Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Legrand North America Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended and the statement of accumulated plan benefits as of December 31, 2012, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Insurance Company of America, the custodians and Prudential Bank & Trust, FSB, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodians and trustee hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the custodians and trustee as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the Plan administrator by the custodians and trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2013 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Description of Actuarial Methods and Assumptions

Actuarial Methods

Asset Valuation Method

The Actuarial Value of assets used in the development of plan contributions phases in recognition of the difference between the actual return on Market Value and the expected return on Market Value over a three-year period at 33.33% per year. The Actuarial Value is adjusted, if necessary, to comply with the IRC Sec. 430 requirement that the Actuarial Value of assets be within the range of 90% to 110% of the Market Value of assets. This method is equivalent to the smoothed market value method without phase-in described in Approval 3.16 of Revenue Procedure 2000-40. This was first used for the 2009 valuation.

Actuarial Cost Method

Funding Target Liability: Unit Credit Actuarial Cost Method.

Maximum Liability: Projected Unit Credit Actuarial Cost Method. The allocation of projected benefits between past years and future years is in proportion to the applicable rates of benefit accrual under the Plan.

Actuarial Assumptions

Changes in Actuarial Assumptions as of January 1, 2013

The valuation reflects the application of the current MAP-21 corridor in the determination of the interest rates used for developing the Plan's minimum required contribution and AFTAP for benefit restriction purposes, as required by law. The interest rate assumptions used before and after the MAP-21 adjustments are more fully described in the next section.

Description of Actuarial Assumptions

Interest rates

Valuation

Segment rates for the 4th month preceding the Valuation Date (i.e., September). The rates are shown below.

Segment	2013		2012	
	Before Adjustment	After Adjustment	Before Adjustment	After Adjustment
1 st	1.75%	4.94%	2.06%	5.54%
2 nd	4.62%	6.15%	5.25%	6.85%
3 rd	5.72%	6.76%	6.32%	7.52%

The rates before adjustment are the standard 24-month segment rates determined under the pre-MAP-21 law. They are used in the determination of the Plan's maximum tax deductible contribution.

The rates after adjustment reflect the application of the 85%-115% corridor (90%-110% for 2012) around the 25-year average rates as provided by MAP-21. They are used in the determination of the Plan's minimum required contribution and AFTAP for benefit restriction purposes.

PBGC premium

Valuation basis, before adjustment.

Expected Return for Asset Smoothing

8.0% not to exceed 6.82% for the 2010 plan year, 6.57% for the 2011 plan year, or 7.52% for the 2012 plan year.

Interest credits

5% per year.

Salary increases (Non-Union only)

For determination of benefits

4.25% per year, subject to IRC Sec. 401(a)(17) limitation.

For determination of present value of future salary

4.25% per year.

Actuarial Methods and Assumptions
continued

Increases in dollar limit
on benefits under IRC Sec. 415

As required by law, no increases are
assumed.

Increases in salary limit
under IRC Sec. 401(a)(17)

As required by law, no increases are
assumed.

Entry date

Valuation date anniversary coincident with or next
following completion of eligibility requirements
(determined as if Plan had always been in effect).

Rates of retirement

Non-Union:

Age	Percent assumed to retire
55-59	2%
60-61	5
62	30
63-64	5
65+	100

The earliest retirement age is the greatest of age 55,
completion of 5 years of service, and age on
valuation date plus one year.

Union: 100% at greater of age 63, or age on
valuation date plus one year.

For terminated vested participants, retirement is
assumed at the later of age 65 and age on valuation
date plus one year.

Mortality

RP-2000 Mortality Table with separate male and
female rates, with no collar adjustment, separate
tables for non-annuitants and annuitants, projected
to the valuation date with Scale AA.

Mortality Improvement

Projected using Scale AA for 15 years after the
valuation date for actives and 7 years for
annuitants.

Union and Walker: Age 65.

Benefit

Accrued benefit as of normal retirement date.

Early retirement

Eligibility

Attainment of age 55 and completion of 5 years of Service (10 years of service for Walker, 15 years of service for Pass and Seymour).

