INDEPENDENT AUDITORS' REPORT

Plan Administrator
Metalsa - UAW Retirement and Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Metalsa - UAW Retirement and Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of assets held at end of year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of Metalsa Structural Products (“Company”) - UAW Retirement and Savings Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are members of the collective bargaining unit at one of the following facilities; Elizabethtown, KY, Hopkinsville, KY, Roanoke, VA. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The salaried employees and other non-bargained employees are covered under the Metalsa Retirement Savings Plan.

Contributions

Employee Deferral (Pre-tax): Plan participants can elect to contribute from 1% to 50% of their compensation, not to exceed the allowable amount under Section 402(g) of the Internal Revenue Code. Contributions are based upon total compensation. Compensation is base pay, overtime, shift premium, vacation pay and other paid time-off, and incentive earnings, and other cash compensation, before any other company sponsored benefit reductions (such as health care contributions, etc.). Compensation will not include long-term disability benefits, separation pay, or other benefit payments, or perfect attendance bonuses paid in Elizabethtown. Contributions made by highly compensated employees may be restricted by dollar limits set annually by the Internal Revenue Service. Participant’s contributions are made through automatic payroll deductions every pay period. These contributions are not federally taxable to the participant until they are withdrawn from the Plan.

Nondeductible Employee Contributions (After-tax): The Plan also allows employees to contribute a portion of their compensation into the Plan as a nondeductible employee contribution. The total pre-tax and after-tax contributions cannot exceed 50% of their compensation. Nondeductible employee contributions are contributed to the Plan from amounts that have already been treated as taxable income. These contributions will not reduce their taxable income in the year in which they contribute a portion of their compensation into the Plan but will be tax-free when distributed from the Plan. Earnings on nondeductible employee contributions will not be taxed until they take a distribution from the Plan.

Employer Contributions: Employer contributions are determined by participant location and applicable collective bargaining agreements in place.

Rollovers: Participants who were members of a former employer’s qualified plan may elect to make a rollover contribution from that plan to the Plan.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

1. DESCRIPTION OF PLAN - (Continued):

If the Eligible Employee is employed in the collective bargaining unit at the Elizabethtown, KY facility, the Company will make matching contributions as follows:

1. for Participants who became members of the Elizabethtown bargaining unit on or after January 1, 2003, fifty percent (50%) of the amounts the Participant has contributed to the Plan during the period as Compensation Deferral Contributions, but only with respect to Compensation Deferral Contributions (not After-Tax Contributions) and only with respect to that portion of the Participant's Compensation Deferral Contributions for the Plan Year that do not exceed five percent of that participant's Compensation, or
2. for any Participant who became a member of the Elizabethtown, Kentucky bargaining unit prior to January 1, 2003, equal to the sum of seventy-five percent (75%) of the first \$350 he contributes to the Plan as Compensation Deferral Contributions during the period, and thirty percent (30.0%) of that portion of his Compensation Deferral Contributions for the Plan Year that exceeds \$350, provided that, the Employer Matching Contributions made on behalf of the Participant with respect to his Compensation Deferral Contributions shall not exceed five percent of that Participant's Compensation; and
3. if a participant who became a member of the Elizabethtown, Kentucky bargaining unit prior to January 1, 2003 makes After-tax Contributions to the Plan, additional Employer Matching Contributions equal to the sum of seventy-five percent (75%) of the first \$350 he contributes to the Plan as After-tax Contributions during the period, and thirty percent (30.0%) of that portion of his After-Tax Contributions for the Plan Year that exceeds \$350, provided that, the total Employer Matching Contribution made on behalf of the Participant with respect to his After-tax Contributions shall not exceed five percent of that Participant's Compensation.

Any Matching Contributions will be credited to a separate Matching Contributions Account. All amounts credited will be 100 percent vested and non-forfeitable at all times.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the employer match plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to a variety of investment funds.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

1. DESCRIPTION OF PLAN - (Continued):

Payment of Benefits

The Plan is designed to provide participants with benefits at the time of retirement. However, if employment with the Company is terminated because of death, disability or retirement then the balance of a participant's vested Plan accounts becomes distributable to them. Upon proper notification of the Plan Administrator, the account balance will be distributed to the participant in the form of a lump-sum cash payment. The participant may also request a rollover distribution, as soon as practicable after separation from service.

