INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Sherman & Howard Retirement Plan #2

Report on the Financial Statements

We have audited the accompanying financial statements of the Sherman & Howard Retirement Plan #2, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Sherman & Howard Retirement Plan #2 as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, as listed in the Table of Contents, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1: Description of the Plan

The Sherman & Howard Retirement Plan #2 (Plan) is a single employer defined contribution plan, established by the members of the law firm of Sherman & Howard L.L.C. (a limited liability company) with its primary office located in Denver, Colorado (employer or firm). The Plan Sponsor maintains five separate retirement plans for the employees of the firm. The Plans are the Sherman & Howard Retirement Plan #1, the Sherman & Howard Retirement Plan #2, the Sherman & Howard Equity Member Plan A, the Sherman & Howard Equity Member Plan B, and the Sherman & Howard Retirement Plan for Associates.

The following description of the Sherman & Howard Retirement Plan #2 provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Eligibility

In order to become a participant and become eligible for employer contributions, an employee, member, or employee of a member of the firm must have completed two years of service prior to an entry date of the Plan (January 1 or July 1). Only one year of service is required for participants to make contributions by salary reduction under IRC Section 401(k). Participants generally must be employed on the last day of the year to be eligible to receive employer contributions.

Employees and members (but excluding Equity Members) whose last names begin with the letters J to Z and all Equity Members are eligible to participate in this Plan. Associates are not eligible to participate in this Plan and employees and members (but excluding Equity Members) whose last names begin with the letters A through I are not eligible to participate in this Plan.

Participant Accounts

Each participant's account at Schwab (the custodial Trustee of the Plan) is credited with the participant's salary reductions, the employer's contributions on the participant's behalf, and earnings on investments, which are allocated daily. For segregated participant investments, each participant's investment earnings for certificates of deposit and individual brokerage accounts are allocated directly to that participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

NOTE 1: Description of the Plan (Continued)

Contributions

The Plan, in combination with Retirement Plan #1 and the Retirement Plan for Associates, provides for contributions to all participant groups based on compensation and certain percentages that the employer determines at its discretion as follows:

Participant Category	Contributions as a Percentage of Compensation	
	2013	2012
Equity Members	13.1373%	13.2%
Attorneys of Counsel	7.0%	7.0%
Non-Equity Members	7.0%	7.0%
Highly Compensated Employees Entitled Only to the Top Heavy Minimum Benefit	3.0%	3.0%
Non-Highly Compensated Employees Entitled Only to the Top Heavy Minimum Benefit (as adjusted to comply with the gateway requirements)	5.0%	5.0%
Staff	5.3%	5.3%
Equity Members, Non-Equity Members and Counsel Attorneys who were previously employed by Mohr Hackett	9.0%	7.0%

Employer contribution percentages for each Plan Year shall be adjusted as may be required so that employer contributions for the Plan Year are nondiscriminatory. The employer contribution for associates was made to the separate plan for associates.

NOTE 1: Description of the Plan (Continued)

Participants' contributions by salary reduction under IRC Section 401(k) are allowed and limited by the plan and the dollar maximum set by law. The legal maximum is $17,500 ($17,000 for 2012) or 100% of compensation, whichever is less. In addition, participants who have attained age 50 before December 31st may make a "catch-up" contribution of $5,500. Participants are entitled to make salary reduction contributions regardless of the hours of service completed during the year.

- IRC Section 415 limits the aggregate contribution made to all plans, which may reduce the contribution allowed under this Plan.
- Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.
- Participants direct the investment of their contributions into various investment options offered by the Plan.

Investment Options

The investments of the plan assets are completely (100%) participant directed. Upon enrollment, and at any time thereafter, participants can direct the investment of their account balances to either of the following two alternative investment programs and the various investment choices within each alternative.

