contribution plan established by the Company under the provision of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan has been amended since inception to comply with tax law changes and make other changes to the Plan's design.

Plan Administration

The Company has delegated certain responsibilities for the operation and administration of the Plan. In addition, certain administrative and recordkeeping services were provided by Fidelity.

Contributions

Participants are permitted to make voluntary salary deferral contributions of up to 90% of eligible compensation not to exceed statutory limits. The Plan permits participants to make certain tax-free transfers (rollovers) of lump sum distributions received from other tax-qualified plans subject to regulations. The Company may make profit sharing contributions and matching contributions at the discretion of the Company's Board of Directors. Contributions are subject to certain limitations. The Company did not make profit sharing contributions or matching contributions for the years ending December 31, 2013 and 2012.

Vesting

Participants are immediately vested in their salary deferral and rollover contributions and Company profit-sharing contributions, plus earnings thereon. Vesting with respect to employer matching contributions is based on a graduated schedule:

Years of Service With the Employer	Percent of Nonforfeitable Accrued Benefit
1	25%
2	50%
3	75%
4 or more	100%

Note A – Description of the Plan (Continued)

Participant Accounts

Participant accounts are credited with the participant contributions and an allocation of (a) Company discretionary profit sharing contributions and (b) Plan earnings (less any losses). Participant accounts are also charged an allocation of Plan expenses. Allocations are based on participant earnings or account balances. Participants may invest their accounts in several investment options offered by the Plan.

Payment of Benefits

Upon a participant's termination of employment, death, or disability, the participant (or the participant's beneficiary in the event of death) may elect to receive a lump sum distribution equal to the value of his or her account, or direct trustee to trustee rollovers. If the participant's account balance is less than $1,000, a lump sum distribution will be made without regard to the consent of the participant or the participant's spouse. There were no benefits payable to terminated participants who have elected to withdraw from the Plan at December 31, 2013 and 2012.

Hardship Withdrawals

Participants may withdraw their vested contributions in the event of hardship as defined in the plan agreement.

Notes Receivable from Participants

Participants may borrow against their vested balances for any reason. The loan provisions are structured to allow access to vested balances without incurring distribution penalties. The loan amount, length of loan repayment terms and interest rates are limited by statutory restrictions incorporated in the Internal Revenue Code and related regulations.

The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested balance. Such loans bear interest at the available market financing rates and must be repaid to the Plan within a five year period, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such loans are established by the Plan administrator. Outstanding loans at December 31, 2013, carry interest rates ranging of 4.25%.

Forfeitures

At December 31, 2013 and 2012, forfeited non-vested accounts totaled $0 and $82,798, respectively. These accounts are used to reduce employer contributions and pay administrative expenses of the Plan. If not used to reduce employer contributions or pay administrative expenses, the forfeitures can be re-allocated amongst the Plan's participants. During the year ended December 31, 2013, the Company allocated the total forfeiture account balance of $84,318 to the Plan participants.

Note A – Description of the Plan (Continued)

Plan Expenses

Certain direct expenses, as determined by the trustees, may be charged to the Plan and paid for with Plan assets. Plan expenses include investment management and transaction fees. Expenses to administer the Plan are paid by the Company and, therefore, are not reflected in the Plan's financial statements.

Note B – Summary of Significant Accounting Policies

Basis of Presentation and Accounting Period

The Plan presents its financial statements on the accrual basis of accounting. The Plan has adopted a calendar year end.

Valuation of Investments

The Plan investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net assets value of shares held by the Plan at year-end. Participant loans are valued at cost, which approximates fair value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 3, 2014, the date the financial statements were available for issuance.

Note C – Information Certified by the Plan's Trustee and Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the trustee, except for comparing such information certified by the trustee to information included in the plan's financial statements and supplemental schedule of assets held for investment purposes.

Investments certified by Fidelity:

	2013	2012
Cash, interest-bearing	$ 472,479	$ 647,431
Mutual funds	7,830,688	6,599,618
Notes receivable from participants	66,900	41,849

In addition, the trustee also certified to net appreciation in fair value of investments in the amount of $813,305 and interest and dividend income in the amount of $3,587 and $402,916, respectively, for the year ended December 31, 2013.

Note D – Investments

The following presents investments that represent 5% or more of the Plan's net assets.

Note E – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note E – Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Values as of December 31, 2013

Note F – Tax Status

The plan obtained its latest determination letter on November 5, 2009, in which the Internal Revenue Service stated that the plan was in compliance with the applicable requirements of the Internal Revenue code. The plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. No uncertain positions have been identified that would require recognition of a liability (or asset) or disclosure in the financial statements as of December 31, 2013. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

Note G – Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note H – Party-In-Interest Transactions

Administrative expenses of the Plan are paid by the Company. The Plan invests in mutual funds managed by Fidelity, the administrator and investment custodian. Other than as described above, the Plan has no agreements or transactions with any party-in-interest.