The normal retirement age for the Plan is 65. Participants may continue as participants in the plan past the normal retirement age.

If a participant dies while a member of the Plan or before any or all of their account balance has been distributed to them, their beneficiary will be entitled to receive all undistributed benefits.

Prior to terminating service or attaining normal retirement age, a participant under certain hardship conditions and with the approval of the Plan Administrator, may elect to receive a distribution of the lesser of their cumulative undistributed employee contributions or their employee contribution balance. Any such distribution may be subject to the mandatory 20% federal income tax withholding.

Participants may elect to take a withdrawal from the After-Tax Contributions Account (including earnings on the after-tax contribution) or from any portion of the Rollover Account or Prior Plan Account (if any) attributable to after-tax contributions that was made to the Dana 401(k) Savings Plan before 2010. The participant may not take more than two such withdrawals during any one year. The amount of the withdrawal may not be less than \$500, or, if less, has to be the entire After-Tax Contributions Account.

Participants Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest is paid ratably through monthly payroll deductions. Only actively working participants may borrow funds, inactive employees, former employees or beneficiaries may not take out a loan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting policies, which conform to U.S. generally accepted accounting principles have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued):

Valuation of Investments

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are valued at cost at borrowing less repayments received from participant, which approximates fair value.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The income tax return of the Plan for 2013, 2012 and 2011 is subject to examination by the taxing authorities, generally for three years after it is filed.

Operating Expenses

Substantially all expenses of maintaining the Plan are paid by the Company. Participant loan fees are charged directly to participants' accounts with active loans.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

3. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

4. INVESTMENTS:

The following represents investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets:

	2013	2012
Vanguard 500 Index Fund	\$ 5,667,770	\$ 4,245,127
Vanguard Prime CAP Fund	\$ 12,534,383	\$ 9,175,081
Vanguard Wellington Fund	\$ 6,320,965	\$ 5,294,882
Vanguard Windsor II Fund	\$ 6,450,234	\$ 5,023,450
Wells Fargo Stable Value Fund	\$ 5,023,625	\$ 5,175,125

During the year ended December 31, 2013, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

Common/collective trust	\$ 61,331
Registered investment companies	<u>7,901,268</u>
	<u>\$ 7,962,599</u>

5. INVESTMENT CONTRACTS:

The Plan maintains a fully benefit-responsive investment contract with Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. maintains the contributions in a fixed account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value. Contract value, as reported to the Plan by Wells Fargo Bank, N.A., represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012 was \$5,063,814 and \$5,325,204, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%.

5. INVESTMENT CONTRACTS - (Continued):

Certain events limit the Plan's ability to transact at contract value with Wells Fargo Bank, N.A. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (c) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit Wells Fargo Bank, N.A. to terminate the agreement prior to the scheduled maturity date unless the plan no longer qualifies for reasons stated above.

The following are the average yields for the years ended December 31, 2013 and 2012.

	2013	2012
Average yields:		
Based on actual earnings	1.36%	.94%
Based on interest rate credited to participants	1.52%	1.95%

6. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values of common stocks, certain corporate bonds, and U.S. government securities are based on the closing price reported in the active market where the individual securities are traded, when available.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

6. FAIR VALUE MEASUREMENTS - (Continued):

Level 2 Fair Value Measurements

The fair value of investments in the collective investment trust for which a quoted market price is not available is based on the underlying investments held by the trust as reported in its year end financial statement included with the annual report. An investment in this fund is generally considered Level 2. Contributions and redemptions occur daily at the stated NAV, which is based on observable inputs. In addition, participants can transact in the Fund daily and the Fund is open to new investors. Further, the majority of the assets held by the Fund are Level 2, including the GICs, security-backed contracts, and underlying holdings.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

7. TRANSFER TO/FROM OTHER PLAN:

As described in Note 1, the Company also sponsors the Metalsa Retirement Savings Plan for employees who are not members of a collective bargaining unit. Bargained employees may be promoted to positions that preclude them from continuing their membership in a collective bargaining unit. These employees become immediately eligible in the Metalsa Retirement Savings Plan and their balance from the Plan is transferred to the Metalsa Retirement Savings Plan. Likewise, as Metalsa Retirement Savings Plan participants become members of a collective bargaining unit, they immediately become eligible in the Metalsa-UAW Retirement and Savings Plan and their Metalsa Retirement Savings Plan balance is transferred in.

