HEMACARE CORPORATION 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the HemaCare Corporation 401(k) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. The Plan was effective January 1, 1990. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of all employees of HemaCare Corporation and its two subsidiaries, Coral Blood Services, Inc. and HemaCare Bio Science, Inc. (collectively, the “Company”). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (“IRC”) and similar state tax laws. For 2013 and 2012, Reliance Trust Company (“Reliance Trust”) served as the custodian of the Plan, and DailyAccess Corporation served as the record-keeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility

Employees of the Company who have reached 18 years of age and have completed one month of service are eligible to participate in the Plan and make elective deferral contributions. Plan participants are eligible to receive employer discretionary matching contributions and non-elective contributions after completing one year of service.

Participant Contributions

Each year, participants may contribute up to 75% of pretax annual compensation, subject to certain limitations under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make an additional catch-up contribution. Participants may also make Roth 401(k) contributions, and rollover amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to certain limitations, as defined in the Plan.

Employer Contributions

The Company may make discretionary matching contributions or non-elective contributions, as determined by the Company's Board of Directors. In 2013 and 2012, the Company did not make matching contributions. All employer contributions are invested in the same manner that the participant directs his or her contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, Company matching and non-elective contributions, and allocations of the Plan's earnings and administrative expenses. Plan earnings and expenses are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Investment Options

Participants must direct their salary deferral contributions and Company contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via the Internet website or using the automated telephone system offered by the custodian.

Notes from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of their vested account balance, or \$50,000. The maximum loan amount will be reduced by the participant's highest outstanding loan balance in the previous 12 months even if amounts have been repaid. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the Plan Administrator. Loan terms are specified for each loan. Loans must be repaid within a five-year period or within a fifteen-year period if the loan is used to purchase a principal residence. Principal and interest are paid ratably through biweekly payroll deductions. All loans become due and payable within 90 days of a participant's termination of employment with the Company.

Vesting

Participants are immediately vested in their salary deferral contributions, plus actual earnings thereon. The portion of the participant's account attributable to the Company's matching contributions plus actual earnings, becomes 20% vested every year following a full year of service as defined, and continues to vest at the rate of 20% for each successive year of service until 100% vested after five (5) years of service.

Benefit Payments

Upon normal retirement, retirement due to permanent disability, death, termination and hardship, participants or the participants' beneficiaries are eligible to receive their vested interest in funds either in the form of payments beginning at age 70 ½ or in a lump-sum payment.

Forfeitures

Participant's accounts are forfeited if the employer contribution portion has not fully vested at the time of withdrawal. Forfeitures may first be used to pay any administrative expenses and then any remaining forfeitures will be used to reduce any matching contributions. As of December 31, 2013 and 2012, forfeited non-vested accounts totaled \$1,396 and \$1,069, respectively.

Subsequent Events

The Plan Administrator has evaluated subsequent events through September 4, 2014, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting and include only the assets, liabilities, and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America. Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for its investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for applicable investments.

Notes from Participants

Notes from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses are paid using forfeited amounts, and the remaining expenses are paid directly by either the Company or by the Plan, as defined in the Plan document.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Issued Accounting Pronouncement

In October 2012, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2012-04, Technical Corrections and Improvements ("ASU 2012-04"). The amendments in this update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in ASU 2012-04 will generally be effective for fiscal periods beginning after December 15, 2013, for nonpublic entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements. The adoption of ASU 2012-04 is not expected to have a material impact on subsequent periods.

NOTE 3 – CERTIFIED ASSET INFORMATION

For the year ended December 31, 2013, the Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Reliance Trust Company, the custodian of the Plan, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE 3 – CERTIFIED ASSET INFORMATION (Continued)

The custodian also certified the completeness and accuracy of \$1,003,476 of net appreciation in the Plan's certified investments (including gains and losses on investments bought and sold, as well as held during the year) related entirely to the mutual funds and \$225,586 of interest and dividend income related to the below Plan assets for the year ended December 31, 2013.

