Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Clear Lam Packaging, Inc. Employees' Profit Sharing and Savings Growth Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Fidelity Management Trust Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE A--DESCRIPTION OF PLAN

The following brief description of the Clear Lam Packaging, Inc. Employees' Profit Sharing and Savings Growth Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Clear Lam Packaging, Inc. (the "Company") for employees that meet specific age and service eligibility requirements. The Plan, designated as a defined contribution plan, was originally established on January 1, 1979, and was most recently amended and restated, effective December 1, 2009. The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees of the Company, 21 years or older, not covered by a collective bargaining agreement, are eligible, with respect to deferral contributions, to participate on the first of the month following one month of service as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, determine the appropriateness of investment offerings, and monitor investment performance.

Contributions

Eligible participants may contribute pre-tax annual compensation, as defined in the Plan, by means of a salary deferral agreement subject to an annual limit of eligible compensation, or the maximum amount permitted by law, of their annual compensation as defined in the Plan. Contributions are subject to limitations as provided in the Code and as described in the Plan. Participants who have attained age 50 before the end of Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover contributions) in accordance with Plan provisions. Salary deferral contributions are funded proximate to the withholding date. Participants direct the investment of their contributions into various investment options offered by the Plan.

Unless a newly eligible employee affirmatively elects otherwise, their eligible compensation will be reduced by 3%, the "Automatic Enrollment Rate." For each payroll period in which they are an active participant, the Company will make a pre-tax deferral contribution in such amount on the participant's behalf in a designated fund until changed by the participant. The plan was amended effective August 2, 2011 to include all previously hired employees who were hired before the notification date of August 2, 2011.

The Company may contribute discretionary matching contributions that will be based on eligible compensation contributed to the Plan each payroll period, not to exceed amounts as described in the Plan. Additional profit sharing amounts, which are subject to Plan allocation provisions, may be contributed at the option of the Company's Board of Directors to employees with at least 1,000 hours of service during the Plan year and who are employed on the last day of the Plan year. Participants would also be eligible to receive an additional profit sharing contribution if the participant dies, becomes disabled or retires during the Plan year. Company matching and profit sharing contributions are funded proximate to the withholding date and annually after the close of the Plan year, respectively. All contributions are subject to certain limitations.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE A--DESCRIPTION OF PLAN--continued

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary contributions, if any, and (b) Plan earnings or losses (c) forfeitures of terminated participant's non-vested accounts, and (d) charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may direct contributions in one or more of the investment options offered by the Plan. The current investment choices are more fully described in the Plan's literature. Participants may change their investment options as of the first day of any month in accordance with Plan provisions. During any period in which there is no participant direction on file with the Trustee as to the investment of a participant's account, 100% of that participant's account will be invested in the investment fund designated from time to time by the Trustees as the default investment. The Plan currently offers various mutual funds and an investment contract as investment options for participants.

Vesting

Participants are immediately vested in all deferral contributions and Company matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their account plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of service and vests an additional 20% each year thereafter. A participant is 100% vested after six years of credited service. Participants who attain normal retirement age of 62, or who terminate employment due to death or disability are 100 percent vested in their account balances.

Payment of Benefits

Participants are entitled to receive, in a lump sum, the entire value of their vested Company and participant accounts upon termination, retirement, disability or death. Participants with vested account balances of less than \$1,000 will have their balance distributed to them as a lump sum distribution. Participants with vested account balances of over \$1,000 may delay distributions until they are required by law to receive minimum required distributions.

In-service withdrawals for hardship or withdrawals for those participants age 59 ½ or greater are permitted in accordance with Plan provisions.

Forfeited Accounts

The total of forfeited non-vested accounts was \$13,484 and \$7,286 as of December 31, 2013 and 2012, respectively. These accounts will first be used to pay administrative expenses under the Plan, as directed by the employer. Any remaining amounts may be used to reduce future Company contributions. No amounts were used during the year ended December 31, 2013 to pay administrative expenses or reduce Company contributions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE A--DESCRIPTION OF PLAN--continued

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period or 50% of their vested account balance. The loans are secured by 50% of the participant's vested account balance. The loans bear a reasonable rate of interest (4.25% to 9.25% at December 31, 2013 and 2012) as determined by the Plan Administrator based on the prevailing interest rates at loan inception charged by persons in the business of lending money for loans made under similar circumstances. Loans are for a period not to exceed five years unless for the purchase of the participant's principal residence, in which case the loan may not exceed ten years. Principal and interest shall be repaid ratably through payroll deductions on at least a quarterly basis.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate withdrawals or other permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the value of the fully benefit-responsive investment contract as well as its adjustment from fair value to contract value at December 31, 2013 and 2012. The Statement of Changes in Net Assets Available for Benefits is thus prepared on the contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for a stable value fund. Fair value is the price that would be received to sell as an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisors and the Custodian. See Note C for discussion of fair value measurements.

