NOTES TO THE FINANCIAL STATEMENTS

KTI, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE A – DESCRIPTION OF THE PLAN

The following description of the KTI, Inc. 401(k) plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan Sponsor is KTI, Inc. (the "Company"). The Custodian of the Plan is Mid Atlantic Trust Company.

General

The Plan is a defined contribution plan covering substantially all non union employees of the Company who have three months of service. The effective date of participation would be the first day of the month coinciding with or next following the date on which such requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute on a pre-tax basis up to 20% of their compensation, with a 2013 calendar year maximum of $17,500. Additional amounts may be contributed at the option of the Company's board of directors and contributions are subject to certain limitations. If a participant is age 50 or older by the end of the plan year, the participant may contribute an additional $5,500 to the plan, or the participant's compensation for the year, whichever is lower.

Participant Accounts

Each participant's account is credited with the participant's contributions and investment earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their contributions plus actual earnings thereon.

Administrative Expenses

Administrative expenses are paid by the Plan from Plan assets and are deducted from participant accounts.

NOTE A – DESCRIPTION OF THE PLAN (Cont'd)

Fidelity Bond

The Plan sponsor obtained a fidelity bond in the amount of $200,000.

Participant Loans Receivable

Participants may borrow from the Plan a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years but may be for a period up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably over the loan term through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested account balance. Benefits are recorded when paid. For the plan year ended December 31, 2013, benefits paid to participants amounted to $189,608.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions to be invested in any of twenty two investment options offered by Mid Atlantic Trust Company, the Plan's trustee. Investment options within Mid Atlantic Trust Company are categorized as follows:

Equity Funds

This category consists of six mutual funds whose primary objective is growth of capital. The fund invests primarily in common stocks and seeks to invest in companies that appear to offer superior opportunities for growth of capital.

International Equity Funds

This category consists of two mutual funds whose primary objective is long-term growth of capital. These funds mainly invest in common stocks of issuers in developing and emerging markets throughout the world.

NOTE A – DESCRIPTION OF THE PLAN (Cont'd)

Fixed Income Funds

This category consists of five mutual funds whose primary objective is maximizing total return, consistent with preservation of capital and prudent investment management.

Balanced Funds

This category consists of six mutual funds whose primary objective is to provide capital appreciation and current income consistent with its current asset allocation. The funds invest in a portfolio of equity, debt and money market securities.

Alternative Asset Fund

This investment seeks capital appreciation; current income is a secondary consideration. The fund normally invests at least 80% of net assets in securities of gold and precious metals operation companies.

Commodity Fund

This investment seeks maximum real return, consistent with prudent investment management. The fund normally invests in commodity-linked derivative instruments backed by a portfolio of inflation-indexed securities and other Fixed Income Instruments.

Money Market Fund

This fund seeks to provide current income and preserve principal investment. The fund invests in short-term, high-quality securities with expected returns largely dependent on the current interest-rate environment.

NOTE B – A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B – A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events were evaluated through October 8, 2014, which is the date the financial statements were available to be issued.

NOTE C – INFORMATION CERTIFIED BY THE TRUSTEES

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2013 and 2012 and net change in fair value of investments and interest and dividend income for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's trustee.

NOTE D – FAIR VALUE MEASUREMENTS

The Plan's investments are held by the Plan's trustee, an insurance company. The following table presents investments at December 31, 2013 and 2012.

	Fair Value	Fair Value Measurements Using: Quoted Market Prices in Active Markets for Identical Assets (Level 1)
December 31, 2013

Commodity Fund	688	688
Money Market Funds	49,892	49,892
Total Invested Funds	$ 1,094,255	$ 1,094,255

For the year ended December 31, 2013, net appreciation in fair value of investments, (including gains and losses on investments bought and sold, as well as held during the year) was $177,953.

NOTE D – FAIR VALUE MEASUREMENTS (Cont'd)

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements:

The fair value of mutual funds is based on quoted net assets values of the shares held by the Plan at year-end.

NOTE E – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Mid Atlantic Trust Company. Mid Atlantic Trust Company is the custodian as defined by the Plan and, therefore, transactions in this fund qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $8,117 for the year ended December 31, 2013.

While these transactions are party-in-interest transactions they are not prohibited transactions under ERISA.

Vanguard Target Retirement 2050 Fund Investor Shares	159,104

NOTE G – SUBSEQUENT EVENTS

There were 9 employee participants that have been terminated as of December 31, 2013. These terminated participants have balances in the plan that total $257,819, which may be disbursed in 2014 to these terminated participants. Since their accounts are pooled separate accounts, there will be no effect to the other participants in the plan when the terminated employees' accounts are disbursed.

