CORPORATE ONE FEDERAL CREDIT UNION 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2013 and 2012

1. Description of Plan

a. General

The Corporate One Federal Credit Union 401(k) Plan and Trust (the Plan) is a voluntary contributory plan for the employees of Corporate One Federal Credit Union (Corporate One). The Plan, which became effective August 1, 1997, is administered by Corporate One. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

All employees of Corporate One who have completed three months of service and have attained age 18 are eligible to participate in the Plan.

b. Contributions

Participants may contribute up to 85% of their eligible compensation to the Plan up to the maximum dollar amount permitted by the IRS. The Plan complies with the safe harbor matching contribution formula. The safe harbor formula also intends to satisfy the safe harbor contribution requirement for deemed satisfaction of the Average Contribution Percentage (ACP) and Average Deferral Percentage (ADP) tests.

Corporate One's enhanced safe harbor match consists of 150% of the first 3% of employee contributions and 75% on the next 2% of employee contributions. Therefore, if the employee contributes 5%, Corporate One contributes 6%. The safe harbor match contribution is 100% vested immediately and is made with each pay period.

In addition, on an annual basis, Corporate One decides whether to make a nonelective employer contribution to the Plan, and the amount of any such employer contribution is decided on a quarterly basis. During 2013 and 2012, no nonelective employer contributions were made to the Plan.

c. Participant Accounts

Participants elect to invest in any combination of selected investment funds held by Fidelity Management Trust Company (Fidelity), the Plan trustee. Each participant's account is credited, by fund, with contributions from the participant and Corporate One, and earnings and losses of the investments.

d. Vesting

Participants immediately vest in their voluntary contributions, the safe harbor match contribution and actual earnings or losses thereon. Vesting for Corporate One's nonelective employer contributions is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

e. Payment of Benefits

Benefits are payable in the amount of the participant's account balance on the date of retirement, disability or death. On termination of service for other reasons, a participant is entitled to receive their vested account balance. The participant's vested account balance shall be paid in the form of a qualified joint and survivor annuity, unless an optional form of benefit is elected. Optional forms of benefit payments are as follows:

- i. In one lump sum payment;
- ii. In installment payments over a period of time selected by the participant in monthly, quarterly, semi-annual or annual cash payments; or
- iii. As a life annuity. Includes a normal 50% joint and survivor annuity. Also, includes a 75% and 100% joint and survivor annuity.

For terminations due to other reasons, if the benefits are less than \$1,000, the participant will automatically receive the value of the vested account balance in one lump sum payment. For benefits that are between \$1,000 to \$5,000, the participant will have the option for either a cash payment or rollover into a Fidelity IRA.

f. Notes Receivable from Participants and Hardship Withdrawals

Participants may borrow from their fund accounts. These borrowings are classified as notes receivable from participants and are carried at cost in the accompanying statements of net assets available for benefits. The minimum amount of any loan is \$1,000. No loan to any participant shall be made to the extent that such loan, when added to the outstanding balance of all other loans to the participant, would exceed the lesser of \$50,000 reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made, or one-half the present value of the participant's vested interest. Loan terms shall not exceed five years, unless the loan is used to acquire or construct a primary residence, in which case the repayment period may be longer. The loans bear interest at a fixed-rate based on the U.S. Bank Prime Loan rate plus one percent as of the loan date. Principal and interest are paid ratably through payroll deductions. The Plan also provides for withdrawals in the event of financial hardship.

g. Forfeitures

The Plan requires that forfeitures of participants be first made available to reinstate previously forfeited account balances of reemployed participants, if any. The remaining forfeitures of participants are to be used to reduce only the employer's contribution. Forfeitures were \$11,222 and \$8,018 for the years ended December 31, 2013 and 2012, respectively. These amounts have been used to reduce employer contributions.

2. Summary of Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases during the reporting period. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade date-basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's net gains/losses on investments bought and sold as well as held during the year.

d. Payment of Benefits

Benefits are recorded when paid. At December 31, 2013 and 2012 there were no amounts due to participants who had elected to withdraw from the Plan but had not been paid.

e. Merger with Southeast Corporate Federal Credit Union

On February 16, 2012, the National Credit Union Administration approved the merger between Southeast Corporate Federal Credit Union (Southeast) and Corporate One, with Corporate One being the surviving entity. The merger became effective on July 1, 2012, at 12:01a.m. Immediately following the merger, the employees of Southeast became employees of Corporate One; however, Corporate One elected to continue Southeast's 401k plan for those employees.

On December 31, 2012, Corporate One merged Southeast's 401k plan into the Plan. The transferred net assets have been recognized in the accounts of the Plan as of December 31, 2012, at their balances as previously reported in the accounts of Southeast's 401k plan. For the year ended December 31, 2012, net assets transferred in from Southeast's 401k plan were \$5,983,878. This

included cash from liquidated investments in the amount of \$5,977,327 and employee contributions receivable in the amount of \$6,551.

f. Subsequent Events

Plan management has performed an analysis of activities and transactions subsequent to December 31, 2013 to determine the need for any adjustments to and/or disclosures to the accompanying financial statements for the year ended December 31, 2013. Plan management has performed such analysis through September 26, 2014, the date on which the financial statements were available to be issued. No adjustments to the financial statements were necessary.

