Delta-Sonic Savings and Investment Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Delta-Sonic Savings and Investment Plan, which comprise the statements of net assets available for plan benefits – modified cash basis as of December 31, 2013 and December 31, 2012, and the related statement of changes in net assets available for plan benefits – modified cash basis for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodians as of December 31, 2013 and December 31, 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) - Modified Cash Basis, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income and Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following brief description of Delta-Sonic Savings and Investment Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete descriptions of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Delta-Sonic Carwash Systems, Inc. who have completed one year of service and have attained age 21. Participants are considered to have completed one year of service on the anniversary of their first day of employment if they worked at least 1,000 hours during that 12-month period. The Plan is subject to the provisions of ERISA.

The Plan Administrator is Delta-Sonic Carwash Systems, Inc. The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100 percent of compensation, up to Internal Revenue Service (IRS) limitations, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans. The Plan Administrator matches contributions equal to 60 percent of elective deferral contributions, up to a maximum of 4 percent of compensation for all employees who contributed to the Plan. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, Plan Administrator contributions, earnings as allocated and forfeitures of terminated participants' non-vested accounts. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Administrator's contribution portion of their account plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after 5 years of service.

Benefit Payment

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount or annuity equal to the value of the participant's vested interest in the participant's account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her accounts as a lump-sum distribution. Benefits are provided for retirement at an attained age of 65, or may be deferred if the participant continues in active service with the Plan Administrator. Benefits are also provided upon attainment of age 59½, permanent disability, specific hardship, and separation from service or death.

1. Description of the Plan (Continued)

Forfeitures

Forfeited non-vested accounts are used to reduce future Plan Administrator contributions, administrative expenses or can be allocated to qualifying participants. At December 31, 2013 and December 31, 2012, forfeited non-vested accounts total $1 and $-0-, respectively. Also, in 2013, Plan Administrator contributions were reduced by $1,193 from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, certain revenue is recognized when received rather than when earned and certain expenses are recognized when cash is disbursed rather than when the obligation is incurred. Contributions are shown on the accrual basis of accounting. Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value as certified by the custodians, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the modified cash basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Administrator and are excluded from these financial statements. Investment related expenses are included in net appreciation for fair value of investments.

Subsequent Events

The Plan has evaluated for subsequent events through the date of the independent auditors' report, which is the date the financial statements were made available to be issued.

3. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

3. Fair Value Measurement (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts
Valued at the net asset value (NAV) of units held by the account at year end. The NAV is based on the estimated value of the underlying investments within the accounts.

Mutual Funds
Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is the closing price reported on the active market on which the securities are traded. If a closing price is not available on the active market, the NAV is based on the estimated value of the underlying investments within the funds.

Guaranteed Interest Account
Valued at a fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. In determining the reasonableness of the methodology, the Board of Trustees evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit rating. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

There have been no changes in the methodologies used at December 31, 2013 and December 31, 2012.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurement (Continued)

The following table presents information about Plan investments measured at fair value on a recurring basis as of December 31, 2013 and December 31, 2012, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

3. Fair Value Measurement (Continued)

The following table presents the changes in the above Level 3 instruments measured on a recurring basis for the year ended December 31, 2013:

	Guaranteed Interest Account
Balance, beginning of year	$ 1,201,043
Unrealized losses related to investments still held at the reporting date	(21,202)
Interest income	12,100
Purchases	393,422
Sales	(385,365)
Balance, end of year	$ 1,199,998
The amount of total losses for the period attributable to the changes in unrealized loss relating to assets still held at the reporting date	$ (21,202)

Realized and unrealized gains and losses included in earnings are reported in Statement of Changes in Net Assets Available for Plan Benefits – Modified Cash Basis as a component of earnings on investments.

The following table presents the Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges of values from those inputs:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Guaranteed interest account	$ 1,199,998	Assumed proceeds at discontinuation	Composite Guaranteed Rate	0.4% - 1.7%
			Current Rate on December 31, 2013	0.6% - 1.8%

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values

(a) The investment seeks maximum total return, consistent with preservation of capital and prudent investment management. The fund normally invests at least 80% of new assets in a diversified portfolio of fixed-income instruments of varying maturities, which may be represented by forwards or derivatives such as options, futures contracts, or swap agreements. The average portfolio duration of the fund normally varies within two years (plus or minus) of the duration of the Lehman Brothers Aggregate Bond index. The fund may also invest up to 20% of total assets in high-yield securities rated Ba or lower by Moody's, or BB or lower by S&P.

(b) The investment option invests primarily in intermediate-term, fixed-income investments such as public and private corporate bonds, commercial and residential mortgages, asset-backed securities, and US government and agency-backed securities. Value is added primarily through sector allocation and security selection. The Separate Account may enter into reverse repurchase agreements to attempt to enhance portfolio return and income.

(c) The investment seeks to provide long-term growth of capital. The fund invests primarily in equity securities of companies with any market capitalization, but may have a greater exposure to large market capitalization companies than small or medium capitalization companies. It invests in equity securities with value and/or growth characteristics and constructs an investment portfolio that has a "blend" of equity securities with these characteristics.

(d) The investment seeks long-term growth of capital. The fund invests primarily in equity securities of companies domiciled in any of the nations of the world, including those in countries with emerging markets. It has no limitation on the percentage of assets that are invested in any one country or denominated in any one currency, but the fund typically invests in at least 30 countries. The fund will invest in equity securities of small, medium, and large capitalization companies.

