Employee Stock Ownership Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the A-Z Bus Sales, Inc. Employee Stock Ownership Plan as of December 31, 2013 and 2012, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule of Assets (Held at end of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 - GENERAL DESCRIPTION OF THE PLAN

The A-Z Bus Sales, Inc. Employee Stock Ownership Plan (the "Plan") was adopted by A-Z Bus Sales, Inc. (the "Company") on January 1, 1999. The Plan was amended and restated in its entirety effective January 1, 2010. The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. **General.** The Plan is a defined contribution plan covering all eligible employees of A-Z Bus Sales, Inc. Effective January 1, 2012, service with A-Z Resources, LLC will be recognized for purposes of eligibility and vesting. Employees are eligible to participate in the Plan once they have completed a minimum of 1,000 hours of service in a Plan Year and have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is administered by the Administrative Committee. The Plan is intended to be a qualified defined contribution plan that satisfies the requirements of section 4975(e)(7) of the Internal Revenue Code (the "Code"). Under the Code, participants are not liable for federal income taxes on Company contributions or Plan earnings until such time as they are partially or completely withdrawn from the Plan.

   In January 2000, the Plan purchased 600,000 shares of the Company's common stock using the proceeds from a bank note. The bank note was paid off during 2005. In December 2005, the Plan purchased an additional 420,000 shares of the Company's common stock using the proceeds of a loan to a related party and holds the common stock in a trust established under the Plan. During 2010, the loan was refinanced and assumed by the Company. In connection with this refinance, the Plan executed a promissory note to the Company in the amount equal to $1,243,725 (Note 5).

2. **Contributions.** Company contributions are determined by the Board of Directors of the Company annually but are subject to certain dollar limitations in accordance with Plan provisions. Company contributions are required annually for the principal payment required of the loan payable. Company contributions may be paid in cash or Company stock as determined by the Trustee. Company contributions are allocated to the accounts of all participants employed on the last day of the Plan year and are made in the ratio in which the participant's compensation bears to the compensation of all participants for the Plan year.

3. **Participant Accounts.** Each participant's account consists of the (a) Company stock account and (b) other investments account. The Company stock account of each participant is credited with participant's allocable share of Company stock contributed by the Company; allocated shares released due to Company contributions used for principal payment of loan

NOTE 1 - GENERAL DESCRIPTION OF THE PLAN - (CONTINUED)

3. **Participant Accounts (Continued).** payable; dividends on Company stock paid in shares of Company stock; Company stock purchased and paid for by the Plan; and forfeitures of Company stock occurring during such Plan year. The other investments account of each participant is credited with participant's allocable share of the employer contributions other than stock; any net income, gains, losses, appreciation or depreciation attributable to such account; any cash dividends paid on Company stock allocated and credited to participant's Company stock account; dividends currently available for distribution; and forfeitures (other than forfeitures of Company stock) occurring during such Plan year.

   The other investments account of each participant is also allocated for their share of any cash payments for the purchase of company stock or for the payment of any principal and/or interest on an acquisition loan.

4. **Voting Rights.** The Trustee is required to vote all Company stock held in the A-Z Bus Sales, Inc. Employee Stock Ownership Trust (the "Trust") in such manner as the Trustee determines subject to its fiduciary duties under ERISA. With respect to corporate matters, such as merger or consolidation, recapitalization, reclassification, liquidation, dissolution or sale of substantially all business assets, which involves the voting of Company stock, each participant is entitled to direct the Trustee as to the exercise of any voting rights attributable to shares of Company stock then allocated to his or her Company stock account.

5. **Vesting.** Company contributions vest 20% after two years of service and increase 20% for each additional year of service, with 100% after six years of service if the employee became a participant on or after January 1, 2007. All other participants vest 20% after three years and increase 20% each year, with 100% after seven years of service. Benefits attributable to each participant will become fully vested in the event of death, total and permanent disability, normal retirement, the attainment of 100% vesting, or the complete or partial termination of the Plan.

6. **Payments of Benefits.** Participants are eligible to receive a distribution of their account balance, to the extent vested, upon termination of employment, death, disability or retirement. Benefits are payable in the form of cash or, if a participant elects, in the form of Company common shares. Distribution of participant's stock account may be paid in lump sum or in annual installments over a period not to exceed five years. Net assets of the Plan as of December 31, 2013 and 2012, include vested account balances of terminated employees totaling approximately $5,359,871 and $4,029,478, respectively.

NOTE 1 - GENERAL DESCRIPTION OF THE PLAN - (CONTINUED)

7. **Put Option.** Under Federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand, as defined within the Plan provisions, that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The Company can pay for the purchase with interest over a period of five years.

   The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. In addition, if the Company elects to pay the purchase price of the Company stock option under the installment method then the Company shall give the participant who is exercising the put option the Company's promissory note for the full unpaid balance of the purchase price.

8. **Diversification.** Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the total number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution or elect among three investment funds as determined by the Trustee.