8. TAX STATUS:

The Internal Revenue Service has determined and informed the Plan by a letter dated September 19, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES:

For the year ended December 31, 2013 and 2012, all assets are held and invested by the trustee, Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company also receives and holds all income from the investments. In accordance with DOL Section 2520.103-8, verification of the transactions and investment values is not required and is not within the scope of our audit. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee as of December 31, 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Investments, at fair value	<u>\$ 51,048,729</u>	<u>\$ 40,424,228</u>

11. RELATED PARTY TRANSACTIONS:

Certain plan administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Plan investments were managed by Vanguard Fiduciary Trust Company and the Plan uses Vanguard Corporation to administer the Plan. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services and contract administrator fees amounted to \$6,120 for the year ended December 31, 2013.

12. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

13. SELF CORRECTION PROGRAM:

The Company discovered operational errors for which it plans to take corrective action under the Self Correction Program allowed by the Internal Revenue Service. In 2013, there were several instances where the employer match calculation did not agree with the match provision contained in the plan document. The Company is in the process of correcting these findings through the deposit of additional matching funds for instances in which actual matching contributions were less than amounts provided in the Plan document. The Company is currently consulting with outside counsel for appropriate corrective action on actual contributions that exceeded plan document provisions.

14. SUBSEQUENT EVENTS:

The Company has evaluated all subsequent events through August 28, 2014, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

Plan Administrator
Metalsa - UAW Retirement and Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Metalsa - UAW Retirement and Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of assets held at end of year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of Metalsa Structural Products (“Company”) - UAW Retirement and Savings Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are members of the collective bargaining unit at one of the following facilities; Elizabethtown, KY, Hopkinsville, KY, Roanoke, VA. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The salaried employees and other non-bargained employees are covered under the Metalsa Retirement Savings Plan.

Contributions

Employee Deferral (Pre-tax): Plan participants can elect to contribute from 1% to 50% of their compensation, not to exceed the allowable amount under Section 402(g) of the Internal Revenue Code. Contributions are based upon total compensation. Compensation is base pay, overtime, shift premium, vacation pay and other paid time-off, and incentive earnings, and other cash compensation, before any other company sponsored benefit reductions (such as health care contributions, etc.). Compensation will not include long-term disability benefits, separation pay, or other benefit payments, or perfect attendance bonuses paid in Elizabethtown. Contributions made by highly compensated employees may be restricted by dollar limits set annually by the Internal Revenue Service. Participant’s contributions are made through automatic payroll deductions every pay period. These contributions are not federally taxable to the participant until they are withdrawn from the Plan.

Nondeductible Employee Contributions (After-tax): The Plan also allows employees to contribute a portion of their compensation into the Plan as a nondeductible employee contribution. The total pre-tax and after-tax contributions cannot exceed 50% of their compensation. Nondeductible employee contributions are contributed to the Plan from amounts that have already been treated as taxable income. These contributions will not reduce their taxable income in the year in which they contribute a portion of their compensation into the Plan but will be tax-free when distributed from the Plan. Earnings on nondeductible employee contributions will not be taxed until they take a distribution from the Plan.

Employer Contributions: Employer contributions are determined by participant location and applicable collective bargaining agreements in place.

Rollovers: Participants who were members of a former employer’s qualified plan may elect to make a rollover contribution from that plan to the Plan.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

1. DESCRIPTION OF PLAN - (Continued):

If the Eligible Employee is employed in the collective bargaining unit at the Elizabethtown, KY facility, the Company will make matching contributions as follows:

