Employer Retirement Savings Plan - Premier Health Partners (formerly known as Employer Retirement Savings Plan - MedAmerica Health Systems Corporation)

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description

The following description of Employer Retirement Savings Plan - Premier Health Partners (formerly known as Employer Retirement Savings Plan - MedAmerica Health Systems Corporation) (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan, established January 1, 2008, is a defined contribution plan covering all eligible employees of Premier Health Partners (the "Plan Sponsor") and several organizations that are affiliated with the Plan Sponsor, including Miami Valley Hospital, Miami Valley Hospital Foundation, Fidelity Health Care, MVHE, Dialysis Center of Dayton, Premier Community Health, Health Specialists of Dayton, Physician Health Network, Good Samaritan Hospital, Samaritan Behavioral Health, and Atrium Health System (collectively, the "Company"). All employees who have attained the age of 21 are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2011, the Plan was amended and restated to include only nonprofit participating companies (Miami Valley Hospital, Miami Valley Hospital Foundation, Fidelity Health Care, Dialysis Center of Dayton, and Premier Community Health). Accordingly, all for-profit companies' (MVHE and Health Specialists of Dayton) balances were transferred into the MedAmerica Health Systems Corporation 401(k) Plan. In addition, effective January 1, 2011, employees may no longer make contributions to the Plan.

Effective June 3, 2013, the Plan was amended and restated, which effectively changed the name of the Plan to the Employer Retirement Savings Plan - Premier Health Partners. In conjunction with the restatement, the following plans were merged into this Plan as of June 3, 2013: Employer Retirement Savings Plan - Atrium Health System, Good Samaritan Employer Retirement Savings Plan, and Fidelity Health Care 401(k) Plan.

Contributions - The Plan Sponsor makes matching contributions equal to 25 percent of the participants' pretax contributions into the Employer Retirement Savings Plan - Premier Health Partners up to 6 percent of compensation deferred into the Plan.

Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Employer Retirement Savings Plan - Premier Health Partners (formerly known as Employer Retirement Savings Plan - MedAmerica Health Systems Corporation)

Notes to Financial Statements December 31, 2013 and 2012

Note 1 - Plan Description (Continued)

Participant Accounts - Each participant's account is credited with contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately 100 percent vested in previously allowed employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants become fully vested in the Company's contributions after three years of service.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions or to pay administrative expenses of the Plan.

Benefit Payments - Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Account balances less than \$1,000 are paid in a single lump sum upon termination without consent; however, participants always have the option, when applicable, to roll over their vested account balances into a qualified account and avoid any premature distribution penalties.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Metropolitan Life Insurance Company (MetLife) or its affiliates. MetLife is the recordkeeper for the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Participant Notes Receivable - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Notes to Financial Statements December 31, 2013 and 2012

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value. The common collective trust funds are valued at net asset value per share (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets. The guaranteed investment contract is not considered benefit responsive and is presented at fair value. The guaranteed investment contract invests in the general assets of MetLife; however, since there are no specific securities in MetLife's general account related to this contract and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

All other investments are valued based on quoted market prices. See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements December 31, 2013 and 2012

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 22, 2014, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Reliance Trust Company (the "Trustee") holds the Plan's investment and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and schedule of assets held at end of year are based solely on information prepared and certified by MetLife, acting as agent for Reliance Trust Company.

Employer Retirement Savings Plan - Premier Health Partners (formerly known as Employer Retirement Savings Plan - MedAmerica Health Systems Corporation)

Notes to Financial Statements December 31, 2013 and 2012

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2010.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2013 and 2012 and the valuation techniques used by the Plan to determine those fair values.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