9. **Forfeited Accounts.** Plan forfeitures may be used to pay any expenses of the Plan, restore any accounts due to reemployment prior to the occurrence of the five-consecutive-year Break in Service and/or be reallocated to the accounts of remaining participants. Forfeitures are allocated to each remaining participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants as of December 31, 2013 and 2012, totaled $95,198 and $40,079, respectively.

10. **Plan Administration.** The Company appointed an Administrative Committee to serve as the Plan Administrator. The Committee appointed Reliance Trust Company to serve as Trustee. Merrill Lynch served as Custodian through May 2012. Effective June 2012, Morgan Stanley Smith Barney serves as Custodian. The Company provides accounting and administrative services to the Plan at no cost. Contract administration fees are paid by the Plan.

11. **Plan Termination.** The Company anticipates and believes that the Plan will continue without interruption but reserves the right to terminate the Plan in whole or in part at any time. In the event of termination of the Plan, each participant would become fully vested to the extent of the balance in their account, and all accumulated plan benefits would be disbursed to the participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Administrative Committee to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

All short-term deposits purchased with a maturity of three months or less are considered to be cash equivalents. Certificates of deposit totaling $5,001 and $10,054 as of December 31, 2013 and 2012, respectively, have maturities of three months or less.

Cash is maintained in bank deposit and other investment accounts which, at times, may exceed federally insured limits. No losses have been incurred in such accounts and the Administrative Committee believes the Plan is not exposed to any significant credit risk on cash and cash equivalents.

Investment Valuation and Income Recognition

The common stock of the Company is valued at estimated fair value on December 31, 2013 and 2012 and is determined by an annual independent appraisal. The estimated fair values as of December 31, 2013 and 2012 are based on the weighted-average valuation results from the discounted future cash flow method and the market approach.

Investments in corporate equity securities, mutual funds and preferred stock are valued at fair value, measured by publicly quoted prices at the close of each business day that the New York Stock Exchange is open. Investment income is recorded when earned. Interest income is recorded on the accrual basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Net appreciation (depreciation) in the fair value of investments consists of both realized and unrealized gains and losses. Realized gains and losses are measured as the difference between the historical cost of investments sold or redeemed during the year and the proceeds received from their sale or redemption. Unrealized gains and losses are measured as the difference between cost and fair value at the beginning of the period and at the end of the period. Investment transactions are accounted for on a trade date basis.

NOTE 3 - CERTIFICATES OF DEPOSIT

Certificates of deposit as of December 31, 2013 and 2012 consist of amounts on deposit at banks, with interest rates ranging from 0.25% to 3.65% and 1.3% to 4.15%, respectively, with maturities of greater than a month to seven years. Certificates of deposit included in cash equivalents consist of amounts with maturities of three months or less. There were no deposits in an individual bank that exceeded the federally insured limits as of December 31, 2013 and 2012.

NOTE 6 - FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Guidance included in ASC 820-10 *Fair Value Measurements and Disclosures* provides a framework for measuring fair value and establishes a fair value hierarchy that prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs):

Level 1 – The fair values of corporate equity, mutual funds and preferred stock are based on quoted market prices of the underlying investments at year-end.

Level 2 – The fair value of the certificates of deposit is based on amortized cost or original cost plus accrued interest. The fair value of the loan payable is determined using quoted interest rates currently available for issuance of debt with similar terms and maturity dates.

Level 3 – The fair value of the Company common stock is determined by an annual independent appraisal. The following table provides further details of this Level 3 fair value measurement.

NOTE 7 - FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated November 13, 2012, that the Plan qualifies, in form, under Section 4975(e)(7) of the Internal Revenue Code of 1986 as amended (the "Code") and the trust established under the Plan is tax-exempt under Section 501(a) of the Code. The Administrative Committee and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Effective June 2012, certain Plan assets are cash balances managed by Morgan Stanley Smith Barney. Morgan Stanley Smith Barney is the Custodian as defined by the Plan. Prior to June 2012, certain Plan assets were cash balances managed by Merrill Lynch, the prior Custodian. Certain Plan assets are cash balances managed by Reliance Trust Company ("Reliance"). Reliance is the Trustee as defined by the Plan. These transactions qualify as party-in-interest transactions.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS (Continued)

There were no party-in-interest transactions that are prohibited by the Employee Retirement Income Security Act of 1974 Section 406 and for which no statutory or administrative exemption exists.

The Plan has a total of 1,020,000 shares of stock at a price of $11.80 and $10.41 per share as of December 31, 2013 and 2012, respectively. These amounts represent the fair value of the shares based on appraisals of the Company as of December 31, 2013 and 2012.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan primarily invests its funds in the Company's common stock. Due to the level of risk associated with its common stock not being traded in an active market, it is at least reasonably possible that changes in the value of the Company's common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits. In the event of the Company's failure, the Plan will be subjected to losses to the extent of amounts invested in the Company's common stock.

The Plan invests in other investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENT

In June 2014, the Reliance Trust Company resigned as Trustee of the Plan and the Company appointed Argent Trust Company as the new Trustee. Subsequent events have been evaluated by the Company's management through October 3, 2014, the date these financial statements were available to be issued. No additional material subsequent events have occurred since December 31, 2013 that required recognition or disclosure in the current period financial statements.