1. for Participants who became members of the Elizabethtown bargaining unit on or after January 1, 2003, fifty percent (50%) of the amounts the Participant has contributed to the Plan during the period as Compensation Deferral Contributions, but only with respect to Compensation Deferral Contributions (not After-Tax Contributions) and only with respect to that portion of the Participant's Compensation Deferral Contributions for the Plan Year that do not exceed five percent of that participant's Compensation, or
2. for any Participant who became a member of the Elizabethtown, Kentucky bargaining unit prior to January 1, 2003, equal to the sum of seventy-five percent (75%) of the first \$350 he contributes to the Plan as Compensation Deferral Contributions during the period, and thirty percent (30.0%) of that portion of his Compensation Deferral Contributions for the Plan Year that exceeds \$350, provided that, the Employer Matching Contributions made on behalf of the Participant with respect to his Compensation Deferral Contributions shall not exceed five percent of that Participant's Compensation; and
3. if a participant who became a member of the Elizabethtown, Kentucky bargaining unit prior to January 1, 2003 makes After-tax Contributions to the Plan, additional Employer Matching Contributions equal to the sum of seventy-five percent (75%) of the first \$350 he contributes to the Plan as After-tax Contributions during the period, and thirty percent (30.0%) of that portion of his After-Tax Contributions for the Plan Year that exceeds \$350, provided that, the total Employer Matching Contribution made on behalf of the Participant with respect to his After-tax Contributions shall not exceed five percent of that Participant's Compensation.

Any Matching Contributions will be credited to a separate Matching Contributions Account. All amounts credited will be 100 percent vested and non-forfeitable at all times.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the employer match plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to a variety of investment funds.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

1. DESCRIPTION OF PLAN - (Continued):

Payment of Benefits

The Plan is designed to provide participants with benefits at the time of retirement. However, if employment with the Company is terminated because of death, disability or retirement then the balance of a participant's vested Plan accounts becomes distributable to them. Upon proper notification of the Plan Administrator, the account balance will be distributed to the participant in the form of a lump-sum cash payment. The participant may also request a rollover distribution, as soon as practicable after separation from service.

The normal retirement age for the Plan is 65. Participants may continue as participants in the plan past the normal retirement age.

If a participant dies while a member of the Plan or before any or all of their account balance has been distributed to them, their beneficiary will be entitled to receive all undistributed benefits.

Prior to terminating service or attaining normal retirement age, a participant under certain hardship conditions and with the approval of the Plan Administrator, may elect to receive a distribution of the lesser of their cumulative undistributed employee contributions or their employee contribution balance. Any such distribution may be subject to the mandatory 20% federal income tax withholding.

Participants may elect to take a withdrawal from the After-Tax Contributions Account (including earnings on the after-tax contribution) or from any portion of the Rollover Account or Prior Plan Account (if any) attributable to after-tax contributions that was made to the Dana 401(k) Savings Plan before 2010. The participant may not take more than two such withdrawals during any one year. The amount of the withdrawal may not be less than \$500, or, if less, has to be the entire After-Tax Contributions Account.

Participants Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest is paid ratably through monthly payroll deductions. Only actively working participants may borrow funds, inactive employees, former employees or beneficiaries may not take out a loan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting policies, which conform to U.S. generally accepted accounting principles have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued):

Valuation of Investments

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participate notes receivable are valued at cost at borrowing less repayments received from participant, which approximates fair value.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The income tax return of the Plan for 2013, 2012 and 2011 is subject to examination by the taxing authorities, generally for three years after it is filed.

Operating Expenses

Substantially all expenses of maintaining the Plan are paid by the Company. Participant loan fees are charged directly to participants' accounts with active loans.

3. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

4. INVESTMENTS:

The following represents investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets:

	2013	2012
Vanguard 500 Index Fund	\$ 5,667,770	\$ 4,245,127
Vanguard Prime CAP Fund	\$ 12,534,383	\$ 9,175,081
Vanguard Wellington Fund	\$ 6,320,965	\$ 5,294,882
Vanguard Windsor II Fund	\$ 6,450,234	\$ 5,023,450
Wells Fargo Stable Value Fund	\$ 5,023,625	\$ 5,175,125

During the year ended December 31, 2013, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

Common/collective trust	\$ 61,331
Registered investment companies	<u>7,901,268</u>
	<u>\$ 7,962,599</u>

5. INVESTMENT CONTRACTS:

The Plan maintains a fully benefit-responsive investment contract with Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. maintains the contributions in a fixed account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value. Contract value, as reported to the Plan by Wells Fargo Bank, N.A., represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012 was \$5,063,814 and \$5,325,204, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

5. INVESTMENT CONTRACTS - (Continued):

Certain events limit the Plan's ability to transact at contract value with Wells Fargo Bank, N.A. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (c) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit Wells Fargo Bank, N.A. to terminate the agreement prior to the scheduled maturity date unless the plan no longer qualifies for reasons stated above.