NOTE 4 – NON-CERTIFIED ASSETS

The Plan maintains various investments and notes from participants that are not certified by the custodian. These investments are allocated to the principal shareholder of the Company, who is responsible for directing these investments. These assets were audited in accordance with auditing standards generally accepted in the United States of America.

At December 31, 2013 and 2012, assets held by the Plan that were not certified included the following:

	<u>2013</u>	<u>2012</u>
Common stock		
177,952 and 207,639 shares of HemaCare Corporation as of December 31, 2013 and 2012 respectively	<u>\$ 44,642</u>	<u>\$ 41,708</u>
Notes from participants	<u>\$ 163,046</u>	<u>\$ 141,409</u>

Net appreciation in the investments (including gains and losses on investments bought and sold, as well as held during the year) related to non-certified investments totaled \$11,545, and there was \$6,627 of interest on notes from participants related to non-certified investments for the year ended December 31, 2013.

NOTE 5 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification Topic No. 820, Fair Value Measurements and Disclosures ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

HEMACARE CORPORATION 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value:

<i>Cash:</i>	Valued at the carrying value, which approximates fair value due to short-term nature of such instruments.
<i>Money market fund:</i>	Valued at the carrying value, which approximates fair value due to the short-term nature of such investments.
<i>Mutual funds:</i>	Valued at the net asset value ("NAV") of shares held by the Plan at year end.
<i>Common stock:</i>	Valued at the closing price reported on the active market on which the individual stocks, funds or partnership are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 – ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES

The Financial Accounting Standards Board issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2009.

NOTE 7 – TAX STATUS

Effective March 31, 2008, the Plan adopted a non-standardized form of a prototype plan sponsored by DailyAccess Corporation. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE 8 – EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan failed the actual deferral percentage ("ADP") test for the years ended December 31, 2013 and 2012. In order to comply with the ADP test, the Plan refunded contributions subsequent to year end to certain participants.

Amounts totaling \$53,829 and \$19,430 are recorded as excess contributions payable to participants in the accompanying Statements of Net Assets Available for Benefits at December 31, 2013 and 2012, respectively and \$53,829 is recorded as corrective distributions in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2013.

NOTE 9 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Reliance Trust Company is the custodian as defined by the Plan, and therefore is considered a party-in-interest with respect to the Plan; therefore these transactions qualify as party-in-interest transactions permitted by the Plan. Administrative fees related to the plan's existence that are paid by the Plan Sponsor are considered related-party transactions. Notes from participants and the related interest income of \$6,627 are considered related party transactions.

NOTE 9 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (Continued)

In 2008, the Company made a matching contribution to the Plan in the form of common stock of the Company. The Plan allows participants to transfer funds from the Company common stock fund into other investments offered by the Plan at any time during the year; however, investments in Company common stock are not allowed.

As of December 31, 2013 and 2012, aggregate investment in Company common stock was as follows:

	<u>2013</u>	<u>2012</u>
Number of shares	177,952	207,639
Common stock value	\$ 44,642	\$ 41,708

NOTE 10 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company, by action of its Plan Administration, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 11 – RISK AND UNCERTAINTIES

The Plan provides for various investment options in funds which participants can invest in a combination of equity, fixed income securities and other investments. Investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 12 – PROHIBITED TRANSACTIONS

During the Plan years ended December 31, 2013 and 2012, the Plan Sponsor inadvertently failed to deposit approximately \$62,649 and \$106,176, respectively, of participant deferrals within the required timeframe as stated by the United States Department of Labor (“DOL”). The DOL considers late deposits to be prohibited transactions. Unless the Plan Sponsor elects to enter the Department of Labor’s Voluntary Fiduciary Correction Program and pay possible lost earnings on the late deferrals, the Plan Sponsor may be required to file Form 5330 and pay applicable excise tax, in addition to lost earnings. The lost earnings and excise tax payment will have to be made from the Plan Sponsor’s assets and not from assets of the Plan.