3. Investment Funds

The Plan has established various investment funds for investment of contributions from Corporate One and participants. Each participant designates into which fund or funds their contributions should be invested. Contributions from Corporate One are invested in the funds based on the same ratio as participant contributions.

During 2013 and 2012 participants were permitted to invest in a variety of pooled investment funds administered by Fidelity.

The earnings on these funds were reinvested in the same funds. The appreciation or depreciation in the fair market value of each fund includes realized gains and losses from investments sold during the year.

Participants are permitted to change their investment elections and to transfer their funds among the various Fidelity funds at any time.

4. Investments

Investments that represent 5% or more of the Plan's net assets at December 31st are as follows:

	<u>2013</u>	<u>2012</u>
Fidelity Retirement Money Market	\$ 3,299,830	\$ 1,571,161
Fidelity Advisor New Insights Fund: Class I	1,742,786	1,327,719
Oppenheimer Global Fund: Class Y	1,732,014	
Columbia Dividend Income: Class Z	1,281,601	
T. Rowe Price Growth Stock Fund Advisor Class	1,184,620	

5. Fair Value Measurements

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, and Level 3 inputs consist of significant unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were only used when Level 1 inputs were not available.

Level 1 Fair Value Measurements - The fair value of the money market fund and mutual funds is based on quoted net asset values of shares held by the Plan at year end.

Level 2 Fair Value Measurements – The fair value of the common/collective trust is based on the Plan's share of the aggregate market value of the underlying investments.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The following sets forth by level, the Plan's fair value measurements:

<u>Fair Value Measurements using:</u>			
	Total	Quoted Price in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
<u>December 31, 2013</u>	<u>Fair Value</u>		
Money market fund	\$ 3,299,830	\$ 3,299,830	
Mutual funds	18,975,126	18,975,126	
Common/collective trust	618,357		\$ 618,357
Investments at fair value	<u>\$ 22,893,313</u>	<u>\$ 22,274,956</u>	<u>\$ 618,357</u>
<u>December 31, 2012</u>			
Money market fund	\$ 1,571,161	\$ 1,571,161	
Mutual funds	11,085,530	11,085,530	
Common/collective trust	639,927		\$ 639,927
Investments at fair value	<u>\$ 13,296,618</u>	<u>\$ 12,656,691</u>	<u>\$ 639,927</u>

There were no transfers between Level 1 and Level 2 during 2013 and 2012.

6. Information Certified by Trustee

Fidelity, one of the Plan's trustees during 2013 and 2012, administered all of the Plan's investment assets and executes the Plan's investment transactions.

The Plan's financial statements as of December 31, 2013 and 2012 and for the year ended December 31, 2013 and the accompanying supplemental schedule were prepared from information supplied and certified by Fidelity, which included a summary of assets and transactions with supporting schedules.

The following information summarizes the unaudited Plan information that was prepared by or derived from information prepared by the trustee, as applicable:

	<u>2013</u>	<u>2012</u>
<u>Statements of Net Assets Available for Benefits:</u>		
Investments at fair value	\$ 22,893,313	\$ 13,296,618
<u>Statement of Changes in Net Assets Available for Benefits:</u>		
Net appreciation in fair value of investments	2,387,547	
Dividends	815,536	
Interest income on investments	381	

7. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity, which serves as a trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited rules of the Employee Retirement Income Security Act (ERISA).

8. Plan Termination

Although it has not expressed any intent to do so, Corporate One has the right to modify, amend or terminate the Plan subject to the provisions of ERISA. In the event of termination, all amounts credited to a participant's account shall vest immediately and be non-forfeitable.

9. Administrative Expenses

All expenses of administration may be paid out of the Plan unless paid by Corporate One. Such expenses shall include any expenses incident to the functioning of the plan administrator, including but not limited to, fees of accountants, counsel and other specialists and their agents, and other costs of administering the Plan. For the year ended December 31, 2013, Corporate One paid the Plan's expenses. Administrative expenses, which are reported on the Statement of Changes in Net Assets Available for Benefits, are for investment advisory fees, loan overnight fees and short-term trading fees.

10. Tax Status

The Plan was determined by the Internal Revenue Service to be exempt from Federal income taxes. Corporate One was informed of this determination in a letter dated October 7, 2004. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is being operated in accordance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

11. Reconciliation of Financial Statements to Form 5500 (Annual Return/Report of Employee Benefit Plan)

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 and 2012 to Form 5500:

	<u>2013</u>	<u>2012</u>
Net assets available for benefits per the financial statements at contract value	\$ 23,463,922	\$ 19,528,792
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	<u>11,770</u>	<u>21,432</u>
Net assets available for benefits per Form 5500 at fair value	<u>\$ 23,475,692</u>	<u>\$ 19,550,224</u>