The following are the average yields for the years ended December 31, 2013 and 2012.

	<u>2013</u>	<u>2012</u>
Average yields:		
Based on actual earnings	1.36%	.94%
Based on interest rate credited to participants	1.52%	1.95%

6. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values of common stocks, certain corporate bonds, and U.S. government securities are based on the closing price reported in the active market where the individual securities are traded, when available.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

6. FAIR VALUE MEASUREMENTS - (Continued):

Level 2 Fair Value Measurements

The fair value of investments in the collective investment trust for which a quoted market price is not available is based on the underlying investments held by the trust as reported in its year end financial statement included with the annual report. An investment in this fund is generally considered Level 2. Contributions and redemptions occur daily at the stated NAV, which is based on observable inputs. In addition, participants can transact in the Fund daily and the Fund is open to new investors. Further, the majority of the assets held by the Fund are Level 2, including the GICs, security-backed contracts, and underlying holdings.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

7. TRANSFER TO/FROM OTHER PLAN:

As described in Note 1, the Company also sponsors the Metalsa Retirement Savings Plan for employees who are not members of a collective bargaining unit. Bargained employees may be promoted to positions that preclude them from continuing their membership in a collective bargaining unit. These employees become immediately eligible in the Metalsa Retirement Savings Plan and their balance from the Plan is transferred to the Metalsa Retirement Savings Plan. Likewise, as Metalsa Retirement Savings Plan participants become members of a collective bargaining unit, they immediately become eligible in the Metalsa-UAW Retirement and Savings Plan and their Metalsa Retirement Savings Plan balance is transferred in.

8. TAX STATUS:

The Internal Revenue Service has determined and informed the Plan by a letter dated September 19, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES:

For the year ended December 31, 2013 and 2012, all assets are held and invested by the trustee, Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company also receives and holds all income from the investments. In accordance with DOL Section 2520.103-8, verification of the transactions and investment values is not required and is not within the scope of our audit. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee as of December 31, 2013 and 2012:

	<u>2013</u>	<u>2012</u>

11. RELATED PARTY TRANSACTIONS:

Certain plan administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Plan investments were managed by Vanguard Fiduciary Trust Company and the Plan uses Vanguard Corporation to administer the Plan. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services and contract administrator fees amounted to \$6,120 for the year ended December 31, 2013.

12. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

13. SELF CORRECTION PROGRAM:

The Company discovered operational errors for which it plans to take corrective action under the Self Correction Program allowed by the Internal Revenue Service. In 2013, there were several instances where the employer match calculation did not agree with the match provision contained in the plan document. The Company is in the process of correcting these findings through the deposit of additional matching funds for instances in which actual matching contributions were less than amounts provided in the Plan document. The Company is currently consulting with outside counsel for appropriate corrective action on actual contributions that exceeded plan document provisions.

14. SUBSEQUENT EVENTS:

The Company has evaluated all subsequent events through August 28, 2014, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

Plan Administrator
Metalsa - UAW Retirement and Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Metalsa - UAW Retirement and Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedule of assets held at end of year is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN:

The following description of Metalsa Structural Products (“Company”) - UAW Retirement and Savings Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who are members of the collective bargaining unit at one of the following facilities; Elizabethtown, KY, Hopkinsville, KY, Roanoke, VA. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The salaried employees and other non-bargained employees are covered under the Metalsa Retirement Savings Plan.

Contributions

Employee Deferral (Pre-tax): Plan participants can elect to contribute from 1% to 50% of their compensation, not to exceed the allowable amount under Section 402(g) of the Internal Revenue Code. Contributions are based upon total compensation. Compensation is base pay, overtime, shift premium, vacation pay and other paid time-off, and incentive earnings, and other cash compensation, before any other company sponsored benefit reductions (such as health care contributions, etc.). Compensation will not include long-term disability benefits, separation pay, or other benefit payments, or perfect attendance bonuses paid in Elizabethtown. Contributions made by highly compensated employees may be restricted by dollar limits set annually by the Internal Revenue Service. Participant’s contributions are made through automatic payroll deductions every pay period. These contributions are not federally taxable to the participant until they are withdrawn from the Plan.

