Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Killion Industries, Inc. and Killion Energy, Inc. 401(k) Plan (formerly known as the Killion Industries, Inc. Savings Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note I, which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) and the schedule of delinquent participant contributions are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. DESCRIPTION OF PLAN

The following description of the Killion Industries, Inc. and Killion Energy, Inc. 401(k) Plan (the "Plan") provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on April 1, 1985 as a defined contribution plan. Effective July 1, 2013, the Plan was amended to allow the employees of Killion Energy, Inc., a related party of the Plan Sponsor, to enroll in the Plan. The Plan changed its name to the Killion Industries, Inc. and Killion Energy, Inc. 401(k) Plan. The Plan was formerly named Killion Industries, Inc. Savings Plan prior to July 1, 2013. The Plan covers all employees of Killion Industries, Inc. and Killion Energy, Inc. (the "Company") who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute pre-tax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans. During the period from January 1, 2012 to September 30, 2012, the Company contributed 50% of the first 10% of compensation that a participant contributed to the Plan. During the period from October 1, 2012 to December 31, 2013, the Company contributed 25% of the first 10% of compensation that a participant contributed to the Plan. The Company also has the option to make an annual profit sharing contribution. There were no profit sharing contributions to the Plan for the years ended December 31, 2013 and 2012.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' non-vested accounts are used to pay administrative expenses of the Plan. The Plan used $6,112 of forfeitures to pay administrative expenses during the year ended December 31, 2013. The amount of forfeitures available to pay future administrative expenses is $224 and $4,138 at December 31, 2013 and 2012, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Participants are eligible to receive a lump-sum distribution of benefits upon termination of employment, death, disability, retirement or Plan termination. Distributions may also be made for hardship withdrawals, which are authorized by the Plan administrator and conform to the "deemed hardship" standards set forth in Treasury Regulation Section 1.401(k)(d)(2). Such hardship distributions are subject to certain limitations.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Company's contribution portion of their account plus actual earnings or losses thereon is based on years of continuous service as follows: 25% vested after one year of service; 50% vested after two years; 75% after three years; and 100% after four years of service.

A. DESCRIPTION OF PLAN (CONTINUED)

Investment Options

As of December 31, 2013 and 2012, Massachusetts Mutual Life Insurance Company ("Mass Mutual" or "Trustee") under a trust agreement holds the assets of the Plan, including all contributions and earnings thereon. Upon enrollment in the Plan, participants may direct contributions to a variety of investment options.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

The Plan administrator uses estimates and assumptions in preparing the Plan's financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported changes in net assets. Actual results could vary from the estimates that were used.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

Investment contracts held by a defined contribution plan under the standard are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contacts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The accompanying statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The accompanying statement of changes in net assets available for benefits is prepared on a contract value basis. The Plan offers the Mass Mutual Core Bond Portfolio, a fully benefit-responsive investment contract (see Note E).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Plan Expenses

The Company sponsors the Plan. Personnel within the Company perform various administrative services for the Plan. The payroll and related overhead costs associated with these services are not included as Plan expenses. Most administrative expenses of the Plan, including record keeping, consulting, investment, legal, and audit fees, are paid by the Company.

Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market fluctuation and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Date of Management's Review

The date to which events occurring after December 31, 2013, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosures is October 5, 2014, which is the date on which the financial statements were available to be issued.

C. PARTY-IN INTEREST

There were no party-in interest transactions between the Plan and Mass Mutual other than payment of investment fees from the Plan assets for services rendered.

D. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

E. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

Mass Mutual Core Bond Portfolio

As of December 31, 2013 and 2012, the Plan invests in the Mass Mutual Core Bond Portfolio, which is a fully benefit-responsive investment contract. A fully benefit-responsive investment contract is a contract between an insurance company, a bank, a financial institution, or any financially responsible entity and a plan that provides for a stated return on principal invested over a specified period and that permits withdrawals at contract value for benefit payments, loans, or transfers to other investment options offered to the participant by the Plan. The fair value of the contract as of December 31, 2013 and 2012 was $2,898,964 and $3,215,857, respectively.

E. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

Mass Mutual Core Bond Portfolio (Continued)

The Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. There are no reserves required against contract value for credit risk of the contract issuer or otherwise. At December 31, 2013 and 2012, the contract value was $2,940,478 and $3,122,328, respectively.

The average yields earned by the Mass Mutual Core Bond Portfolio were approximately 1.76% and 2.10% at December 31, 2013 and 2012, respectively. The average yields earned by the Mass Mutual Core Bond Portfolio based on the actual interest rates credited to participants were approximately 1.76% and 2.10% at December 31, 2013 and 2012, respectively. The crediting interest rate is based on a formula agreed upon by the issuer and is reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with the Trustee. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spinoffs of a subsidiary), which would cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes the occurrence of such events, which would also limit the Plan's ability to transact at contract value with Plan participants, is not probable.

F. INCOME TAX STATUS

The Plan obtained its latest determination letter on May 11, 2009, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

G. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, *Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements), and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under accounting principles generally accepted in the United States of America are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Guaranteed investment contracts: Valued based on the contractual terms of the underlying guaranteed investment contracts and period based on the market value of the underlying investments in the portfolio (see Note B – *Valuation of Investments*).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

G. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