Benefit

Non-Union:
Accrued benefit as of early retirement date.

Union:

At or after age 55, the vested accrued benefit based upon Service to date of early retirement. Accrued benefit is reduced by 4% for each year between date of retirement and age 65.

At or after age 62, for employees who have 10 years of Service, or, the sum of attained age (minimum age 55) plus Service equals or exceeds 85, the accrued benefit based upon Service to date of early retirement, but without the 4% reduction for each year between date of retirement and age 65.

Walker:

The accrued benefit is reduced by 1/200 for each month between date of retirement and age 65.

Pass and Seymour:

The accrued benefit is reduced by ½ of one percent for each completed calendar month by which the early retirement date precedes the normal retirement date.

Late retirement

Accrued benefit as of late retirement date.

Termination prior to retirement

Vesting schedule	100% after completion of 3 years of Service for Non-Union participants and 100% after completion of 5 years of Service for Union participants.
Benefit	<p>Non-Union: Vested portion of accrued benefit as of date of termination.</p> <p>Union: Vested portion of accrued benefit as of date of termination, first payable upon normal retirement eligibility. Earlier benefit commencement may be elected, subject to early retirement eligibility and reduction factors.</p>

Death prior to retirement

Eligibility	Completion of 3 years of vesting service for Non-Union participants and 5 years of vesting service for Union participants.
Benefit	<p>Non-Union: Actuarial Equivalent of the greater of vested participant's Immediate Account Balance Benefit or the Prior Plan Accrued Benefit.</p> <p>Union: Survivor's (named beneficiary) benefit is 50% of the benefit that would have been payable to the participant if the participant had: (1) terminated immediately before death, (2) elected to retire at earliest retirement eligibility, or date of death if later, and (3) elected a 50% joint and survivor annuity. The survivor's benefit is first payable on the date that would have been the participant's earliest retirement date. If the participant had already satisfied early retirement eligibility, the survivor's benefit is payable immediately. The minimum benefit is the return of participant's contributions, if any, with interest.</p>

Death benefit after retirement

A benefit payable to the beneficiary depending on form of payment of benefits in effect at time of death.

Disability retirement
(Union)

Eligibility

At least 5 years of service (was "and age 50" prior to May 1, 1993) and permanently and totally disabled so as to be unable thereby to engage in any employment.

Benefit

Accrued benefit to date of disability less Worker's Compensation law benefits, if any.

Form of benefit

Normal form

Wiremold Union and Non-Union: Modified ten-year certain and life. For married participants, payable as an actuarially equivalent 50% joint and survivor annuity.

Walker: Five year certain and life annuity for married participants, payable as an actuarially equivalent 50% joint and survivor annuity. In either case, payments are guaranteed for 5 years.

Pass and Seymour: Life annuity for married participants, payable as an actuarially equivalent 50% joint and survivor annuity.

Optional forms

100%, 75%, 66 2/3% or 50% joint and survivor annuity, Social Security option, or lump sum (Non-Union only).

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Legrand North America Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended and the statement of accumulated plan benefits as of December 31, 2012, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Insurance Company of America, the custodians and Prudential Bank & Trust, FSB, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodians and trustee hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the custodians and trustee as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the Plan administrator by the custodians and trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2013 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Legrand North America Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Description of Plan

The following description of Legrand North America Retirement Plan (the "Plan" or "Legrand") provides only general information. Participants should refer to the Plan document, and any amendments thereto, for a more complete description of the Plan's provisions.

Effective December 31, 2008, the Pass & Seymour Sierra Electric Industrial Pension Plan ("P&S"), The Wiremold Company Hourly Retirement Income Plan ("Hourly") and Walker Systems, Inc. Union Hourly Pension Plan ("Walker") merged into Legrand and transferred all assets and liabilities to Legrand. All are ultimately sponsored by The Wiremold Company (the "Company").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

General Legrand

Legrand is a noncontributory defined benefit pension plan established to provide pension and death benefits to eligible employees of The Wiremold Company who are not included in a unit of employees covered by a collective bargaining agreement with the Company with respect to which retirement benefits were the subject of good faith negotiations. Employees hired after January 1, 1998 who are not covered by a collective bargaining agreement as described above, became participants of Legrand as of the date of hire, provided that the employee's customary employment was for 1,000 or more hours of service per year. Any employee who does not meet this criteria, and who was not covered by a collective bargaining agreement as described above, became a participant effective January 1 of the Plan year during which the employee completes 1,000 hours of service.