Nondeductible Employee Contributions (After-tax): The Plan also allows employees to contribute a portion of their compensation into the Plan as a nondeductible employee contribution. The total pre-tax and after-tax contributions cannot exceed 50% of their compensation. Nondeductible employee contributions are contributed to the Plan from amounts that have already been treated as taxable income. These contributions will not reduce their taxable income in the year in which they contribute a portion of their compensation into the Plan but will be tax-free when distributed from the Plan. Earnings on nondeductible employee contributions will not be taxed until they take a distribution from the Plan.

Employer Contributions: Employer contributions are determined by participant location and applicable collective bargaining agreements in place.

Rollovers: Participants who were members of a former employer’s qualified plan may elect to make a rollover contribution from that plan to the Plan.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

1. DESCRIPTION OF PLAN - (Continued):

If the Eligible Employee is employed in the collective bargaining unit at the Elizabethtown, KY facility, the Company will make matching contributions as follows:

1. for Participants who became members of the Elizabethtown bargaining unit on or after January 1, 2003, fifty percent (50%) of the amounts the Participant has contributed to the Plan during the period as Compensation Deferral Contributions, but only with respect to Compensation Deferral Contributions (not After-Tax Contributions) and only with respect to that portion of the Participant's Compensation Deferral Contributions for the Plan Year that do not exceed five percent of that participant's Compensation, or
2. for any Participant who became a member of the Elizabethtown, Kentucky bargaining unit prior to January 1, 2003, equal to the sum of seventy-five percent (75%) of the first \$350 he contributes to the Plan as Compensation Deferral Contributions during the period, and thirty percent (30.0%) of that portion of his Compensation Deferral Contributions for the Plan Year that exceeds \$350, provided that, the Employer Matching Contributions made on behalf of the Participant with respect to his Compensation Deferral Contributions shall not exceed five percent of that Participant's Compensation; and
3. if a participant who became a member of the Elizabethtown, Kentucky bargaining unit prior to January 1, 2003 makes After-tax Contributions to the Plan, additional Employer Matching Contributions equal to the sum of seventy-five percent (75%) of the first \$350 he contributes to the Plan as After-tax Contributions during the period, and thirty percent (30.0%) of that portion of his After-Tax Contributions for the Plan Year that exceeds \$350, provided that, the total Employer Matching Contribution made on behalf of the Participant with respect to his After-tax Contributions shall not exceed five percent of that Participant's Compensation.

Any Matching Contributions will be credited to a separate Matching Contributions Account. All amounts credited will be 100 percent vested and non-forfeitable at all times.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the employer match plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to a variety of investment funds.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

1. DESCRIPTION OF PLAN - (Continued):

Payment of Benefits

The Plan is designed to provide participants with benefits at the time of retirement. However, if employment with the Company is terminated because of death, disability or retirement then the balance of a participant's vested Plan accounts becomes distributable to them. Upon proper notification of the Plan Administrator, the account balance will be distributed to the participant in the form of a lump-sum cash payment. The participant may also request a rollover distribution, as soon as practicable after separation from service.

The normal retirement age for the Plan is 65. Participants may continue as participants in the plan past the normal retirement age.

If a participant dies while a member of the Plan or before any or all of their account balance has been distributed to them, their beneficiary will be entitled to receive all undistributed benefits.

Prior to terminating service or attaining normal retirement age, a participant under certain hardship conditions and with the approval of the Plan Administrator, may elect to receive a distribution of the lesser of their cumulative undistributed employee contributions or their employee contribution balance. Any such distribution may be subject to the mandatory 20% federal income tax withholding.

Participants may elect to take a withdrawal from the After-Tax Contributions Account (including earnings on the after-tax contribution) or from any portion of the Rollover Account or Prior Plan Account (if any) attributable to after-tax contributions that was made to the Dana 401(k) Savings Plan before 2010. The participant may not take more than two such withdrawals during any one year. The amount of the withdrawal may not be less than \$500, or, if less, has to be the entire After-Tax Contributions Account.

Participants Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. Principal and interest is paid ratably through monthly payroll deductions. Only actively working participants may borrow funds, inactive employees, former employees or beneficiaries may not take out a loan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting policies, which conform to U.S. generally accepted accounting principles have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

METALSA - UAW RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - (Continued)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued):

Valuation of Investments

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are valued at cost at borrowing less repayments received from participant, which approximates fair value.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The income tax return of the Plan for 2013, 2012 and 2011 is subject to examination by the taxing authorities, generally for three years after it is filed.

