GIBBS & COX, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION

The following description of the Gibbs & Cox, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution and profit-sharing plan covering all full-time employees at Arlington, Virginia; Hampton, Virginia; Washington, D.C.; Philadelphia, Pennsylvania; and New York City locations of Gibbs & Cox, Inc. (the "Company" or "Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees are eligible and no service requirement is necessary. Gibbs & Cox participation is on January 1 and July 1 of each Plan year.

Effective January 1, 2006, the Sponsor adopted provisions to allow participants to make Roth 401(k) deferrals into the Plan. Such Roth 401(k) deferrals are available to all participants eligible to participate in the Plan and the Plan will accept direct rollovers from other Roth sources held with other qualified plans.

Contributions

Each year, participants may contribute up to 60% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

On January 1, 2007, the Company began making discretionary matching contributions on behalf of all eligible participants of up to 3% of each employee's annual compensation. Additionally, the Company also began making discretionary profit-sharing contributions on January 1, 2007, of 3% of each eligible employee's annual compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Once eligible, participants are 100% vested in the plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 5.75%, and are generally payable in installments over periods ranging from one to five years (unless the loan is used for the purchase of a primary residence, in which case the repayment period may be up to ten years). Principal and interest are paid ratably through bi-weekly payroll deductions. A loan that is considered in default is reported as a deemed distribution which is a taxable event for the participant.

GIBBS & COX, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION (Continued)

Payment of Benefits

On termination of service due to death, disability, termination of employment or retirement, distribution under the Plan will be paid as a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

At December 31, 2013 and 2012 there were no forfeited non-vested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend and interest income are recognized on the accrual basis as earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company.

Subsequent Events

The plan has evaluated subsequent events through October 7, 2014, the date the financial statements were available to be issued.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 and 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

During 2013, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$3,194,686.

Notes Receivable from participants of \$427,236 and \$310,028 in 2013 and 2012, respectively, and interest income on notes receivable from participants of \$20,432 in 2013 have also been certified by trustee.

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Mutual funds:

Mutual funds are valued at year end based upon quoted market prices determined in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012.

GIBBS & COX, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 5 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments represent shares in mutual funds or other investments administered by the Fidelity Management Trust Company. The Fidelity Management Trust Company is the Trustee, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. Dividend income received by the Plan is net of fees charged by the trustee or its affiliates. Fees paid by the Plan for the investment management services amounted to \$10,913 for the year ended December 31, 2013.

NOTE 6 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 24, 1996, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
