Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Matt Industries, Inc. Employee Retirement Plan ("Plan"), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Capital Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2013 and 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedule of assets held for investment purposes at year end (modified cash basis), are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A -- DESCRIPTION OF PLAN

The following description of the Matt Industries, Inc. Employee Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The stated purpose of the Plan is to enable eligible employees (participants) to save for retirement. It may also provide certain benefits in the event of death, disability or other termination of employment. The Plan includes the employees of Matt Industries, Inc. and Eagle Envelope Company, Inc. (Companies).

   The Plan is intended to be a Section 404(c) plan. This means that the participants and not the Plan fiduciaries are responsible for the investment decisions relating to the assets in the individuals' accounts under the Plan.

2. Administration of the Plan

   The Plan administrator is Matt Industries, Inc. (Company) and is responsible for the administration of the Plan. Certain costs of maintaining the Plan are paid for by the Company.

3. Participation

   An employee shall be eligible to participate in the Plan on the entry date that next follows the date upon which the employee has both attained age 21 and completed one year of service.

4. Contributions and Funding Options

   a. Participation Pretax Contributions

      Each year participants may contribute pre-tax annual compensation in the Plan.

   b. Employer Matching Contributions

      Each year the employer may make a discretionary matching contribution on behalf of each participant.

   c. Employer Profit Sharing Contributions

      Each year the employer may make a discretionary profit sharing contribution. To receive this contribution a participant must be an active employee of the Companies as of the last day of the Plan year.

NOTE A --DESCRIPTION OF PLAN (CONTINUED)

d. Vesting

A participant in the employer matching and profit sharing portion of the Plan becomes 20% vested after two years of service and gains an additional 20% in each of years three through six to be fully vested after six years. Any amounts forfeited through withdrawal prior to vesting are used to reduce the Companies' contribution or expenses of the Plan. Amounts resulting from participant contributions to the Plan are 100% vested at all times and are non-forfeitable.

e. Forfeited Accounts

Any amounts forfeited from non-vested accounts may be used to pay for Plan expenses, used to reduce the matching contribution or used to reduce the profit sharing contribution. For the year ending December 31, 2013 and 2012, there were unallocated forfeitures amounting to $227 and $1,129, respectively.

f. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and (b) plan earnings (losses). Allocations of the plan earnings (losses) are based on participant's account balances.

g. Participant Loans

Participants may borrow only for financial hardship or special needs from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loans are secured by the balance in the participants account and bear interest at rates ranging from 5.25% to 7.00%, which are commensurate with local prevailing rates as determined by the Plan administration. Principal and interest is paid ratably through payroll deduction.

h. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or annual installments over their life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

i. Retirement Age

Normal retirement age is 65; participants may qualify for early retirement after age 59 1/2, with no penalty.

NOTE B --SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions

Contributions from the participating Companies are determined by resolution of the Boards of Directors and are limited to those amounts deductible by the Companies.

Basis of Accounting

The financial statements have been prepared on a modified cash basis which is an acceptable method of accounting by the U.S. Department of Labor.

The Plan presents in the statement of changes in net assets available for benefits, the net appreciation or depreciation of investments which consist of both realized gains and losses and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Uses of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Plan Expenses

Any expenses not paid by the Company are expenses of the Plan.

NOTE B --SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Date of Management's Review

The Plan Administrator has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits through September 30, 2014, the date which the financial statements were available to be issued. No subsequent events requiring disclosure were noted.

NOTE C -- FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under the Statement are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE C -- FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Common/Collective Trust: Valued on the basis of relative interest of each participating investor (participant) in the fair value of the underlying net assets of the common/collective trust.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflection of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2013			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,528,326	$ -	$ -	$ 3,528,326

	$ 340,931	$ 327,893

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

A Plan Administrator determines the fair value measurement policies and procedures, subject to oversight by the Administrative Committee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following table represents the Plan's level 3 financial statements, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

December 31, 2013					
Common/Collective Trust	$ 340,931	The internal pricing analyst and management will review the overall movement of market indices and will apply judgement in determining whether any further research with investment providers will be pursued for share price variances from the prior day. Daily, after all research and validation has been performed, and variances have been resolved, share prices are closed and loaded to the recordkeeping system.	Due to the various unique investments that may be allowed in a common/collative trust, and the various redemption restrictions that may be imposed, a plan sponsor should individually review the prospectus and operations of each of these types of investment options. Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2013 and 2012, are reported in net (depreciation) appreciation in fair value of investments as follows:

	2013	2012
Mutual Funds	$ 656,316	$ 340,725

NOTE D -- TAX STATUS

The Company has received a prototype opinion from the Internal Revenue Service indicating the Plan qualifies under Section 401 of the Internal Revenue Code. Accordingly, income taxes will not be imposed on the Trust created by the Plan and employees will not be taxed currently on contributions made by the Companies or on income earned by the Trust. Employees are taxed at such time as they receive a distribution of Plan assets.

NOTE D -- TAX STATUS (CONTINUED)

The Plan has been amended since receiving a prototype opinion letter. However, the Plan administrator and the Plan's trustee believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan is subject to routine audits by tax jurisdiction; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2011.

NOTE E -- INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2013	2012
Investments, at fair value	$ 3,869,257	$ 2,982,285
Investment earnings	$ 149,085	$ 50,023
Net appreciation in fair value of investment	$ 656,316	$ 340,725

NOTE F -- TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan uses the services of Strategic Financial Services, LLC, Capital Bank and Trust Company, and Kane, Bowles & Moore, P.C. to provide various administration and audit services to the plan and are paid a reasonable fee for such services. These transactions qualify as party-in-interest transactions and are considered to be exempt party in interest transactions.

NOTE G -- RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible the changes in the values of investment securities will occur in the near term and that such changes could materially affect participants, account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H -- PLAN TERMINATION

Although it has not expressed interest to do so, the Companies have the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.