The Putnam Stable Value Fund (the "fund") is fully benefit-responsive and is stated at fair value on the last day of the Plan year and then adjusted to its contract value on the statements of net assets available for benefits. Contract value is considered the relevant measurement used in the calculation of participant withdrawals or other permitted transactions under the terms of the Plan. Contract value represents the accumulated contributions plus accrued net earnings less distributions. See Note E.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Investment Valuation and Income Recognition-continued

Net appreciation/depreciation of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments at year-end. Net unrealized appreciation/depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period as well as the realized gains or losses on the sales of investments. These gains and losses represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Date of Management's Review

Management has evaluated subsequent events through October 6, 2014, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies: Valued at the daily closing price as reported by the fund. Such mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 are reported as net appreciation in the fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Unrealized gains / losses from the collective investment trusts are not included in the statement of changes in net assets available for benefits as the contracts are recorded at contract value for purposes of net assets available for benefits.

NOTE D--INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, Fidelity Management Trust Company, as of December 31, 2013 and 2012, and for the year ended December 31, 2013. Except for comparing such information as certified by the Custodian to information included in the Plan's financial statements and supplemental schedule, the Plan's independent auditors did not perform any auditing procedures on the certified information. The contract value of the collective investment trust was also certified by the Custodian.

The following information included in the accompanying financial statements and supplemental schedule was obtained or derived from data that has been prepared and certified as complete and accurate by the Custodian as of December 31, 2013 and 2012, respectively.

*Fair value of investments representing greater than 5% of the Plan's net assets as of December 31, 2013 and 2012.

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought, sold and held during the year), appreciated in value by \$1,548,407 overall, which was all attributable to the registered investment company investments. During the year ended December 31, 2013, the Plan's investments had dividends of \$1,082,280 related to registered investment companies and interest income of \$31,970 related to the collective investment trust. Also during the year ended December 31, 2013, the Plan earned \$51,806 on interest from notes receivable from participants.

NOTE E--STABLE VALUE INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive investment contract with the Custodian that includes, as one investment option, the Putnam Stable Value Fund (the "Fund"). This collective investment trust is credited with the accumulation of contributions, plus earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Fund is included with investments on the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported and certified to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fair value of the investment contract at December 31, 2013 and 2012 was \$2,091,649 and \$2,167,061, respectively.

The average yields of the collective investment trust during calendar years 2013 and 2012 were 1.94% and 2.36%, respectively. The crediting interest rates were 1.86% and 2.02% at December 31, 2013 and 2012, respectively. Interest is credited to a participant's account daily, based on its daily balance at the established effective rate of interest that reflects the performance of the underlying portfolio. The rate is reset quarterly by amortizing the difference between the market value of the portfolio and the guaranteed value over the weighted average duration of the Fund's investments.

Clear Lam Packaging, Inc.

Employees' Profit Sharing and Savings Growth Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE E--STABLE VALUE INVESTMENT CONTRACT-continued

Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investment options, and payments because of retirement, termination of employment, disability, death and in-service withdrawals as permitted by the Plan. If the Fund was to be discontinued, the value of the amounts to be disposed would be determined in accordance with contract provisions.

Certain events limit the ability of the Plan to transact at contract value with the issuer. All of the contracts that the Fund purchases are benefit responsive at contract value for all Plan permitted, participant directed transactions. Additionally, the Fund negotiates contracts with certain employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and Plan terminations. Due to the size of the Fund and the specific percentage allowances negotiated by the Fund, it is highly unlikely (not probable) that any event would occur that would limit the Fund's ability to transact at contract value with each issuer under these events.

There were no reserves against contract value for credit risk of the contract issuer or otherwise.

The only event or circumstance that would allow the issuer to terminate the contract would be if they were provided fraudulent information about the Fund by the Custodian.

NOTE F--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their accounts and the Custodian will distribute Plan assets to participants and their beneficiaries in accordance with the Plan agreement.

A partial plan termination occurred on May 15, 2012, when a division of the Company was sold. Those affected participants will become 100% vested in their accounts as of the termination date.

