EDDY PACKING CO. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2013 and 2012

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Eddy Packing Co. 401(k) Plan (the plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the plan's provisions.

General

The plan was established on August 1, 2012 and is a defined contribution plan and is intended to be a qualified retirement plan under the Internal Revenue Code for the purpose of providing eligible employees to save for retirement. The plan covers all employees of Eddy Packing Co. and Beeman Transportation, Inc. (collectively, the Company), who have attained the age of 21 and completed 90 days of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participating employees may defer and direct the Company to contribute a percentage of their annual compensation through pre-tax payroll deductions each year. In addition, participants age 50 and over are allowed to make additional "catch-up" contributions, as defined by the plan. Total contributions for each participant cannot exceed the limits imposed by the Internal Revenue Service (IRS) regulations as defined in the plan agreement.

The Company may make a matching contribution. For 2013 and 2012 the Company elected to make a matching contribution equal to 1% of an employee's eligible compensation. The plan also allows for a discretionary profit sharing contribution. The Company made a profit sharing contribution of $16,500 for the period of August 1, 2012 to December 31, 2012. There was no profit sharing contribution for the year ended December 31, 2013.

Participant Accounts

Individual accounts are maintained for each participant of the plan. Each participant's account is credited with the participant's contributions and an allocation of (a) the related Company contributions and (b) the plan's investment earnings (losses) and charged with an allocation of administrative expenses. Plan investment income or loss within each fund is allocated to participants based upon their relative account balances as a percentage of the total account balances of all participants in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

Investment Options

Participants direct the balance of their account into various investment options offered by the plan. The plan currently offers a variety of mutual funds and one common collective trust as investment options for participants. All investments are participant-directed.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

All participant contributions are immediately fully vested. The balance in a participant's account relating to Company contributions becomes 25% vested after one year of credited service and such vesting increases ratably to 100% after four years. Participant accounts are 100% vested upon retirement, disability or death.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are retained in the plan and are used to reduce plan expenses or future Company contributions. At December 31, 2013 and 2012, forfeited nonvested accounts totaled $-0-.

Payment of Benefits

On termination of service, a participant receives the vested portion of his or her account in a lump-sum or installment payments. Upon reaching 59½ years of age, a participant with a fully vested account may receive an in-service distribution prior to separation from service.

If a terminating participant's vested account balance does not exceed $5,000, the plan will distribute the benefit in a lump-sum as soon as administratively practicable. Vested account balances exceeding $5,000 are paid at the participant's discretion, or can be left in the plan until such time the participant wishes to withdraw it, with the account continuing to share in the trust fund income and losses. Distribution cannot be delayed past April 1 following the year that the participant attains age 70½.

Plan Expenses

All general trustee fees and other administrative costs of the plan are paid by the plan. Participants' accounts are charged for fees associated with early withdrawal requests. Management fees paid to the investment managers of the individual funds are netted against the investment income allocated to participant accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the plan have been prepared on the accrual method of accounting.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The plan invests in investment contracts through a common/collective trust. As required, the statements of net assets available for benefits present the fair value of the investment in the common collective trust as well as the adjustment from fair value to contract value for fully benefit-responsive investment contracts. The fair value of the plan's interest in the common/collective trust is based on information reported by the issuer of the common collective trust at year-end. The contract value of the common/collective trust represents contributions plus earnings, less participant withdrawals and administrative expenses.

Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Risks and Uncertainties

The plan provides for investment in mutual funds and a common/collective trust, which are exposed to various risks including, but not limited to, interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INVESTMENTS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Total investments (including adjustment from fair value to contract value) as shown in the accompanying statements of net assets available for benefits of $245,054 and $78,718 as of December 31, 2013 and 2012, respectively.

c. Investment income as shown in the accompanying statements of changes in net assets available for benefits of $23,023 and $755 for the year ended December 31, 2013 and the period of August 1, 2012 to December 31, 2012, respectively.

The fair value of investments held, which exceeded 5% of the plan's net assets available for benefits as of December 31, 2013 and 2012, are as follows:

	2013	2012
Pooled separate accounts:		
**Principal Sam Balanced Separate Account	$ 85,776	$ 7,563
**Principal Sam Conservative Balanced Separate Account	22,340	4,850
**Principal Sam Conservative Growth Separate Account	30,750	5,647
**Principal Sam Strategic Growth Separate Account	21,106	8,101
**Principal Income Separate Account	*	7,619
Common/collective trust fund:		
Principal Stable Value Fund*	31,433	25,844

* Below 5% threshold in the plan
** Party-in-interest to the plan
*** Represents contract value which differs from fair value on the supplemental schedule

The plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

In determining fair value, the plan uses various valuation approaches within the fair value measurement framework. Fair value measurements are determined based on the assumptions that market participants would use in pricing an asset or liability.