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Lynx Software Technologies, Inc. 401(k) Profit Sharing Plan
San Jose, California

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Lynx Software Technologies, Inc. 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule (Schedule of Assets Held at End of Year) as of the year ended December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A – Description of the Plan

The following description provides only general information of the Lynx Software Technologies, Inc. 401(k) Profit Sharing Plan (the Plan), formerly known as LynuxWorks, Inc. 401(k) Profit Sharing Plan. Interested persons should refer to the Plan agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established by Lynx Software Technologies, Inc. (the Company), formerly known as LynuxWorks, Inc. The Plan is a participant-directed defined contribution plan established by the Company under the provision of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan has been amended since inception to comply with tax law changes and make other changes to the Plan's design.

Plan Administration

The Company has delegated certain responsibilities for the operation and administration of the Plan. In addition, certain administrative and recordkeeping services were provided by Fidelity.

Contributions

Participants are permitted to make voluntary salary deferral contributions of up to 90% of eligible compensation not to exceed statutory limits. The Plan permits participants to make certain tax-free transfers (rollovers) of lump sum distributions received from other tax-qualified plans subject to regulations. The Company may make profit sharing contributions and matching contributions at the discretion of the Company's Board of Directors. Contributions are subject to certain limitations. The Company did not make profit sharing contributions or matching contributions for the years ending December 31, 2013 and 2012.

Vesting

Participants are immediately vested in their salary deferral and rollover contributions and Company profit-sharing contributions, plus earnings thereon. Vesting with respect to employer matching contributions is based on a graduated schedule:

Years of Service With the Employer	Percent of Nonforfeitable Accrued Benefit
1	25%
2	50%
3	75%
4 or more	100%

Note A – Description of the Plan (Continued)

Participant Accounts

Participant accounts are credited with the participant contributions and an allocation of (a) Company discretionary profit sharing contributions and (b) Plan earnings (less any losses). Participant accounts are also charged an allocation of Plan expenses. Allocations are based on participant earnings or account balances. Participants may invest their accounts in several investment options offered by the Plan.

Payment of Benefits

Upon a participant's termination of employment, death, or disability, the participant (or the participant's beneficiary in the event of death) may elect to receive a lump sum distribution equal to the value of his or her account, or direct trustee to trustee rollovers. If the participant's account balance is less than $1,000, a lump sum distribution will be made without regard to the consent of the participant or the participant's spouse. There were no benefits payable to terminated participants who have elected to withdraw from the Plan at December 31, 2013 and 2012.

Hardship Withdrawals

Participants may withdraw their vested contributions in the event of hardship as defined in the plan agreement.

Notes Receivable from Participants

Participants may borrow against their vested balances for any reason. The loan provisions are structured to allow access to vested balances without incurring distribution penalties. The loan amount, length of loan repayment terms and interest rates are limited by statutory restrictions incorporated in the Internal Revenue Code and related regulations.

The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested balance. Such loans bear interest at the available market financing rates and must be repaid to the Plan within a five year period, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such loans are established by the Plan administrator. Outstanding loans at December 31, 2013, carry interest rates ranging of 4.25%.

Forfeitures

At December 31, 2013 and 2012, forfeited non-vested accounts totaled $0 and $82,798, respectively. These accounts are used to reduce employer contributions and pay administrative expenses of the Plan. If not used to reduce employer contributions or pay administrative expenses, the forfeitures can be re-allocated amongst the Plan's participants. During the year ended December 31, 2013, the Company allocated the total forfeiture account balance of $84,318 to the Plan participants.

Note A – Description of the Plan (Continued)

Plan Expenses

Certain direct expenses, as determined by the trustees, may be charged to the Plan and paid for with Plan assets. Plan expenses include investment management and transaction fees. Expenses to administer the Plan are paid by the Company and, therefore, are not reflected in the Plan's financial statements.

Note B – Summary of Significant Accounting Policies

Basis of Presentation and Accounting Period

The Plan presents its financial statements on the accrual basis of accounting. The Plan has adopted a calendar year end.

Valuation of Investments

The Plan investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net assets value of shares held by the Plan at year-end. Participant loans are valued at cost, which approximates fair value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 3, 2014, the date the financial statements were available for issuance.

Note C – Information Certified by the Plan's Trustee and Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the trustee, except for comparing such information certified by the trustee to information included in the plan's financial statements and supplemental schedule of assets held for investment purposes.

Investments certified by Fidelity:

	2013	2012
Cash, interest-bearing	$ 472,479	$ 647,431
Mutual funds	7,830,688	6,599,618
Notes receivable from participants	66,900	41,849

In addition, the trustee also certified to net appreciation in fair value of investments in the amount of $813,305 and interest and dividend income in the amount of $3,587 and $402,916, respectively, for the year ended December 31, 2013.

Note D – Investments

Note E – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note E – Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

	Assets at Fair Values as of December 31, 2013

Note F – Tax Status

The plan obtained its latest determination letter on November 5, 2009, in which the Internal Revenue Service stated that the plan was in compliance with the applicable requirements of the Internal Revenue code. The plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. No uncertain positions have been identified that would require recognition of a liability (or asset) or disclosure in the financial statements as of December 31, 2013. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

Note G – Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

Note H – Party-In-Interest Transactions

Administrative expenses of the Plan are paid by the Company. The Plan invests in mutual funds managed by Fidelity, the administrator and investment custodian. Other than as described above, the Plan has no agreements or transactions with any party-in-interest.

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