NOTE G--RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

NOTE G--RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500-continued

The following is a reconciliation of net decrease per the financial statements to Schedule H of Form 5500 at December 31, 2013:

	2013
Net increase per the financial statements	\$ 2,876,327
Adjustment to net assets from contract value to fair value for fully benefit-responsive contracts	(37,894)
Net increase per Form 5500 - Schedule H	\$ 2,838,433

At December 31, 2013 and 2012, respectively, there were no vested benefits pending distribution to participants.

NOTE H--TAX STATUS

On March 31, 2008, the Internal Revenue Service stated that the prototype plan document, subsequently adopted by the Plan, as then designed qualified under section 401(k) of the Internal Revenue Code ("the IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability, including interest and penalties, if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE I--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities which are purchased or managed by the Custodian. The investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to changes in value of these underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

The Plan also invests in securities which may have contractual cash flows that include asset backed securities, collateralized mortgage obligations, commercial mortgage backed securities or subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, changes in value, delinquencies or defaults. Shifts in the market's perception of the issuers and changes in interest rates may affect these investments adversely.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Clear Lam Packaging, Inc.

Employees' Profit Sharing and Savings Growth Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE I--RISKS AND UNCERTAINTIES

The participants who have borrowed from the Plan are all employees of the Company in the Chicago area, and their ability to repay the loans could be affected by the economic conditions in the industry in general, the economic conditions in the Chicago metropolitan area or the economic condition of the Company itself.

NOTE J--RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a collective investment trust managed by affiliates of Fidelity Management Trust Company, the Custodian; and, therefore, qualifies as party-in-interest transactions. Affiliates of Fidelity Management Trust Company also perform administrative and recordkeeping services for the Plan. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the record keeper of \$42,910 that was not covered by revenue sharing. Fees paid by the Company to Fidelity Management Trust Company and other service providers are not material to the financial statements.

Certain employees of the Company provide administrative and trustee services to the Plan, and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

NOTE K--SUBSEQUENT EVENTS

Effective March 3, 2014, the Plan was amended to add automatic deferral increases annually by 1% limited to 15% of compensation.

Effective May 30, 2014, the Plan was amended to allow for Roth deferral and rollover contributions. Also, effective May 30, 2014 automatic enrollment was changed to include all previously hired employees who were hired before the notification date of May 30, 2014.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Clear Lam Packaging, Inc. Employees' Profit Sharing and Savings Growth Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Fidelity Management Trust Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2013 and 2012 and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE A--DESCRIPTION OF PLAN

The following brief description of the Clear Lam Packaging, Inc. Employees' Profit Sharing and Savings Growth Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Clear Lam Packaging, Inc. (the "Company") for employees that meet specific age and service eligibility requirements. The Plan, designated as a defined contribution plan, was originally established on January 1, 1979, and was most recently amended and restated, effective December 1, 2009. The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees of the Company, 21 years or older, not covered by a collective bargaining agreement, are eligible, with respect to deferral contributions, to participate on the first of the month following one month of service as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, determine the appropriateness of investment offerings, and monitor investment performance.

Contributions

Eligible participants may contribute pre-tax annual compensation, as defined in the Plan, by means of a salary deferral agreement subject to an annual limit of eligible compensation, or the maximum amount permitted by law, of their annual compensation as defined in the Plan. Contributions are subject to limitations as provided in the Code and as described in the Plan. Participants who have attained age 50 before the end of Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover contributions) in accordance with Plan provisions. Salary deferral contributions are funded proximate to the withholding date. Participants direct the investment of their contributions into various investment options offered by the Plan.

Unless a newly eligible employee affirmatively elects otherwise, their eligible compensation will be reduced by 3%, the "Automatic Enrollment Rate." For each payroll period in which they are an active participant, the Company will make a pre-tax deferral contribution in such amount on the participant's behalf in a designated fund until changed by the participant. The plan was amended effective August 2, 2011 to include all previously hired employees who were hired before the notification date of August 2, 2011.