Accounting standards establish a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. The standards define levels within the hierarchy based on the reliability of inputs as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset of liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - One or more inputs to the valuation methodology are unobservable and significant to the fair value measurement. Includes items valued using pricing models, discounted cash flows and items supported by little or no market activity.

There have been no changes in the methodologies used at December 31, 2013 and 2012. Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Valued at the NAV of the units of the fund based on underlying investments of the fund. The pooled separate accounts do not have finite lives, unfunded commitments, or significant restrictions on redemptions.

Common/Collective trust fund: Valued at the NAV of the units of the fund based on the fair value of the underlying investments of the fund. The common/collective trust fund does not have a finite life, unfunded commitments, or significant restrictions on redemptions. The fund's objective is to preserve principal while earning a level of interest income consistent with principal preservation.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Blended funds (a)	$ -	$ 16,408	$ -	$ 16,408
Growth funds (b)	-	10,774	-	10,774
Balanced funds (c)	-	167,916	-	167,916
Value funds (d)	-	11,618	-	11,618
Fixed income funds (e)	-	6,905	-	6,905
Total pooled separate accounts	-	213,621	-	213,621
Common/collective trust fund	-	31,625	-	31,625
Total assets at fair value	$ -	$ 245,246	$ -	$ 245,246

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2012:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Blended funds (a)	$ -	$ 4,628	$ -	$ 4,628
Growth funds (b)	-	5,686	-	5,686
Balanced funds (c)	-	28,466	-	28,466
Value funds (d)	-	5,074	-	5,074
Fixed income funds (e)	-	9,020	-	9,020
Total pooled separate accounts	-	52,874	-	52,874
Common/collective trust fund	-	26,452	-	26,452
Total assets at fair value	$ -	$ 79,326	$ -	$ 79,326

a) Blended pooled separate accounts seek to provide long-term growth of capital and income, placing greater emphasis of future dividends than on current income.

b) Growth pooled separate accounts seek to provide long-term growth of capital by investing in the stocks of companies in the United States and around the world, and include investments that in general are expected to grow faster than the economy.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

c) Balanced pooled separate accounts seek to provide a high level of total return (consisting of reinvestment of income and capital appreciation), consistent with a moderate degree of principal risk.

d) Value pooled separate accounts seek stocks that are worth more than is indicated by current market price as determined by the investor advisor.

e) Fixed income funds seek to provide maximum current income by investing in a diverse group of fixed income securities.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are mutual funds managed by Principal Life Insurance Company (Principal). Principal is the custodian as defined by the plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan to Principal for administrative services totaled $2,260 and $173 for the year ended December 31, 2013 and 2012, respectively.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2013	2012
Net assets available for benefits per the financial statements	$ 245,054	$ 95,347
Company contributions receivable	-	(16,500)
Adjustment from contract value to fair value for interest in common/collective trust	192	608
Net assets available for benefits per the Form 5500	$ 245,246	$ 79,455

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of the changes in net assets available for benefits for the year ended December 31, 2013 and the period of August 1, 2012 to December 31, 2012 per the financial statements to Form 5500:

	2013	2012
Increase in net assets available for benefits per the financial statements	$ 149,707	$ 95,347
Change in Company contributions receivable	16,500	(16,500)
Change in adjustment from contract value to fair value for interest in common/collective trust	(416)	608
Change in net assets available for benefits per the Form 5500	$ 165,791	$ 79,455

The above differences are a result of the common/collective trust fund being recorded on contract value for financial statement purposes and fair value on Form 5500 and the Company contribution being recorded on the accrual basis for financial statement purposes and cash basis on Form 5500.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. All assets of the plan will be distributed to participants in accordance with ERISA guidelines.

NOTE 8 - INCOME TAX STATUS

The plan was set up using a prototype plan sponsored by Principal Life Insurance Company. The prototype plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - SUBSEQUENT EVENTS

Management evaluated subsequent events through September 26, 2014, the date the financial statements were available to be issued. Events or transactions occurring after December 31, 2013, but prior to September 26, 2014 that provided additional evidence about conditions that existed at December 31, 2013, have been recognized in the financial statements for the year ended December 31, 2013. Events or transactions that provided evidence about conditions that did not exist at December 31, 2013 but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended December 31, 2013.