Charles Schwab – Core Mutual Funds (20 mutual fund options)
- Aberdeen Emerging Markets Institutional Fund
- American Beacon Large Cap Value Fund
- ING Small Cap Opportunities Fund (effective 6-1-13)
- Longleaf Partners Small Cap Value Fund
- Nuveen Real Estate Securities Fund
- PIMCO Total Return Fund
- Schwab Retirement Advantage Money Fund
- Schwab U.S. Treasury Money Fund
- T. Rowe Price Growth Stock Fund
- T. Rowe Price Overseas Stock Fund
- TIAA-CREF Mid Cap Value Institutional Fund
- Vanguard Inflation-Protected Securities
- Vanguard Institutional Index Fund
- Vanguard Mid Cap Growth Fund
- Vanguard Target Retirement Funds (5 funds)
- Vanguard Total International Stock Index Institutional Fund

OR

NOTE 1: Description of the Plan (Continued)

Self-Directed Brokerage Account – Schwab Personal Choice Retirement Account (PCRA)

In addition, some participant accounts held certificates of deposit (CDs) until they matured. New investments in CDs are required to be made through a PCRA account.

The trustees utilize the services of a third party administrator (TPA) to perform daily accounting and valuation services for the Schwab mutual funds and the PCRA accounts. The participants can access the TPA's web site on a daily basis to make transfers among the various Schwab funds and PCRA accounts.

Vesting

All participant account balances are fully vested under the plan.

Payment of Benefits

Distributions to participants are available upon retirement, death, total disability, or termination of employment. In-service withdrawals are available to participants who have attained age 59½ (age 62 for any old Money Purchase Pension Account) or who experience a hardship. Participants may withdrawal money attributed to their rollover balances at any time. Participants can select a lump sum payment, monthly, quarterly or annual installments or certain other payment options. The normal retirement age under the Plan is 65.

NOTE 2: Summary of Significant Accounting Policies

Basis of Accounting

The Plan uses an accrual basis of accounting, which conforms to generally accepted accounting principles, to record the transactions of the Plan. The accrual basis includes the following:

- Investments are reported at market value by recording unrealized gains or losses.
- Contributions received after year end are reported as receivable from the employer.
- Interest and dividends are recorded when received and are reflected in the fair value of the investment prior to receipt.

NOTE 2: Summary of Significant Accounting Policies (Continued)

- Purchase and sale of assets are recorded as of the trade date.

- Gains and losses realized upon the sale of investments are recorded based on historical cost, if historical cost information is available. Unrealized gains and losses reflect the adjustment of investment values to fair market value.

Investments

Investments in debt and equity securities are stated at fair value, the last reported sale price on the last business day of the year. Shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value of shares held by the plan. Treasury securities and other interest bearing securities are valued at fair market value, which includes accrued interest to the date of valuation. Money market funds are stated at net asset value.

For the convenience of investment management, the assets of the Sherman & Howard Retirement Plan #1, Retirement Plan #2, and the Associates Plan are commingled in the investment funds described in Note 1.

For financial reporting purposes, the investments are allocated to the respective plans based on a summary of the participants' account balances by source of contributions, income and asset type. The amounts reported for the respective classifications of investment income represent the income on separately identifiable assets and an allocation of the income on the combined investments (Note 3).

Investment and Administrative Expenses

The investment expenses paid by the Retirement Plan are primarily brokerage fees. The Plan sponsor pays administrative expenses that include audit fees, actuary and investment consultant fees, third party administrator fees (to the extent not paid by revenue sharing), compensation of the plan manager, bank charges, and other office expenses. The Plan Sponsor makes advances to the Plan to pay expenses such as bank charges, wire transfer fees and any plan administrative expenses automatically deducted from the Plan's bank accounts and to keep the Plan's operating bank account active. As of December 31, 2013 and 2012, respectively, there is a balance of $844 and $1,013 remaining from the Sponsor's advances which is reported as a liability of the Plan.