NOTE H – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTES TO THE FINANCIAL STATEMENTS

KTI, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE A – DESCRIPTION OF THE PLAN

The following description of the KTI, Inc. 401(k) plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan Sponsor is KTI, Inc. (the "Company"). The Custodian of the Plan is Mid Atlantic Trust Company.

General

The Plan is a defined contribution plan covering substantially all non union employees of the Company who have three months of service. The effective date of participation would be the first day of the month coinciding with or next following the date on which such requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute on a pre-tax basis up to 20% of their compensation, with a 2013 calendar year maximum of $17,500. Additional amounts may be contributed at the option of the Company's board of directors and contributions are subject to certain limitations. If a participant is age 50 or older by the end of the plan year, the participant may contribute an additional $5,500 to the plan, or the participant's compensation for the year, whichever is lower.

Participant Accounts

Each participant's account is credited with the participant's contributions and investment earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their contributions plus actual earnings thereon.

Administrative Expenses

Administrative expenses are paid by the Plan from Plan assets and are deducted from participant accounts.

NOTE A – DESCRIPTION OF THE PLAN (Cont'd)

Fidelity Bond

The Plan sponsor obtained a fidelity bond in the amount of $200,000.

Participant Loans Receivable

Participants may borrow from the Plan a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years but may be for a period up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably over the loan term through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested account balance. Benefits are recorded when paid. For the plan year ended December 31, 2013, benefits paid to participants amounted to $189,608.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions to be invested in any of twenty two investment options offered by Mid Atlantic Trust Company, the Plan's trustee. Investment options within Mid Atlantic Trust Company are categorized as follows:

Equity Funds

This category consists of six mutual funds whose primary objective is growth of capital. The fund invests primarily in common stocks and seeks to invest in companies that appear to offer superior opportunities for growth of capital.

International Equity Funds

This category consists of two mutual funds whose primary objective is long-term growth of capital. These funds mainly invest in common stocks of issuers in developing and emerging markets throughout the world.

NOTE A – DESCRIPTION OF THE PLAN (Cont'd)

Fixed Income Funds

This category consists of five mutual funds whose primary objective is maximizing total return, consistent with preservation of capital and prudent investment management.

Balanced Funds

This category consists of six mutual funds whose primary objective is to provide capital appreciation and current income consistent with its current asset allocation. The funds invest in a portfolio of equity, debt and money market securities.

Alternative Asset Fund

This investment seeks capital appreciation; current income is a secondary consideration. The fund normally invests at least 80% of net assets in securities of gold and precious metals operation companies.

Commodity Fund

This investment seeks maximum real return, consistent with prudent investment management. The fund normally invests in commodity-linked derivative instruments backed by a portfolio of inflation-indexed securities and other Fixed Income Instruments.

Money Market Fund

This fund seeks to provide current income and preserve principal investment. The fund invests in short-term, high-quality securities with expected returns largely dependent on the current interest-rate environment.

NOTE B – A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B – A SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events were evaluated through October 8, 2014, which is the date the financial statements were available to be issued.

NOTE C – INFORMATION CERTIFIED BY THE TRUSTEES

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2013 and 2012 and net change in fair value of investments and interest and dividend income for the year ended December 31, 2013, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's trustee.

NOTE D – FAIR VALUE MEASUREMENTS

The Plan's investments are held by the Plan's trustee, an insurance company. The following table presents investments at December 31, 2013 and 2012.

	Fair Value	Fair Value Measurements Using: Quoted Market Prices in Active Markets for Identical Assets (Level 1)

December 31, 2012		
Mutual Funds:

Commodity Fund	688	688
Money Market Funds	49,892	49,892
Total Invested Funds	$ 1,094,255	$ 1,094,255

For the year ended December 31, 2013, net appreciation in fair value of investments, (including gains and losses on investments bought and sold, as well as held during the year) was $177,953.

NOTE D – FAIR VALUE MEASUREMENTS (Cont'd)

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements:

The fair value of mutual funds is based on quoted net assets values of the shares held by the Plan at year-end.

NOTE E – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Mid Atlantic Trust Company. Mid Atlantic Trust Company is the custodian as defined by the Plan and, therefore, transactions in this fund qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $8,117 for the year ended December 31, 2013.

While these transactions are party-in-interest transactions they are not prohibited transactions under ERISA.

NOTE G – SUBSEQUENT EVENTS

There were 9 employee participants that have been terminated as of December 31, 2013. These terminated participants have balances in the plan that total $257,819, which may be disbursed in 2014 to these terminated participants. Since their accounts are pooled separate accounts, there will be no effect to the other participants in the plan when the terminated employees' accounts are disbursed.

NOTE H – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
