NOTE 1. PLAN DESCRIPTION

The following description of The Gersh Agency, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees, as defined by the Plan, of The Gersh Agency, Inc. (the "Company" and the "Plan Sponsor") who have completed six months of service and have obtained 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan and subject to Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan.

Effective May 1, 2013, the Company amended the Plan to include an automatic enrollment provision. The automatic enrollment provision provides that all eligible employees entering the Plan on or after May 1, 2013 will be automatically enrolled at a deferral rate of three percent, unless the employee declines. The deferral rate of three percent will increase by one percent annually up to a maximum of six percent of compensation, as defined by the Plan.

The Company may make a Qualified Non-Elective Contribution ("QNEC"). For the year ended December 31, 2013, the Company made a QNEC of $6,878.

Vesting

Participants are vested immediately in their contributions and QNEC, plus actual earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's contributions, as well as allocations of the Company QNEC and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of service for any reason, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution as permitted under the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Great-West Life & Annuity Insurance Company (the "Custodian") and Great-West Trust Company, LLC (the "Trustee") (collectively, "Great-West").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Accounting principles generally accepted in the United States of America require that for fully benefit-responsive investment contracts the amount representing the difference between the fair value and the contract value be presented on the face of the statements of net assets available for plan benefits. As of December 31, 2013 and 2012, there was no difference between the contract value and fair value of the Key Guaranteed Portfolio Fund. The investments and changes therein of the funds have been reported to the Plan by Great-West using fair value.

Investments are valued daily. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative expenses incidental to the administration of the Plan, including fees of the Custodian, Trustee and independent public accountants, may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

According to the Plan Expense Agreement between the Company and Great-West, Great-West is required to make quarterly contributions to the Plan Expense Account ("PEA") in an amount equal to 0.0625 percent of the Plan's assets (0.25 percent annually). The funds in the PEA may be used to pay Plan administrative expenses during the year and any remaining balance at the end of the year may be allocated to participants as earnings or contributions. The net appreciation of investments is inclusive of these contributions. During the year ended December 31, 2013, Great-West contributed $19,123 to the PEA, all of which was used to pay Plan administrative expenses. As of December 31, 2013, there were no funds available in the PEA.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Guaranteed Interest Contract ("GIC") – Valued at contract value, which approximates fair value (see Note 5) and therefore classified as Level 2 in the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loan interest rate is set at two percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at a rate of 5.25 percent. Principal and interest is paid ratably through monthly payroll deductions. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 4. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participant's account balances will be distributed in accordance with the Plan agreement.

NOTE 5. INVESTMENTS

Investment options are selected by the Plan Sponsor and are participant-directed. The participants have several investments they can choose from. See the attached Schedule of Assets (Held at End of Year) for a detailed listing of investments.

The following presents investments that represent five percent or more of the Plan's net assets as of December 31:

	2013	2012
Key Guaranteed Portfolio Fund	$ 458,319	$ 486,645
Vanguard Target Retirement 2015 Fund	512,242	433,770
Vanguard Target Retirement 2020 Fund	484,509	388,112
Vanguard Target Retirement 2025 Fund	1,191,545	1,070,013
Vanguard Target Retirement 2030 Fund	1,130,108	1,145,527
Vanguard Target Retirement 2040 Fund	479,772	*
Vanguard 500 Index Fund	613,512	*
Vanguard Dividend Growth Fund	450,810	*
PIMCO Total Return Fund	535,986	504,849

* Less than five percent of net assets at December 31.

For the year ended December 31, 2013, net appreciation of investments in registered investment companies (mutual funds) was $1,169,597.

The Plan entered into a fully benefit-responsive investment contract with Great-West. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great-West is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Since the Key Guaranteed Portfolio Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits attributable to the fund. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of Great-West or otherwise. The crediting interest rate is based on a formula agreed upon with Great-West. Such interest rates are reset quarterly as of the beginning of each month. The contract value is also the fair value to be disclosed.

Certain events limit the ability of the Plan to transact at contract value with Great-West. Such events include, but are not limited to the following: (1) premature termination of the contracts by the Plan, (2) Company layoffs, (3) bankruptcy of the Plan Sponsor, (4) Plan termination, (5) mergers, or (6) early retirement incentives. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

NOTE 5. INVESTMENTS (Continued)

Average yields for the Key Guaranteed Portfolio Fund:	2013	2012
Based on actual earnings	1.26%	1.45%
Based on interest rate credited to participants	1.26%	1.45%

NOTE 6. FEDERAL INCOME TAX STATUS

The Plan Sponsor received a determination letter from the IRS dated July 1, 2011 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan, as subsequently amended, is currently designed and being operated in accordance with applicable sections of the IRC and, accordingly, is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 7. FINANCIAL DATA CERTIFIED BY THE TRUSTEE AND CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Great-West and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments and notes receivable from participants as shown in the accompanying statements of net assets available for plan benefits of $8,744,607 and $107,659, respectively, as of December 31, 2013 and $7,220,768 and $138,295, respectively, as of December 31, 2012.

b. Net appreciation of investments of $1,169,597, interest and dividend income on investments of $5,718 and $186,631, respectively, and interest income on notes receivable from participants of $6,816 as shown in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2013.

c. Investments and participant loans as of December 31, 2013 as listed in the accompanying Schedule of Assets (Held at End of Year).

NOTE 8. PARTY-IN-INTEREST TRANSACTIONS

Investments are managed by Great-West and its affiliates. Transactions with Great-West and its affiliates qualify as party-in-interest transactions for which exemptions exist. Great-West and its affiliates received management and contract administration fees of $25,453 and received indirect compensation from investments based on a formula. In addition, Kravitz, Inc. serves as the Plan's third party administrator ("TPA") and investment advisor and received indirect fees of $2,040 for TPA services and direct fees of $19,123 for investment advisor services.

NOTE 9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through September 30, 2014, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
