D4D Technologies, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

Note 1: Description of the Plan

The following description of D4D Technologies, LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan sponsored by D4D Technologies, LLC (Company) for the benefit of its employees who have at least one month of service and are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Fidelity Management Trust Company (Fidelity) is the trustee and custodian of the Plan. Effective November 1, 2012, the Plan was amended and restated and the Plan's trustee and custodian changed from Principal Life Insurance Company (Principal) to Fidelity (see *Note 5*).

Contributions

The Plan permits eligible employees through a salary deferral election to make annual contributions of up to 100% of eligible compensation. Employee rollover, Roth and catch-up contributions are also permitted. Matching contributions made by the Company are discretionary. For the years ended December 31, 2013 and 2012, the Company made matching contributions of 50% of employees' salary deferral amounts on the first 6% of employees' compensation. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Participants have the option of directing their contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, plan earnings and forfeitures of terminated participants' nonvested accounts and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D4D Technologies, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after four years of continuous service. The nonvested balance is forfeited upon termination of service. Forfeitures are used to pay plan expenses and reduce Company contributions.

Forfeited Accounts

At December 31, 2013 and 2012, forfeited nonvested accounts totaled \$3,204 and \$4,868, respectively. Forfeitures may first be used to pay plan expenses and then used to reduce the Company's contributions. During 2013, employer contributions were reduced by \$13,140 from forfeited nonvested accounts.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account, or a joint and survivor annuity. Participants who reach age 59½ and active participants requesting hardship withdrawals may withdraw their vested account balance subject to certain conditions and restrictions.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. A participant may only have one loan outstanding at any given time. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the plan administrator. Participant loans are included in the accompanying statements of net assets available for benefits as notes receivable from participants.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invested in contracts through guaranteed interest accounts from January 1, 2012 through October 31, 2012. The accompanying 2012 statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Pooled separate accounts were valued at estimated fair value as provided by Principal through October 2012.

The fair value of the guaranteed interest accounts were calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. Principal maintained these investments in their general accounts through October 31, 2012. The accounts were credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to pay plan benefits and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D4D Technologies, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

Plan Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter retirement plan and trust custodial document sponsored by Fidelity. This volume submitter plan document has been filed with the appropriate agency and has obtained a determination letter from the Internal Revenue Service stating that the volume submitter plan constitutes a qualified plan under Section 401 of the Internal Revenue Code and the related trust was tax-exempt as of the financial statement date.

With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examinations by tax authorities for years before 2010.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants may be reclassified as benefit payments based on the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the actual transfer date.

Note 3: Investments

The Plan's investments were held by Principal from January 1, 2012 through October 31, 2012, and Fidelity from November 1, 2012 through December 31, 2013. The fair value of the Plan's investments at the end of the year is as follows:

	2013	2012
Mutual funds	<u>\$ 4,415,665</u>	<u>\$ 3,383,323</u>

D4D Technologies, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

The Plan's investments (including investments bought, sold and held during the year) appreciated in fair value as follows:

	2013	2012
Mutual funds	\$ 376,003	\$ 48,224
Pooled separate accounts	-	298,384
	<u>\$ 376,003</u>	<u>\$ 346,608</u>

The fair value of individual investments that represented 5% or more of the Plan's net assets available for benefits were as follows:

	2013	2012
Fidelity Advisor Freedom 2020 Fund – Institutional Class	\$ 595,866	\$ 392,979
Fidelity Advisor Freedom 2025 Fund – Institutional Class	\$ 715,468	\$ 633,996

Fidelity Advisor Freedom 2045 Fund – Institutional Class	\$ 436,723	\$ 342,717
Fidelity Money Market Trust Retirement Money Market Portfolio	N/A	\$ 402,904

Interest and dividends realized on the Plan's investments for the years ended December 31, 2013 and 2012, were \$235,042 and \$57,736, respectively.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Company provides certain administrative services at no cost to the Plan.

Certain plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

Certain plan investments were units of pooled separate accounts and a guaranteed interest account managed by Principal, which was the custodian as defined by the plan agreement. Therefore, these transactions qualify as party-in-interest transactions.

D4D Technologies, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2013 and 2012

Note 5: Plan Amendment

Effective November 1, 2012, the Plan was amended and restated and a new trustee and custodian, Fidelity, was appointed. Plan assets transferred to Fidelity were transferred into funds comparable to those offered by the previous custodian, Principal. The conversion initiated a “Black Out” period beginning October 18, 2012 and continued through November 16, 2012. During this period, funds could not be applied to the employee-selected funds with Fidelity or withdrawn from the Plan until Fidelity had time to accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions and the contributions were deposited and held by Principal until the completion of the Black Out period. At the end of the Black Out period, these funds were transferred to Fidelity and invested in funds as directed by each participant.

Note 6: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy and include guaranteed interest accounts. See *Note 2* for definition of inputs utilized to determine fair value of the Plan's investments.

Note 7: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net increase per the financial statements at December 31, 2013 and 2012, to Form 5500:

	2013	2012
Net increase per the financial statements	\$ 1,091,064	\$ 681,478
Adjustment from fair value to contract value for guaranteed interest accounts, prior year	-	408
Other, prior year	-	(70)
Rounding	-	1
Net income per Form 5500	<u>\$ 1,091,064</u>	<u>\$ 681,817</u>

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Note 9: Subsequent Events

Subsequent events have been evaluated through September 24, 2014, which is the date the financial statements were available to be issued.

As part of our audit of the financial statements of D4D Technologies, LLC 401(k) Plan (Plan) as of and for the year ended December 31, 2013, we wish to communicate the following to you.

AUDIT SCOPE AND RESULTS

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the financial statements. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.