Effective August 1, 2006, no individual shall become a participant in Legrand if the individual becomes an employee on or after August 1, 2006, is a rehire or transfers from another employer. Effective January 1, 2007, employees of the Company that transfer to Legrand Holdings, Inc., the Plan sponsor, will continue to accrue benefits.

Legrand was amended on November 26, 2007 to provide for additional retirement benefits for certain participants electing to terminate employment between November 26, 2007 and February 29, 2008 who meet various requirements. These applicable participants will be provided their normal pay credit as outlined below plus the product of 1/52 of the participant's compensation for the year ended December 31, 2007 times the lesser of 26 or 1.5 times the number of years of service for the participant as of February 29, 2008.

Legrand North America Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Participants are eligible to elect a benefit upon reaching the early retirement age. An eligible participant's monthly early retirement benefit shall be reduced by 4% for each year by which their benefit start date precedes their normal retirement date unless one of the following applies:

- (a) The participant has attained age 62 on their annuity starting date and has ten years of credited service.
- (b) The sum of the participant's age plus his years of service on his annuity starting date equals or exceeds 85 (minimum age 55).

P&S

P&S is a noncontributory defined benefit plan which covers substantially all hourly rate union employees hired before the age of 60 who were employed by Pass and Seymour, Inc. prior to 1995. In 1995, benefits under the Plan were frozen and no new participants have been added subsequently.

Hourly

Hourly is a noncontributory defined benefit pension plan established to provide pension, disability and death benefits to eligible employees of the Company who are members of the Local 1040 International Brotherhood of Electrical Workers AFL-CIO and employed at either the West Hartford or Rocky Hill, Connecticut plants. These employees will become participants on the first plan entry date following their date of hire, provided their employment is expected to include 1,000 hours of service per year. An employee who does not become a participant based on the previous sentence will become a participant as of the plan entry date subsequent to completing a year of service in which 1,000 hours are completed.

Hourly was amended on November 26, 2007 to provide for The Voluntary Early Retirement Plan ("VERP"). To qualify for VERP, participants must have elected between November 26, 2007 and January 10, 2008, to retire between January 20, 2008 and February 29, 2008. A participant who qualified for VERP (a) will have four years of service added for the purpose of determining whether the sum of his or her age and years of service equals or exceeds 85, (b) will have four years of credited service added for the purpose of determining accrued benefits and (c) will have the accrued benefit determined by using the monthly benefit level of \$32.

Hourly was amended in 2009 to provide for the 2008 Voluntary Early Retirement Plan ("2008 VERP"). Any active participant in the Plan who was a collectively-bargained union employee of the Company at its West Hartford, Connecticut location as of December 11, 2008, and who was at least age 58 and had at least five (5) years of service and 80 points (age and years of service when added together equals or exceeds 80) as of January 30, 2009 qualified for the 2008 VERP.

Legrand North America Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

On or after December 11, 2008 and on or before January 30, 2009, eligible employees may make their election to retire under the terms of the 2008 VERP and their retirement will occur on January 30, 2009 (or such earlier date as is mutually agreed upon and approved by the Company in writing). If an eligible employee terminates employment under the 2008 VERP before January 30, 2009, the individual will be treated as having remained in employment through January 30, 2009 solely for the purpose of satisfying the age and service requirements in the paragraph above.

Retirement benefit payments can commence under the 2008 VERP retirement plan at any time on or after February 1, 2009 (as permitted by the terms of the Plan).

An eligible employee who makes his or her election to retire under the terms of the 2008 VERP and who has 80 or more points but less than 85 points as of January 30, 2009: (i) will have his or her years of service increased so that the number of his or her total points will equal 85 and (ii) will have his or her years of credited service increased by the same number as the number of additional years of service described in subsection (c)(i) (for the purpose of determining his or her accrued benefit).

