1) DESCRIPTION OF THE PLAN

The following description of the DGN Technologies Inc. 401K Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description and the Plan Document for a complete description of the Plan's provisions.

General

The Plan was established on January 1, 2006 as a defined contribution. The Plan covers all employees of DGN Technologies Inc. (the Company). In order to participate in the plan, Employees must be at least 21 years of age and must have completed 3 months of service Employees are entered into the Plan on the first day of the month following the completion of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants, through an election to defer compensation, may contribute to their individual accounts from 1% to 85% of eligible earnings, up to a maximum of $17,500 for the year 2013 and $17,000 for the year 2012 as defined in the Plan document and by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to an extra $5,500 each year for the years 2013 and 2012. After 2013, this limit will be adjusted for inflation. Participants may also rollover amounts representing distributions from other qualified benefit plans. The Company may elect to make a matching contribution to the plan. However, the Company did not make any discretionary matching contributions during the year 2013 and 2012.

Vesting

Participants are always fully vested in their elective deferral and rollovers, if any. For the purpose of matching contributions and non-elective contributions account, the following vesting schedule is used:

Years of Service	Vested %
Less than 2 years	0%
At least 2 years, but less than 3	20%
At least 3 years, but less than 4	40%
At least 4 years, but less than 5	60%
At least 5 years, but less than 6	80%
6 years or more	100%

1) DESCRIPTION OF THE PLAN - (Continued)

Participant Accounts

Participants may elect to invest in any combination of the funds offered by the Plan and may change their elective deferral percentage any time. Each participant's account is credited with the participant's contributions and accumulated earnings thereon and will be tax-deferred until participants receive distribution. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings, account balances, or specific participant transactions, as defined.

Distributions

The Plan generally provides that upon reaching the normal retirement age of 65, death, disability or termination, participants are entitled to receive the value of their account in one lump sum payment of cash if the individual account is less than $5,000. If the value of the individual account exceeds this amount the participants may elect to keep it in the Plan, however the benefit must begin to be distributed no later than April 1st of the calendar year following the later of the participant attaining the age of 70 ½ or the calendar year in which the participant retires.

Notes Receivables from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1-5 years and longer repayment terms are permitted for the purchase of a principal residence. The loans are secured by the balance in the participant's account. The interest rate for a loan will be the rate in effect in the month the loan is effective. The interest rate is the prime rate as published in the Wall Street Journal on the 14th of each month plus two percentage points. Principal and interest is paid ratably through payroll deductions.

Forfeitures

At December 31, 2013 and 2012, there were no forfeited non-vested accounts balances.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, amend or modify the Plan and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2) SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Risks and Uncertainties

The Plan provides for various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2) SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and investment related expenses are charged directly to the participants account and are included in administrative expenses.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments for such investments.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to net assets by recording corrective distribution. The excess contributions payable at year end December 31, 2013 and 2012 were $18,169 and $0 respectively.

Reclassification

Certain 2012 amounts have been reclassified to conform with 2013 presentation.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

2) SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is the description of the valuation methodologies used for assets measured at fair value:

Mutual Fund: Valuation based on quoted net asset value of the shares held by the Plan at year end.

Common Collective Trust: The fair value of investment held in common/collective trusts is based on quoted market prices of the underlying assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

3) INVESTMENTS

All investment information disclosed in the accompanying financial statements and schedule including investments held at December 31, 2013 and 2012 and net realized and unrealized appreciation/depreciation in fair value of investments in Registered Companies, Mutual Fund and Common Collective Trust and interest income for the years ended December 31, 2013 and 2012 were obtained or derived from information supplied to the Plan administrator and certified as "complete and accurate" by State Street Bank & Trust Company.

Investment information for the Plan, which was certified by the Trustee of the Plan, has not been audited by independent auditors.

The Plan's Mutual Funds and Common Collective Trust (including investments purchased, sold as well as held during the year) appreciated (depreciated) in fair value by $117,042 and $55,457 as determined by quoted market for assets and similar assets in active markets and for the year ended December 31, 2013 and 2012 respectively.

3) INVESTMENTS (Continued)

Investments that represent 5% or more of the net assets available for benefits as determined by quoted market prices, of the Plan's net assets available for benefits are as follows at December 31, 2013 and 2012:

		2013	2012
*	SSGA AGG STR BAL SLS VII	$ 85,106	60,145
*	SSGA CASH SERIES US GOVT L	173,819	150,466

	Fidelity ADV Equity Growth	**	43,462
	Templeton Growth	86,351	57,483
	Allianz NFJ Small Cap Value-A	**	41,829
	PIMCO Total Return Fund - A	47,711	57,495
	Franklin Rising Dividends - A	62,576	40,497

* Represent investments on funds sponsored by the Plan Custodian.

** Investment does not exceed 5% of the fair value of the Plan's net assets available for benefits at year end.

4) FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy (as described in Note 1), the Plan's assets at fair value as of December 31, 2013 and December 31, 2012:

Assets at Fair Value as of December 31, 2013

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 451,787	$ -	$ -	$ 451,787
Common/Collective Trust	-	489,720	-	489,720
Total Assets at Fair Value	$ 451,787	$ 489,720	$ -	$ 941,507

4) FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of December 31, 2012

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 355,654	$ -	$ -	$ 355,654
Common/Collective Trust	-	371,871	-	371,871
Total Assets at Fair Value	$ 355,654	$ 371,871	$ -	$ 727,525

There were no significant transfers between levels of the fair value hierarchy during 2013 and 2012.

5) INCOME TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008 stating that the written form of the underlying Prototype Standardized Profit Sharing with CODA plan document is qualified under Section 401 of the Internal Revenue Code (the Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401 of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, currently there are no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

6) RELATED PARTY TRANSACTIONS AND PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of Common Collective Trust managed by State Street Global Advisors. State Street Bank & Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan for trustee services were $184 and $201 for 2013 and 2012, respectively.

7) PAYMENT OF BENEFITS

Benefits are recorded when paid.

8) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of assets available for benefits.

9) ERISA BOND REQUIREMENTS

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or $500,000. At December 31, 2013 and 2012, the Plan's sponsor maintained the required bond coverage.

10) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per financial statements at December 31, 2013 and 2012 to Form 5500:
