Note 1 – Description of Plan

The following description of the Swedeco, Inc. 401k Plan (the “Plan”) provides only general information. The “Sponsoring Company” is Swedeco, Inc. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all employees of the Sponsoring Company who are not governed by a collective bargaining agreement or who are not non-resident aliens. To be eligible for all types of contributions permitted by the plan an employee must have reached the age of twenty-one and completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in which employees participated prior to their employment with the Sponsoring Company. Participants direct the investment of contributions into various investment options offered by the Plan. The Sponsoring Company may elect to match a percentage of the employee’s pre-tax contributions to the Plan. Matching contributions accrued to the Plan by the Sponsoring Company totaled \$21,073 and \$21,347 during the years ended December 31, 2013 and 2012, respectively. Contributions are subject to certain IRS limitations.

Participant accounts – Each participant’s account is credited with the participant’s contribution and an allocation of the Sponsoring Company’s contribution and plan earnings. Allocations are based on participant earnings, account balances and specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are vested 100% in their contributions and become vested in company matching contributions plus actual earnings thereon according to the top-heavy 6-year graded vesting schedule.

Payment of benefits – Upon termination of employment, for any reason other than disability or death, a participant with an account balance of less than \$5,000 will receive their vested account balance in the form of a lump sum. Installment payments may only be elected if the participant is subject to lifetime required minimum distributions. If a participant terminates employment due to disability or death, a lump sum distribution will be paid. Participants are also permitted to take distributions in the case of a hardship safe harbor election.

Forfeitures – Amounts forfeited via non-vested accounts can be used to reduce future non-elective contributions, employer match contributions and/or reasonable plan expenses. Forfeitures must be allocated in the same plan year in which the designated forfeiture occurs. Forfeitures to the Plan used to reduce the employer match contributions were \$344.62 and \$638.24 for the year ended December 31, 2013 and December 31, 2012, respectively.

Note 2 – Summary of Accounting Policies

Basis of presentation – The accompanying financial statements are prepared on the accrual basis of accounting.

Swedeco, Inc. 401k Plan
Notes to Financial Statements

Note 2 – Summary of Accounting Policies (Continued)

Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumption that affect the reported amounts of assets and liabilities and changes therein, and related disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Payment of benefits – Benefits are recorded when paid.

Operating expenses – Certain administrative expenses of the Plan are paid directly by the Sponsoring Company and are excluded from these financial statements. Fees related to the investments held are charged directly to the participant's accounts and are included in administrative expenses.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

In 2009, the Plan adopted the provisions of FASB ASC 820-10 for fair value measurements (formerly FASB Statement No. 157), which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described below:

Level 1 Fair Value Measurements - The fair value of mutual funds and money market funds is based upon quoted prices of identical assets of the shares held by the Plan at year-end.

Note 3 – Fair Value Measurements (Continued)

Level 2 Fair Value Measurements – The fair value of common trust funds is based upon quoted market values of the underlying investments.

Level 3 Fair Value Measurements - None

Note 4 – Investments

The following presents the fair value of the Plan's investments at December 31, 2013 and 2012. Investments that represent 5% or more of the Plan's net assets are separately identified.

Note 4 – Investments (Continued)

During 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$215,841 as follows:

Mutual funds	\$119,090
Common trust funds	<u>96,751</u>
Total	<u>\$215,841</u>

Note 5 – Related Party Transactions

Certain Plan investments are shares of collective investment funds managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions.

Note 6 – Plan Termination

Although they have not expressed any intention to do so, the Sponsoring Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 – Tax Status

The Plan obtained its latest opinion letter on November 19, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan has never had unrelated business income tax (UBIT) nor has it filed the Form 990-T. Therefore, all tax years are open for examination by federal and state taxing authorities related to UBIT.

Note 8 – Certifications by the Trustee

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2013 and 2012, and net appreciation in fair value of investments and interest and dividends for the years then ended were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by First American Bank (the trustee of the Plan).

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 – Subsequent Events

The Company has evaluated subsequent events through October 8, 2014, the date which the financial statements were available to be issued.
