UAH PROPERTY MANAGEMENT, LP 401k PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

NOTE 1 - DESCRIPTION OF PLAN

The following description of the UAH Property Management, LP 401k Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering most employees of the Company who have completed two months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Most administrative costs are paid by the Company.

Contributions - Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan, up to the maximum allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Pretax and Roth deferrals may be made. Participants direct the investment of their contribution into various investment options offered by the Plan. The Plan currently offers a full range of investment options for participants. The Company makes discretionary contributions and currently matches 50% of the employee's deferral up to a maximum of 3% of annual salary.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments sufficient to satisfy required minimum distributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts – At December 31, 2013 and 2012, forfeited non-vested accounts totaled $23,999 and $24,610, respectively. These accounts are being used to pay administrative expenses.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - Financial statements are prepared under the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Date of Management's Review - Subsequent events were evaluated through October 7, 2014 which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS – (Continued)

December 31, 2013	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual Funds	$ 1,028,683	$ 1,028,683
Total	$ 1,028,683	$ 1,028,683

December 31, 2012	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual Funds	$ 739,330	$ 739,330
Total	$ 739,330	$ 739,330

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were utilized by the Plan.

Level 1 - Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

NOTE 5 - TAX STATUS

By letter dated March 31, 2008, the Internal Revenue Service has determined that the Regional Prototype Plan and related trust used by the Company are designed in accordance with applicable sections of the Internal Revenue Service (IRS). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 6 – INVESTMENTS

The following is a list of investments that represent 5% or more of the Plan's net assets:

Pooled separate accounts:	2013	2012
Fundamental Investors	$ 130,465	$ 78,618
Money Market Account	111,023	106,713
Capital World Growth Fund	99,616	62,268
Small Cap World Fund	84,501	56,657
American Mutual Fund	81,462	49,437
American Funds Target 2035	73,905	45,022
Capital World Bond Fund	59,697	63,408
American Funds Target 2030	-	43,042

NOTE 7 – RISKS AND UNCERTAINITES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