The Company may contribute discretionary matching contributions that will be based on eligible compensation contributed to the Plan each payroll period, not to exceed amounts as described in the Plan. Additional profit sharing amounts, which are subject to Plan allocation provisions, may be contributed at the option of the Company's Board of Directors to employees with at least 1,000 hours of service during the Plan year and who are employed on the last day of the Plan year. Participants would also be eligible to receive an additional profit sharing contribution if the participant dies, becomes disabled or retires during the Plan year. Company matching and profit sharing contributions are funded proximate to the withholding date and annually after the close of the Plan year, respectively. All contributions are subject to certain limitations.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE A--DESCRIPTION OF PLAN--continued

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary contributions, if any, and (b) Plan earnings or losses (c) forfeitures of terminated participant's non-vested accounts, and (d) charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants may direct contributions in one or more of the investment options offered by the Plan. The current investment choices are more fully described in the Plan's literature. Participants may change their investment options as of the first day of any month in accordance with Plan provisions. During any period in which there is no participant direction on file with the Trustee as to the investment of a participant's account, 100% of that participant's account will be invested in the investment fund designated from time to time by the Trustees as the default investment. The Plan currently offers various mutual funds and an investment contract as investment options for participants.

Vesting

Participants are immediately vested in all deferral contributions and Company matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their account plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of service and vests an additional 20% each year thereafter. A participant is 100% vested after six years of credited service. Participants who attain normal retirement age of 62, or who terminate employment due to death or disability are 100 percent vested in their account balances.

Payment of Benefits

Participants are entitled to receive, in a lump sum, the entire value of their vested Company and participant accounts upon termination, retirement, disability or death. Participants with vested account balances of less than \$1,000 will have their balance distributed to them as a lump sum distribution. Participants with vested account balances of over \$1,000 may delay distributions until they are required by law to receive minimum required distributions.

In-service withdrawals for hardship or withdrawals for those participants age 59 ½ or greater are permitted in accordance with Plan provisions.

Forfeited Accounts

The total of forfeited non-vested accounts was \$13,484 and \$7,286 as of December 31, 2013 and 2012, respectively. These accounts will first be used to pay administrative expenses under the Plan, as directed by the employer. Any remaining amounts may be used to reduce future Company contributions. No amounts were used during the year ended December 31, 2013 to pay administrative expenses or reduce Company contributions.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE A--DESCRIPTION OF PLAN--continued

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period or 50% of their vested account balance. The loans are secured by 50% of the participant's vested account balance. The loans bear a reasonable rate of interest (4.25% to 9.25% at December 31, 2013 and 2012) as determined by the Plan Administrator based on the prevailing interest rates at loan inception charged by persons in the business of lending money for loans made under similar circumstances. Loans are for a period not to exceed five years unless for the purchase of the participant's principal residence, in which case the loan may not exceed ten years. Principal and interest shall be repaid ratably through payroll deductions on at least a quarterly basis.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate withdrawals or other permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the value of the fully benefit-responsive investment contract as well as its adjustment from fair value to contract value at December 31, 2013 and 2012. The Statement of Changes in Net Assets Available for Benefits is thus prepared on the contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for a stable value fund. Fair value is the price that would be received to sell as an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by investment advisors and the Custodian. See Note C for discussion of fair value measurements.

The Putnam Stable Value Fund (the "fund") is fully benefit-responsive and is stated at fair value on the last day of the Plan year and then adjusted to its contract value on the statements of net assets available for benefits. Contract value is considered the relevant measurement used in the calculation of participant withdrawals or other permitted transactions under the terms of the Plan. Contract value represents the accumulated contributions plus accrued net earnings less distributions. See Note E.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Investment Valuation and Income Recognition-continued

Net appreciation/depreciation of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments at year-end. Net unrealized appreciation/depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period as well as the realized gains or losses on the sales of investments. These gains and losses represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Date of Management's Review

Management has evaluated subsequent events through October 6, 2014, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies: Valued at the daily closing price as reported by the fund. Such mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 are reported as net appreciation in the fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Unrealized gains / losses from the collective investment trusts are not included in the statement of changes in net assets available for benefits as the contracts are recorded at contract value for purposes of net assets available for benefits.

NOTE D--INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Custodian, Fidelity Management Trust Company, as of December 31, 2013 and 2012, and for the year ended December 31, 2013. Except for comparing such information as certified by the Custodian to information included in the Plan's financial statements and supplemental schedule, the Plan's independent auditors did not perform any auditing procedures on the certified information. The contract value of the collective investment trust was also certified by the Custodian.

The following information included in the accompanying financial statements and supplemental schedule was obtained or derived from data that has been prepared and certified as complete and accurate by the Custodian as of December 31, 2013 and 2012, respectively.

*Fair value of investments representing greater than 5% of the Plan's net assets as of December 31, 2013 and 2012.