NOTE 2: Summary of Significant Accounting Policies (Continued)

Reconciliation of Financial Statements to Form 5500

The reconciliation of net assets available for benefits on the Form 5500 to the financial statements at December 31, 2013 and 2012 is not presented as there are no reconciling items or differences.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan manager to make estimates and assumptions that affect certain reported amounts and disclosures. Estimates are used in the allocation of assets and income between the plans and the allocation of net appreciation (depreciation) in fair value by investment type. Accordingly, actual results may differ from those estimates.

Changes in Presentation

Some amounts previously reported may have been reclassified for purposes of clarity.

	$ 18,330,683	$ 10,721,965

NOTE 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012:

Common stocks. Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds and certificates of deposit. Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds. Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. government securities. Valued using pricing models maximizing the use of observable inputs for similar securities.

NOTE 4: Fair Value Measurements (Continued)

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. Following is the fair value of the combined assets.

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE 4: Fair Value Measurements (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2013 and 2012:

Certificates of Deposit	December 31, 2013	December 31, 2012
Beginning balance	$ 31,853	$ 685,108
Total gains or losses (realized and unrealized) included in changes in net assets available for benefits	831	(1,075)
Net purchases, sales, issuance and settlements	(32,684)	(22,979)
Transfers out of Level 3	—	(629,201)
Ending Balance	$ —	$ 31,853
Total gains or losses for the year included in changes in net assets available for benefits attributable to the change in unrealized gains/losses or relating to investments still held at the reporting date	$ —	$ —

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2013 and 2012, are reported in net appreciation in fair value of investments.

NOTE 5: Related Parties and Parties-In-Interest

The members of the law firm of Sherman & Howard L.L.C. established the Plan and, as its primary contributors, are considered to be related parties to the Plan.

A schedule of party-in-interest transactions for the Sherman & Howard Retirement Plan #2 has not been presented because there were no party-in-interest transactions that are prohibited by ERISA Section 406 and for which there is no statutory or administrative exemption.

NOTE 6: Income Tax Status

The Plan is qualified under Internal Revenue Code (IRC) Sections 401(a) and 401(k). The Trust is exempt from federal income taxes under IRC Section 501(a). The Plan is drafted using the Sherman & Howard Volume Submitter Defined Contribution Plan and Trust.

The Plan Sponsor adopted an amended and restated Adoption Agreement effective January 1, 2010 which includes amendments to comply with regulatory changes, to waive the prior service requirement for owners and employees of combined companies and to admit additional participating employers (professional corporations of which a member of Sherman & Howard is the sole shareholder). A determination letter was requested for the amended and restated Plan in January 2010. A favorable determination letter was received from the IRS dated January 16, 2013 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Most recently, the Plan Sponsor adopted an amended and restated Adoption Agreement effective January 1, 2013 to update adopting employers, service with other employers, and the definition of "Associate-Employees" required by IRS in the determination letter approval process. No additional determination letters have been requested.

The Plans' returns for tax years 2010 through the current period remain subject to examination by tax authorities and the Department of Labor. There are no uncertain tax positions known by management.

NOTE 7: Plan to Plan Transfers

In 2013 and 2012, balances for participants whose employment classification changed during the year were transferred between the plan sponsor's available plans, based on the eligibility requirements of the plans.

Net transfers to and from plans in 2013 are as follows:

	Retirement Plan #1	Retirement Plan #2	Retirement Plan for Associates
Retirement Plan #1	$ —	$ 146,067	$ (31,827)

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as:

- Interest rate risk – the risk that changes in interest rates will adversely affect the fair value of an investment.
- Market risk – the risk that the broad stock market will decline.

Note 9: Risks and Uncertainties (Continued)

- Credit risk – the risk that an issuer or other counterparty to an investment will not fulfill its obligation to the Plan.

- Liquidity risk – the risk that investments will have limited transferability and restrictions on when the investment may be redeemed, such as those in hedge funds and partnerships.

Note 10: Subsequent Events

The Plans' management has evaluated subsequent events through September 11, 2014, the date the financial statements were available to be issued, to determine whether they should be disclosed to keep the financial statements from being misleading. Management found no subsequent events to be disclosed.
