**Part I Service Provider Information (continued)**

**3** If you reported on line 2 receipt of indirect compensation, other than eligible indirect compensation, by a service provider, and the service provider is a fiduciary or provides contract administrator, consulting, custodial, investment advisory, investment management, broker, or recordkeeping services, answer the following questions for (a) each source from whom the service provider received \$1,000 or more in indirect compensation and (b) each source for whom the service provider gave you a formula used to determine the indirect compensation instead of an amount or estimated amount of the indirect compensation. Complete as many entries as needed to report the required information for each source.

LIN TELEVISION CORPORATION 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS

---

A. DESCRIPTION OF PLAN:

The following description of the LIN Television Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of LIN Television Corporation and its subsidiaries (the "Company"). Covered employees who were eligible to participate in the plan prior to January 1, 2009 continue to be eligible. Other covered employees who are regularly scheduled to work more than 20 hours per week shall become eligible to participate in the Plan as of the first day of the pay period following their date of hire. Employees regularly scheduled to work less than 20 hours per week shall become eligible to participate if they are covered employees and complete 1,000 hours of service in a plan year and have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Upon meeting eligibility requirements, participants may contribute between 1% and 80% of their plan compensation on a pre-tax basis, subject to Internal Revenue Code ("IRC") limitations. Effective January 1, 2013, all eligible employees and new hires are automatically enrolled in the Plan with a pre-tax participant deferral contribution of 6% unless they sign a waiver indicating they do not wish to participate in the Plan. Prior to January 1, 2013, those who were automatically enrolled were done so at 3%. Participants may also contribute funds from another qualified plan ("rollover contributions"), subject to certain requirements. The Company made a safe harbor nonelective contribution on behalf of each eligible employee equal to 3% of compensation. Effective January 1, 2013, employees working at WKBN and WYTV who are represented by the NABET union are not eligible for the Company nonelective contribution.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are fully vested in that portion of their account which represents their contributions and the income earned thereon. Participants become 100% vested in the Company's contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Safe harbor nonelective contributions vest 100% upon completion of two years of service. Otherwise, a participant's interest in the Company's contributions other than safe harbor contributions and earnings thereon vests according to the following schedule:

| <u>Completed Years of Service</u> | <u>Percent Vested</u> |
|-----------------------------------|-----------------------|
| Less than 1                       | 0%                    |
| 1, but less than 2                | 20%                   |
| 2, but less than 3                | 40%                   |
| 3, but less than 4                | 60%                   |
| 4, but less than 5                | 80%                   |
| 5 or more                         | 100%                  |

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture, as defined by the Plan. Forfeited balances are first used to restore re-employed participants' accounts. Any remaining forfeitures may be used to pay plan expenses or to reduce Company contributions. During 2013, \$181 of forfeitures were used to reduce Company contributions. Unallocated forfeitures at December 31, 2013 and 2012 were \$393,153 and \$262,632, respectively.

Unallocated Assets

The Plan holds assets in an revenue credit account which receives contributions as a result of a revenue sharing agreement with Fidelity Management Trust Company. During 2013, contributions to the account totaled \$22,656, which is included in net appreciation in fair value of investments in the statement of changes in net assets available for plan benefits. Funds in the account are used to pay qualified plan expenses including recordkeeping fees. During 2013, \$4,485 was used to pay Plan expenses. Unallocated assets were \$18,262 and \$0 at December 31, 2013 and 2012, respectively.

Distribution of Benefits

The benefit to which a participant is entitled is equal to the value of the participant's vested interest in their account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who terminate employment and have a vested account balance of less than \$1,000 will receive a lump sum distribution of 100% of their vested benefits. Terminated participants who have an account balance between \$1,000 and \$5,000 will have their balance automatically rolled over into an individual retirement account designated by the Company. Participants who have a vested account balance in excess of \$5,000 may leave their funds invested in the Plan or may elect a distribution in the form of installment payments or a lump sum.