No additional years of service or years of credited service will be credited to an eligible employee who has 85 or more points as of January 30, 2009.

Effective April 1, 2009, any employee, except those classified as an electrician, who is hired or reemployed on or after April 1, 2009 shall not become a participant in Legrand and shall not accrue any benefits. If a former employee who was a participant is reemployed prior to April 1, 2009, the employee shall again become an active participant. If a former employee was not a participant and is reemployed prior to April 1, 2009, the employee may become an active participant by meeting the eligibility requirements.

Participants are eligible to elect a benefit upon reaching the early retirement age. An eligible participant's monthly early retirement benefit shall be equal to their vested accrued benefit on the date of their early retirement; provided, however, that the amount of such benefit shall be reduced by 4% for each year by which their annuity starting date precedes their normal retirement date unless the participant retires directly from an active employment status and one of the following applies:

- (a) The participant has attained age 62 on their annuity starting date and has ten years of credited service.
- (b) The sum of the participant's age and years of service on their annuity starting date equals or exceeds 90 (minimum age 55).
- (c) Effective on or after May 1, 1996, the sum of the participant's age and years of service on their annuity starting date equals or exceeds 85 (minimum age 55).

Legrand North America Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Each participant who retires from employment with their employer and all affiliated companies prior to their normal retirement date due to permanent and total disability, who was accruing credited service at the time they became disabled, who has at least five years of service and who is not eligible for or does not elect to receive an early benefit shall be eligible for a disability benefit.

Walker

Walker is a noncontributory defined benefit pension plan established to provide pension, disability and death benefits to eligible employees of the Company who were employed at its West Virginia manufacturing location (formerly Walker Systems, Inc.) and were members of Local Union No. 2077, International Association of Machinists and Aerospace Workers. Union employees become eligible upon completion of one year of service in which 1,000 hours of service are rendered.

Pension benefits

Legrand

Effective January 1, 1998, Legrand was restated to become a cash balance plan. Under the previous plan, all benefit payments were annuity payments calculated by multiplying the ratio of years of service, to the greater of 30 or the years of service to age 65, by 40% of final average salary. Under the new plan, each participant has a bookkeeping account established in his or her name. The value of the benefit is expressed as a cash balance in that account. Each participant's account increases based on pay credits and interest credits. Pay credits equal a percentage of the participant's compensation; the applicable percentage is generally determined on the basis of the following schedule for Plan years and periods beginning on or after August 1, 2006:

Age as of July 31, 2006	Years of Service			
	Less than 5	At least 5, but less than 10	At least 10, but less than 15	15 or more
Less than 30	0%	2%	3%	4%
30, but less than 35	0%	2%	3%	4%
35, but less than 40	0%	2%	3%	4%
40, but less than 45	0%	4%	5%	6%
45, but less than 50	0%	4%	5%	6%
50 or more	0%	4%	5%	6%

The pay credit for the Plan year or period in which an individual becomes or ceases to be a participant shall be based upon such individual's compensation earned while a participant during such Plan year or period.

Legrand North America Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Interest credits for a given year are based on the average yield on 30-year U.S. Treasury bonds for the September preceding the Plan year (the "Applicable Interest Rate"); however, this rate shall not be less than 5.00%. For each of the years ended December 31, 2013 and 2012, the applicable rates were 5.00%. Participants will be able to elect whether benefits are to be paid out as a lump-sum or from a variety of annuity payments. Any individuals that were participants of the previous plan had an opening balance in the current plan equal to the present value of their pension benefit under the previous plan. The Plan contains other clauses to ensure participants nearing retirement were not adversely affected by the transition.

Participants with less than five years of service as of July 31, 2006 will no longer be eligible for pay credit.

P&S

A qualified employee, upon termination of employment, beginning the first day of the month coinciding with or immediately following his/her 65th birthday, is entitled to a monthly benefit based upon total years of credited service multiplied by the monthly benefit based upon retirement date according to the table within the Plan.