During the year ended December 31, 2013, the Plan's investments (including gains and losses on investments bought, sold and held during the year), appreciated in value by \$1,548,407 overall, which was all attributable to the registered investment company investments. During the year ended December 31, 2013, the Plan's investments had dividends of \$1,082,280 related to registered investment companies and interest income of \$31,970 related to the collective investment trust. Also during the year ended December 31, 2013, the Plan earned \$51,806 on interest from notes receivable from participants.

NOTE E--STABLE VALUE INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive investment contract with the Custodian that includes, as one investment option, the Putnam Stable Value Fund (the "Fund"). This collective investment trust is credited with the accumulation of contributions, plus earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The Fund is included with investments on the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported and certified to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fair value of the investment contract at December 31, 2013 and 2012 was \$2,091,649 and \$2,167,061, respectively.

The average yields of the collective investment trust during calendar years 2013 and 2012 were 1.94% and 2.36%, respectively. The crediting interest rates were 1.86% and 2.02% at December 31, 2013 and 2012, respectively. Interest is credited to a participant's account daily, based on its daily balance at the established effective rate of interest that reflects the performance of the underlying portfolio. The rate is reset quarterly by amortizing the difference between the market value of the portfolio and the guaranteed value over the weighted average duration of the Fund's investments.

Clear Lam Packaging, Inc.

Employees' Profit Sharing and Savings Growth Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE E--STABLE VALUE INVESTMENT CONTRACT-continued

Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investment options, and payments because of retirement, termination of employment, disability, death and in-service withdrawals as permitted by the Plan. If the Fund was to be discontinued, the value of the amounts to be disposed would be determined in accordance with contract provisions.

Certain events limit the ability of the Plan to transact at contract value with the issuer. All of the contracts that the Fund purchases are benefit responsive at contract value for all Plan permitted, participant directed transactions. Additionally, the Fund negotiates contracts with certain employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and Plan terminations. Due to the size of the Fund and the specific percentage allowances negotiated by the Fund, it is highly unlikely (not probable) that any event would occur that would limit the Fund's ability to transact at contract value with each issuer under these events.

There were no reserves against contract value for credit risk of the contract issuer or otherwise.

The only event or circumstance that would allow the issuer to terminate the contract would be if they were provided fraudulent information about the Fund by the Custodian.

NOTE F--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their accounts and the Custodian will distribute Plan assets to participants and their beneficiaries in accordance with the Plan agreement.

A partial plan termination occurred on May 15, 2012, when a division of the Company was sold. Those affected participants will become 100% vested in their accounts as of the termination date.

At December 31, 2013 and 2012, respectively, there were no vested benefits pending distribution to participants.

NOTE H--TAX STATUS

On March 31, 2008, the Internal Revenue Service stated that the prototype plan document, subsequently adopted by the Plan, as then designed qualified under section 401(k) of the Internal Revenue Code ("the IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability, including interest and penalties, if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE I--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities which are purchased or managed by the Custodian. The investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to changes in value of these underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

The Plan also invests in securities which may have contractual cash flows that include asset backed securities, collateralized mortgage obligations, commercial mortgage backed securities or subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, changes in value, delinquencies or defaults. Shifts in the market's perception of the issuers and changes in interest rates may affect these investments adversely.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

December 31, 2013 and 2012

NOTE I--RISKS AND UNCERTAINTIES

The participants who have borrowed from the Plan are all employees of the Company in the Chicago area, and their ability to repay the loans could be affected by the economic conditions in the industry in general, the economic conditions in the Chicago metropolitan area or the economic condition of the Company itself.

NOTE J--RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a collective investment trust managed by affiliates of Fidelity Management Trust Company, the Custodian; and, therefore, qualifies as party-in-interest transactions. Affiliates of Fidelity Management Trust Company also perform administrative and recordkeeping services for the Plan. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the record keeper of \$42,910 that was not covered by revenue sharing. Fees paid by the Company to Fidelity Management Trust Company and other service providers are not material to the financial statements.

Certain employees of the Company provide administrative and trustee services to the Plan, and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

NOTE K--SUBSEQUENT EVENTS

Effective March 3, 2014, the Plan was amended to add automatic deferral increases annually by 1% limited to 15% of compensation.

Effective May 30, 2014, the Plan was amended to allow for Roth deferral and rollover contributions. Also, effective May 30, 2014 automatic enrollment was changed to include all previously hired employees who were hired before the notification date of May 30, 2014.