---

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Notes Receivable from Participants

A participant may request a loan in an amount not less than \$1,000. The loan amount is limited to the lesser of one-half of the participant's vested account balance or \$50,000. Loans must bear a reasonable rate of interest. All loans are collateralized by the participant's account and must be supported by a promissory note. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than two loans may be outstanding at any time. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

---

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Expenses of the Plan

Investment advisory fees, loan charges, securities brokerage commissions and fees, and self-directed brokerage fees are paid by the Plan. Any remaining expenses are paid by the plan sponsor.

Payment of Benefits

Benefits are recorded when paid.

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

*Level 3* - Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2013 and 2012.

*Common collective trust* – Valued at net asset value as reported in the audited financial statements by the investment manager based on the fund's underlying assets.

*Mutual funds* – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

LIN TELEVISION CORPORATION 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS

*Common stocks* – Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level and by investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

The common collective trust held by the Plan is a stable value investment which seeks to provide a moderate level of stable income without principal volatility through active management of a diversified portfolio of investment contracts issued by selected high quality insurance companies and financial institutions. Redemptions are allowed daily for participants; however, the Plan may be subject to a twelve month redemption notice period. There are no unfunded commitments.

E. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

LIN TELEVISION CORPORATION 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS

F. TAX STATUS:

The Plan has adopted the volume submitter profit sharing plan document of Fidelity Management Trust Company, effective June 1, 2011. The volume submitter sponsor received a favorable opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2008 in which the IRS stated that the form of the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has since been amended. However, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirement of the IRC, and the related trust is therefore tax-exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest or penalty expense for the year ended December 31, 2013. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2010 through December 31, 2013.

G. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2013 and 2012, the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2013, and the information contained in the Schedule of Assets (Held at End of Year).

H. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

I. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through October 2, 2014, the date these financial statements were available for issuance and there were no subsequent events that have not been appropriately disclosed or reflected in these financial statements.

Subsequent to year end, the Plan was amended to merge the Red McCombs Media 401(k) Plan ("Red McCombs Plan") with and into the Plan and the Red McCombs Plan ceased to exist as a separate plan as of that date. On January 2, 2014 the former assets of the Red McCombs Plan, held by Mass Mutual Retirement Services, were transferred to Fidelity Management Trust Company. Investments and participant loans amounting to \$1,742,782 were transferred as of that date.

LIN TELEVISION CORPORATION 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS

---

A. DESCRIPTION OF PLAN:

The following description of the LIN Television Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of LIN Television Corporation and its subsidiaries (the "Company"). Covered employees who were eligible to participate in the plan prior to January 1, 2009 continue to be eligible. Other covered employees who are regularly scheduled to work more than 20 hours per week shall become eligible to participate in the Plan as of the first day of the pay period following their date of hire. Employees regularly scheduled to work less than 20 hours per week shall become eligible to participate if they are covered employees and complete 1,000 hours of service in a plan year and have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Upon meeting eligibility requirements, participants may contribute between 1% and 80% of their plan compensation on a pre-tax basis, subject to Internal Revenue Code ("IRC") limitations. Effective January 1, 2013, all eligible employees and new hires are automatically enrolled in the Plan with a pre-tax participant deferral contribution of 6% unless they sign a waiver indicating they do not wish to participate in the Plan. Prior to January 1, 2013, those who were automatically enrolled were done so at 3%. Participants may also contribute funds from another qualified plan ("rollover contributions"), subject to certain requirements. The Company made a safe harbor nonelective contribution on behalf of each eligible employee equal to 3% of compensation. Effective January 1, 2013, employees working at WKBN and WYTV who are represented by the NABET union are not eligible for the Company nonelective contribution.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are fully vested in that portion of their account which represents their contributions and the income earned thereon. Participants become 100% vested in the Company's contributions and earnings thereon upon death, total and permanent disability, or attainment of normal retirement age. Safe harbor nonelective contributions vest 100% upon completion of two years of service. Otherwise, a participant's interest in the Company's contributions other than safe harbor contributions and earnings thereon vests according to the following schedule:

| <u>Completed Years of Service</u> | <u>Percent Vested</u> |
|-----------------------------------|-----------------------|
| Less than 1                       | 0%                    |
| 1, but less than 2                | 20%                   |
| 2, but less than 3                | 40%                   |
| 3, but less than 4                | 60%                   |
| 4, but less than 5                | 80%                   |
| 5 or more                         | 100%                  |