Generally, upon attainment of age 55 with 15 years of credited service, participants are eligible for early retirement which provides a benefit equal to the benefit the employee would receive at age 65 reduced by 1/2 of 1% for each month from the date such benefits commence to the first day of the month following the normal retirement date.

Hourly

In general, a participant's monthly retirement benefit is calculated by multiplying the participant's years of credited service at retirement by a fixed dollar amount. The applicable fixed dollar amount is determined based on the earlier of the participant's retirement date or termination date (as applicable).

Walker

Effective March 31, 2005, Walker was frozen as a result of the plant being closed. Due to the closing of the facility, all participants who were involuntarily terminated on or after September 8, 2004 in connection with the facility closing were 100% vested. Participants accrue no additional benefits or years of credited service on or after March 31, 2005. The Plan was amended to increase monthly retirement benefits to \$28 per year of credited service for all participants who retired or terminated employment on or after November 12, 2004 (first layoff date) as a result of the facility closing. Additionally, participants who retired or terminated employment on or after November 12, 2004 as a result of the facility closing, who had attained age 50 and whose sum of age plus years of service equaled or exceeded 75 were eligible to receive an unreduced early retirement benefit at age 55.

Each participant who retires from employment with his employer and all affiliated companies at or after age 55, but prior to his normal retirement date and who has at least 10 years of service, shall be eligible for an early retirement benefit.

Legrand North America Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

In general, a participant's monthly retirement benefit is calculated by multiplying the participant's years of credited service at retirement by a fixed dollar amount. The applicable fixed dollar amount is determined based on the earlier of the participant's retirement date or termination date (as applicable). Based on Union negotiations, this rate was increased to \$26 effective February 10, 2002. Additionally, all participants affected by the closing of the plant will receive a rate of \$28.

An eligible participant's monthly early retirement benefit shall be equal to his vested accrued benefit on the date of his early retirement; provided, however, that the amount of such benefit shall be reduced by $\frac{1}{2}$ of 1% for each full calendar month by which his annuity starting date precedes his normal retirement date, unless either of the following applies:

- a) The participant has attained age 62 on his annuity starting date.
- b) The sum of the participant's age plus his years of service on his annuity starting date equals or exceeds 85 (minimum age 55).

Death and disability benefits

Legrand

If a participant dies before the normal retirement date while still actively employed and he or she was fully vested, or the participant dies prior to receiving payments, the participant's beneficiary will receive the full account balance as a lump sum or an annuity. If a participant dies while receiving annuity payments, the beneficiary may continue to receive payments depending on the participant's payment option selected.

P&S

Upon the death of a participant who was eligible for early or normal retirement, the surviving spouse will receive a monthly benefit for life equal to 50% of the monthly benefit the employee would have been entitled to receive had they retired on the day before his death, and elected immediate commencement of early retirement benefits in the form of a joint and 50% survivor annuity.

A participant who becomes disabled with at least 15 years of service and is entitled to disability insurance benefits under the Social Security Act is entitled to disability benefits from the Plan. The monthly amount is computed using the same formula as pension benefits but is reduced by workmen's compensation. A minimum benefit of \$50 per month is provided for participants not qualifying for Social Security Disability Benefits.

Hourly

If a participant dies before the normal retirement date while still actively employed, and either made required contributions to the prior plan or have a prior plan value (as defined), the participant's beneficiary will receive all contributions and/or the prior plan value with interest. If the participant is married, their spouse may be eligible to receive a Qualified Pre-Retirement Survivor Annuity, which is similar to the Joint and Survivor Annuity provided at the participant's normal retirement.

Legrand North America Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

A participant who becomes disabled with at least five years of service, was actively employed and is entitled to disability insurance benefits under the Social Security Act, is entitled to disability benefits from the Plan. The monthly amount is computed in the same manner as pension benefits, but is reduced by workmen's compensation payments.

Walker

Upon the death of a participant prior to retirement date, their spouse will receive a Pre-Retirement Spouse Benefit, provided the participant had a vested right to retirement income and had not made an effective election to waive spouse benefit coverage. The monthly benefit will be equal to 50% of the retirement income the participant would have received had they retired the day before their death.