(e) The investment seeks to provide a relatively high level of current income and long-term growth of income and capital. The fund normally invests at least 80% of its net assets in dividend-paying equity securities. It usually invests in equity securities of companies with large market capitalizations, but may also invest in equity securities of companies with medium market capitalizations. The fund invests in value equity securities, an investment strategy that emphasizes buying equity securities that appear to be undervalued. It will also invest in real estate investment trusts and securities of foreign issuers.

(f) This is an investment in the stock of Principal Financial Group.

(g) The investment seeks long-term growth of capital. The fund normally invests at least 80% of its net assets in equity securities of foreign companies. "Emerging market country" means any country which is considered to be an emerging country by the international financial community (including the MSCI Emerging Markets Index or has a sovereign debt rating of BBB+ or lower based on the lower of S&P and Moody's ratings). It will invest in equity securities of small, medium, and large capitalization companies.

(h) The investment seeks long-term growth of capital. The fund invests at least 80% of its net assets in equity securities of companies with large market capitalizations (those with market capitalization ranges similar to the companies in the Russell 1000(R) Growth Index) at the time of purchase. It invests in growth equity securities; growth orientation emphasizes buying equity securities of companies whose potential for growth of capital and earnings is expected to be above average. The fund may also invest in securities of foreign companies.

3. Fair Value Measurement (Continued)

(i) The investment seeks long-term growth of capital. The fund normally invests at least 80% of its net assets in equity securities of companies that compose the S&P 500 Index at the time of purchase. The index is designed to represent U.S. equities with risk/return characteristics of the large cap universe. It employs a passive investment approach designed to attempt to track the performance of the index. The fund may utilize derivative strategies.

(j) The investment seeks a total return consisting of long-term growth of capital and current income. The fund operates as a "target date" fund. It invests in underlying Principal Funds, Inc. ("PFI") domestic and foreign equity, real estate investments, and fixed-income funds according to an asset allocation strategy designed for investors having an investment time horizon comparable to that of the fund.

(k) The investment seeks current income, and as a secondary objective, capital appreciation. The fund invests in underlying Principal Funds, Inc. ("PFI") domestic and foreign equity, real estate investments, and fixed-income funds according to an asset allocation strategy designed for investors primarily seeking current income and secondary capital appreciation.

(l) The investment seeks long-term growth of capital. The fund normally invests at least 80% of its net assets in equity securities of companies with medium market capitalizations (those with market capitalizations similar to companies in the Russell Midcap(R) Index) at the time of purchase. It invests in equity securities with value and/or growth characteristics and constructs an investment portfolio that has a "blend" of equity securities with these characteristics. The fund may invest in foreign securities.

(m) The investment seeks long-term growth of capital. The fund invests primarily in common stocks and other equity securities of U.S. companies with strong earnings growth potential. It normally invests at least 80% of assets in companies with market capitalizations similar to those of companies in the Russell Midcap Growth index.

(n) The investment seeks a total return consisting of long-term growth of capital. The fund normally invests at least 80% of its net assets in a diversified portfolio of equity securities of companies with a medium market capitalization (those with market capitalizations similar to companies in the Russell Midcap Value Index) at the time of purchase. It invests in value equity securities.

(o) The account invests mainly in short-term securities such as commercial paper.

(p) The investment seeks long-term growth of capital. The fund normally invests at least 80% of its net assets in equity securities of companies that compose the S&P's Small Cap 600 Index at the time of purchase. The index is designed to represent U.S. equities with risk/return characteristics of the small cap universe. It employs a passive investment approach designed to attempt to track the performance of the index. The fund invests in index futures and options and exchange-traded funds on a daily basis to gain exposure to the Index in an effort to minimize tracking error relative to the benchmark.

(q) The investment is a core real estate account designed to have a low to moderate risk profile compared to other funds. Low to moderate real estate property risk is accomplished by investing primarily in well-leased properties on an unleveraged basis. Low to moderate portfolio risk is accomplished by operating with limited portfolio level obligations and a well diversified portfolio.

4. Financial Certification (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certification of certain financial information by the Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, in compliance with the audit requirements of the Act.

4. Financial Certification (Unaudited) (Continued)

The following is a summary of the unaudited information included in the accompanying financial statements and supplemental schedule that was prepared and furnished to the Plan by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. The Plan has obtained a certification from Principal Life Insurance Company and Principal Trust Company that such information is complete and accurate as of December 31, 2013 and December 31, 2012 and for the year ended December 31, 2013:

5. Party-in-Interest Transactions

Certain Plan investments are units of pooled separate accounts and a guaranteed interest account managed by the Principal Life Insurance Company and mutual funds managed by Principal Trust Company. Principal Life Insurance Company and Principal Trust Company are the custodians as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for plan administration services amounted to $3,140 for the year ended December 31, 2013. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investment as they are paid through revenue share, rather than a direct payment. The Plan Administrator pays directly any other expenses related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination or partial termination, participants would become 100 percent vested in the Plan Administrator contribution portion of the participant's account.

7. Tax Status

The Plan uses a prototype plan document sponsored by Principal Life Insurance Co. Principal Life Insurance Co. received an opinion letter from the IRS dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

9. Corrective Distributions

For the year ended December 31, 2013, the Plan's actual deferral percentage and actual contribution percentage ("ADP/ACP") discrimination test was completed in 2014. Based on the results of this test, it was determined that the Plan had excess contributions of $14,719. These excess contributions were refunded to Plan participants and will be reported in 2014.

For the year ended December 31, 2012, the Plan's actual deferral percentage and actual contribution percentage ("ADP/ACP") discrimination test was completed in 2013. Based on the results of this test, it was determined that the Plan had excess contributions of $20,383. These excess contributions were refunded to Plan participants and were reported in 2013.
