NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees of Innovation Associates, Inc. and Innovation Associates Professional Placement, Inc., the two participating employers in the Plan, are eligible to participate upon the first day of the month following the date of hire.

Contributions – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, but are limited to the annual threshold set by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also transfer in monies representing balances from other qualified pension plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual and trust funds as investment options for participants. The Plan has an annual discretionary employer match by participating employer.

Participant Accounts - Each participant's account is credited with the participant's contribution, loans and loan repayments, allocation of the Plan earnings (losses), and charged with an allocation of administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus earnings, net of losses, thereon. The Plan has implemented an annual discretionary employer match which becomes vested after one year of service.

Payment of Benefits - On termination of service, a participant may elect to receive either a lump-sum distribution, equal to the participant's account, or defer payments until age 70 ½.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 4.25%, which are commensurate with local prevailing rates. Principal and interest are paid ratably through regular payroll deductions.

Forfeited Accounts – Due to the fact that participants have a 100% vested interest in their accounts at December 31, 2013 and 2012, their accounts are currently not subject to forfeiture since the participating employers have not yet contributed matching funds to the Plan.

Operating Expenses – All expenses of maintaining the Plan are paid by Innovation Associates, Inc., the Plan sponsor.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review – Subsequent events were evaluated through October 3, 2014, which is the date the financial statements were available to be issued.

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Uncertainty In Income Taxes - The Plan has adopted the provisions of the FASB ASC No. 740, "*Income Taxes*", as amended by FASB Accounting Standards Update (ASU) No. 2009-06, "*Implementation Guidance on Accounting For Uncertainty in Income Taxes and Disclosure Amendments for Nonpublic Entities*". Management has determined there are no liabilities for unrecognized tax benefits as of December 31, 2013 and 2012.

Payments of Benefits - Benefits are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2013 and 2012, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable - Contributions received from participants for 2012 were net of payments of $15,665 made in 2013 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is included in the plan's statement of net assets available for benefits as excess contributions payable at December 31, 2012. There were no excess contributions for the year ended December 31, 2013.

NOTE 3 - RELATED PARTY TRANSACTIONS

Administrative expenses and custodian fees are rendered by parties-in-interest. These fees and expenses are paid by both Plan participants and the Plan sponsor, Innovation Associates, Inc.

Innovation Associates Professional Placement, Inc., an affiliated company, is a participating employer in the Plan.

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by its trustee.

	2013	2012
Investments, at Fair Value	$ 3,634,705	$ 3,194,985
Notes Receivable from Participants	39,541	60,431
Interest and Dividend Income	131,723	72,509
Net Change in Fair Value of Investments	487,407	296,021

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

In September 2012, the Plan adopted a prototype plan sponsored by EPIC Advisors, Inc. The Internal Revenue Services has determined and informed the Company by letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - INVESTMENTS

The following presents investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets at the beginning of the Plan year:

	2013	2012
Investments at Fair Value as Determined by Quoted Market Price

Common and Collective Trust:		
Federated Capital Preservation Fund	315,142	334,606
	$ 3,427,825	$ 2,972,604

During the year ended December 31, 2013, the Plan's mutual funds (including investments bought, sold and held during the year) appreciated in value by $487,407.

NOTE 9 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that priorities the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks and mutual funds are based on the closing prices reported on the active markets where the individual securities are traded.

NOTE 9 - FAIR VALUE MEASUREMENTS (continued)

Level 2 Fair Value Measurements

The fair value of the common/collective trust is measured by using Level 2 inputs, including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, and securities valued at amortized cost.