A participant who becomes disabled with at least 15 years of service, was actively employed and accruing service and is entitled to disability insurance benefits under the Social Security Act, is entitled to disability benefits from the Plan. The monthly amount is computed using the same formula as pension benefits, but is reduced by workmen's compensation payments.

Vesting Legrand

In connection with the closing or selling of certain facilities and termination of related employees, affected participants became 100% vested in their accrued benefits. Prior to January 1, 2008, participants are fully vested after five years of service. Effective January 1, 2008, participants are fully vested after three years of service.

P&S

Eligible employees are fully vested after five years of service.

Hourly

Eligible employees are fully vested after five years of service. Additionally, eligible employees shall become fully vested upon reaching normal retirement age regardless of their years of service.

Walker

Eligible employees are fully vested after five years of service except as noted in pension benefits above. Additionally, eligible employees shall become fully vested upon reaching normal retirement age regardless of their years of service.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Legrand North America Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments. Certain administrative expenses related to benefits administration are also deducted from Plan assets and reported within the administrative expenses line item within the statements of changes in net assets available for benefits.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, trustee and insurance company. See Note 5 for a discussion of fair value measurements. In instances wherein quoted market prices are not available, the fair value of investments is estimated primarily by insurance companies. The investment in the insurance company contract (Prudential Guaranteed Deposit Fund) is valued at the estimated fair value, as reported by Prudential Retirement Insurance and Annuity Company ("PRIAC").

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefit payments to participants are recorded upon distribution.

Funding policy

The Company makes contributions to the Plan based on the amount determined by the independent actuary plus such amounts as the Company may determine to be appropriate. The actuary applies current assumptions and factors to benefit information as of January 1 (the date of the actuarial valuation used to determine the Company's contribution for the subsequent Plan year). The ERISA minimum funding requirements have been satisfied for the years ended December 31, 2013 and 2012.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Legrand North America Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure through September 30, 2014, the date the financial statements were available to be issued.

Note 3 - Plan termination

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") (a U.S. government agency) up to the applicable limitations (discussed below).
- All other vested benefits (that is, vested benefits not insured by the PBGC).
- All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Legrand North America Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Benefit improvements attributable to Legrand and Hourly amendments effective November 26, 2007 and December 11, 2008 may not be fully guaranteed even though total benefit entitlements fall below the statutory ceiling, as defined by the PBGC. For example, none of the improvements would be guaranteed if Legrand and Hourly were to terminate before November 26, 2008 and December 11, 2009, respectively. After that date, the PBGC would guarantee 20% of any benefit improvements that resulted in benefits below the ceiling, with an additional 20% guaranteed each year the Plan continued beyond November 26, 2008 and December 11, 2009. If the amount of the benefit increase below the ceiling is also less than \$100, \$20 of the increase (rather than 20%) becomes guaranteed by the PBGC each year following the effective date of the amendment. As a result, the primary ceiling would only be applicable after November 26, 2012 and December 11, 2013.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Note 4 - Investments

The following investments represent 5% or more of the Plan's net assets as of December 31, 2013 and 2012:

	2013	2012
Core Plus Bond PIMCO Fund	\$ 13,984,537	\$ 14,129,679
Dryden S&P 500 Index Fund	10,300,672	8,485,668
MFS Large Cap Growth Fund	8,964,275	-*
LSV Asset Management Large Cap Value Fund	8,842,121	7,137,052
PRISA	6,844,681	6,024,664
PIMCO Core Bond Enhanced Index Fund	6,732,507	6,903,179
Oppenheimer Developing Markets Fund	3,988,238	3,669,741
Neuberger Berman Large Cap Growth Fund	- *	6,774,034

* Investment represents less than 5% of the Plan's net assets as of December 31, 2013 and 2012.

Note 5 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Legrand North America Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

2013	Level 1	Level 2	Level 3	Total

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at unit value reported by PRIAC. The unit value is based on the value of the underlying assets owned by the fund, less liabilities, and then divided by the number of units outstanding. The fund allows for daily redemption and contributions.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows using treasury rates and spreads based on the cash flow timing and quality of assets.