Operating Expenses

Substantially all expenses of maintaining the Plan are paid by the Company. Participant loan fees are charged directly to participants' accounts with active loans.

3. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

4. INVESTMENTS:

The following represents investments at December 31, 2013 and 2012 that represent 5% or more of the Plan's net assets:

	2013	2012
Vanguard 500 Index Fund	\$ 5,667,770	\$ 4,245,127
Vanguard Prime CAP Fund	\$ 12,534,383	\$ 9,175,081
Vanguard Wellington Fund	\$ 6,320,965	\$ 5,294,882
Vanguard Windsor II Fund	\$ 6,450,234	\$ 5,023,450
Wells Fargo Stable Value Fund	\$ 5,023,625	\$ 5,175,125

During the year ended December 31, 2013, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows:

Common/collective trust	\$ 61,331
Registered investment companies	<u>7,901,268</u>
	<u>\$ 7,962,599</u>

5. INVESTMENT CONTRACTS:

The Plan maintains a fully benefit-responsive investment contract with Wells Fargo Bank, N.A. Wells Fargo Bank, N.A. maintains the contributions in a fixed account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value. Contract value, as reported to the Plan by Wells Fargo Bank, N.A., represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2013 and 2012 was \$5,063,814 and \$5,325,204, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%.

5. INVESTMENT CONTRACTS - (Continued):

Certain events limit the Plan's ability to transact at contract value with Wells Fargo Bank, N.A. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (c) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit Wells Fargo Bank, N.A. to terminate the agreement prior to the scheduled maturity date unless the plan no longer qualifies for reasons stated above.

The following are the average yields for the years ended December 31, 2013 and 2012.

	<u>2013</u>	<u>2012</u>
Average yields:		
Based on actual earnings	1.36%	.94%
Based on interest rate credited to participants	1.52%	1.95%

6. FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values of common stocks, certain corporate bonds, and U.S. government securities are based on the closing price reported in the active market where the individual securities are traded, when available.

6. FAIR VALUE MEASUREMENTS - (Continued):

Level 2 Fair Value Measurements

The fair value of investments in the collective investment trust for which a quoted market price is not available is based on the underlying investments held by the trust as reported in its year end financial statement included with the annual report. An investment in this fund is generally considered Level 2. Contributions and redemptions occur daily at the stated NAV, which is based on observable inputs. In addition, participants can transact in the Fund daily and the Fund is open to new investors. Further, the majority of the assets held by the Fund are Level 2, including the GICs, security-backed contracts, and underlying holdings.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013 and 2012:

7. TRANSFER TO/FROM OTHER PLAN:

As described in Note 1, the Company also sponsors the Metalsa Retirement Savings Plan for employees who are not members of a collective bargaining unit. Bargained employees may be promoted to positions that preclude them from continuing their membership in a collective bargaining unit. These employees become immediately eligible in the Metalsa Retirement Savings Plan and their balance from the Plan is transferred to the Metalsa Retirement Savings Plan. Likewise, as Metalsa Retirement Savings Plan participants become members of a collective bargaining unit, they immediately become eligible in the Metalsa-UAW Retirement and Savings Plan and their Metalsa Retirement Savings Plan balance is transferred in.

8. TAX STATUS:

The Internal Revenue Service has determined and informed the Plan by a letter dated September 19, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

11. RELATED PARTY TRANSACTIONS:

Certain plan administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Plan investments were managed by Vanguard Fiduciary Trust Company and the Plan uses Vanguard Corporation to administer the Plan. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services and contract administrator fees amounted to \$6,120 for the year ended December 31, 2013.

12. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

13. SELF CORRECTION PROGRAM:

The Company discovered operational errors for which it plans to take corrective action under the Self Correction Program allowed by the Internal Revenue Service. In 2013, there were several instances where the employer match calculation did not agree with the match provision contained in the plan document. The Company is in the process of correcting these findings through the deposit of additional matching funds for instances in which actual matching contributions were less than amounts provided in the Plan document. The Company is currently consulting with outside counsel for appropriate corrective action on actual contributions that exceeded plan document provisions.

14. SUBSEQUENT EVENTS:

The Company has evaluated all subsequent events through August 28, 2014, the date the financial statements were available to be issued.