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture, as defined by the Plan. Forfeited balances are first used to restore re-employed participants' accounts. Any remaining forfeitures may be used to pay plan expenses or to reduce Company contributions. During 2013, \$181 of forfeitures were used to reduce Company contributions. Unallocated forfeitures at December 31, 2013 and 2012 were \$393,153 and \$262,632, respectively.

Unallocated Assets

The Plan holds assets in an revenue credit account which receives contributions as a result of a revenue sharing agreement with Fidelity Management Trust Company. During 2013, contributions to the account totaled \$22,656, which is included in net appreciation in fair value of investments in the statement of changes in net assets available for plan benefits. Funds in the account are used to pay qualified plan expenses including recordkeeping fees. During 2013, \$4,485 was used to pay Plan expenses. Unallocated assets were \$18,262 and \$0 at December 31, 2013 and 2012, respectively.

Distribution of Benefits

The benefit to which a participant is entitled is equal to the value of the participant's vested interest in their account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who terminate employment and have a vested account balance of less than \$1,000 will receive a lump sum distribution of 100% of their vested benefits. Terminated participants who have an account balance between \$1,000 and \$5,000 will have their balance automatically rolled over into an individual retirement account designated by the Company. Participants who have a vested account balance in excess of \$5,000 may leave their funds invested in the Plan or may elect a distribution in the form of installment payments or a lump sum.

NOTES TO FINANCIAL STATEMENTS

---

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Notes Receivable from Participants

A participant may request a loan in an amount not less than \$1,000. The loan amount is limited to the lesser of one-half of the participant's vested account balance or \$50,000. Loans must bear a reasonable rate of interest. All loans are collateralized by the participant's account and must be supported by a promissory note. All loans must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case a longer repayment period is allowed. No more than two loans may be outstanding at any time. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

LIN TELEVISION CORPORATION 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS

---

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Expenses of the Plan

Investment advisory fees, loan charges, securities brokerage commissions and fees, and self-directed brokerage fees are paid by the Plan. Any remaining expenses are paid by the plan sponsor.

Payment of Benefits

Benefits are recorded when paid.

The following presents investments as of December 31, 2013 or 2012 that represent 5% or more of the net assets available for plan benefits:

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

*Level 3* - Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2013 and 2012.

*Common collective trust* – Valued at net asset value as reported in the audited financial statements by the investment manager based on the fund's underlying assets.

*Mutual funds* – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

LIN TELEVISION CORPORATION 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS

*Common stocks* – Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level and by investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

The common collective trust held by the Plan is a stable value investment which seeks to provide a moderate level of stable income without principal volatility through active management of a diversified portfolio of investment contracts issued by selected high quality insurance companies and financial institutions. Redemptions are allowed daily for participants; however, the Plan may be subject to a twelve month redemption notice period. There are no unfunded commitments.

E. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

LIN TELEVISION CORPORATION 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS

---

F. TAX STATUS:

The Plan has adopted the volume submitter profit sharing plan document of Fidelity Management Trust Company, effective June 1, 2011. The volume submitter sponsor received a favorable opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2008 in which the IRS stated that the form of the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has since been amended. However, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirement of the IRC, and the related trust is therefore tax-exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest or penalty expense for the year ended December 31, 2013. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2010 through December 31, 2013.

G. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of December 31, 2013 and 2012, the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2013, and the information contained in the Schedule of Assets (Held at End of Year).

H. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

Subsequent to year end, the Plan was amended to merge the Red McCombs Media 401(k) Plan ("Red McCombs Plan") with and into the Plan and the Red McCombs Plan ceased to exist as a separate plan as of that date.