Notes to Financial Statements December 31, 2013 and 2012

The following tables set forth the changes in fair value of the Plan's level 3 assets for the years ended December 31, 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Guaranteed deposit account:		
Balance, beginning of year	\$ 434,026	\$ 854,260
Purchases	7,094,782	4,883,747
Sales	(6,428,036)	(5,342,579)
Unrealized gains	<u>23,675</u>	<u>38,598</u>
Balance, end of year	<u>\$ 1,124,447</u>	<u>\$ 434,026</u>

Gains (unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

Quantitative information about significant unobservable inputs used in level 3 fair value measurements

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

<u>2013</u>					
Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values	Weighted Average
Guaranteed investment contract	<u>\$ 1,124,447</u>	Discounted cash flow	Earnings at guaranteed crediting rate	Gross guaranteed crediting rate must be greater than or equal to contractual minimum crediting rate	N/A
			Composite market value factor	.988035-1.073235	1.006725
<u>2012</u>					
Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values	Weighted Average
Guaranteed investment contract	<u>\$ 434,026</u>	Discounted cash flow	Earnings at guaranteed crediting rate	Gross guaranteed crediting rate must be greater than or equal to contractual minimum crediting rate	N/A

Notes to Financial Statements December 31, 2013 and 2012

In estimating fair value of the investments in level 3, the Retirement Committee may use third-party pricing sources or appraisers. In substantiating the reasonableness of the pricing data provided by third parties, the Retirement Committee evaluates a variety of factors including review of methods and assumptions used by external sources, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

Note 6 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2013 and 2012, and investment income for the years then ended, that is disclosed in the accompanying financial statements and supplemental schedule, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodians and trustee of the Plan.

Note 7 - Tax status

The Plan received its latest determination letter on March 8, 2013, in which the Internal Revenue Service ("IRS") states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 8 - Actuarial information

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable, under the Plan's provisions, to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or vested terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are based on the years of service accumulated by employees. Benefits payable under all circumstances, including retirement, death, disability and termination of employment, are included to the extent they are deemed attributable to employee service rendered to the valuation date.

Legrand North America Retirement Plan

Notes to Financial Statements December 31, 2013 and 2012

The actuarial present value of accumulated plan benefits is determined by an independent actuary from Hooker & Holcombe, Inc., and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in determining accumulated plan benefits were as follows:

	December 31, 2012	December 31, 2011
Mortality:	IRS prescribed static mortality table (based on RP 2000)	IRS prescribed static mortality table (based on RP 2000)
Investment return rate:	8.00% per annum	8.00% per annum
Retirement age:	Retirement is assumed at age 63	Retirement is assumed at age 63

The actuarial method used to determine the normal cost and actuarial liability was the Projected Unit Credit Actuarial Cost Method.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2013 and 2012. Had the valuations been performed as of December 31, 2012 and 2011, there would be no material differences.

Note 9 - Related party and party-in-interest transactions

Certain Plan investments are shares of mutual funds, units of pooled separate accounts and the guaranteed deposit account managed by PRIAC, Prudential Insurance Company of America and Prudential Bank & Trust, FSB. PRIAC and Prudential Insurance Company of America are the custodians and Prudential Bank & Trust, FSB is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodians and trustee for administrative expenses amounted to \$70,630 and \$78,915 for the years ended December 31, 2013 and 2012, respectively. In addition, included in administrative expenses are fees paid for legal and accounting services performed for the Plan. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers.

Note 10 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 11 - Investment contract with insurance company

The Company entered into a guaranteed investment contract with PRIAC. Amounts are invested in the Prudential Guaranteed Deposit Fund. PRIAC maintains the assets of this investment in an unallocated fund to which it credits interest at varying rates. PRIAC recorded cumulative contributions and credited interest at a rate of 4.00% and 3.40% to amounts received prior to January 1, 2013 and 2012, respectively, and 2.10% and 3.00% to amounts received in 2013 and 2012, respectively.

Note 12 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	<u>2013</u>	<u>2012</u>
Net assets available for benefits per the financial statements	\$ 79,436,536	\$ 69,670,958
Fair value to contract value adjustment	<u>(7,511)</u>	<u>(18,568)</u>
