Greeley and Hansen

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Greeley and Hansen Profit Sharing and Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Charles Schwab Bank, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2013 and 2012, and for the years then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of the year ended December 31, 2013 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. This supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Greeley and Hansen Profit Sharing and Retirement Saving Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Greeley and Hansen (the Company) Profit Sharing and Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established to provide retirement income to eligible employees and principals. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation: An employee or principal is eligible to participate in the Plan on the beginning of the next month after employment and reaching the age of 21. Temporary employees who are paid on an hourly basis are not eligible to participate in the Plan. All eligible participants are automatically enrolled at three percent of eligible compensation in the Plan unless they specifically opt not to participate.

Contributions: Participants in the Plan may contribute up to 50 percent of their annual compensation subject to the Internal Revenue Code (IRC) limits. Annual compensation includes all compensation paid while a participant is in the Plan.

The employer will match 25 percent of the participant's contribution after one year of service, up to 5.5 percent of the participant's eligible compensation for each plan year.

The Company may also make discretionary profit sharing contributions to the Plan. All eligible participants receive an allocation of the profit sharing contribution based on salary and years of service.

Investment options: A participant may direct both employee contributions and Company contributions into any of twenty-one investment options, including twenty mutual funds and one common/collective trust (CCT) fund.

Participant accounts: Under the Plan, separate accounts are maintained to reflect the interests of each participant. Each participant's account is credited with the participant's contribution, and allocations of the Company's contribution, forfeitures and investment earnings. Each participant's account is also charged with an allocation of administrative expenses. Allocations are based on plan account balances, or participant earnings, as defined.

Terminated or retired participants with undistributed benefits remaining as part of the Plan's assets continue to earn pro rata allocation of investment income.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Participants are immediately vested in the Company's matching contributions upon fulfilling the eligibility requirements. Participants become 100 percent vested in their profit sharing allocations after three years of service per plan document.

Notes receivable from participants: The Plan allows each participant to borrow a minimum amount of \$1,000 and a maximum amount not to exceed the lesser of one-half of the participant's vested account balance or \$50,000. The loan term may not exceed five years unless it is for the purchase of a principal residence, in which case it may not exceed 10 years. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable interest rate, initially set at prime rate plus 1 percent. Interest rates for the plan year ended December 31, 2013 ranged from 4.25 to 8.50 percent. Loans are repaid ratably through bi-weekly payroll deductions.

Greeley and Hansen Profit Sharing and Retirement Saving Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Distributions are made at the time of termination or death by a lump-sum payment. A terminated employee with an account balance of at least \$1,000 may elect to leave his existing funds in the Plan.

Administrative costs: Administrative expenses of the Plan are paid by both the Company and the Plan.

Forfeitures: Forfeitures may be allocated to eligible participants per plan document or used to offset plan expenses. The Plan used approximately \$216 and \$276 to reduce employer match contributions for the year ended December 31, 2013 and 2012, respectively. The Plan used approximately \$3,357 and \$4,361 to reduce profit sharing contributions for the year ended December 31, 2013 and 2012, respectively. There was no balance in the forfeiture account at years ended December 31, 2013 and 2012.

Note 2. Summary of Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contract. The statement of changes in net assets available for benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Valuation of investments and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan committee determines the Plan's valuation policies using information provided by the trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivables from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of Benefits: Benefit payments are recorded when paid.

Note 2. Summary of Accounting Policies (Continued)

Recent accounting pronouncements: In October 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 31, 2013, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financials. The adoption of ASU 2012-04 is not expected to have a material impact on periods.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 8, 2014, the date the financial statements were available to be issued.

Note 3. Summary of Investment Information Certified by Charles Schwab Bank, Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included throughout the Plan's financial statements and supplemental schedule that were prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	December 31,	
	2013	2012
Shares of registered investment companies	\$ 40,390,373	\$ 31,623,204
Common/collective trust fund	7,038,493	7,763,803
Notes receivable from participants	521,132	561,949
Net appreciation in fair value of investments	6,222,114	
Interest and dividends	1,860,674	
Interest income on notes receivable from participants	22,354

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodologies include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodologies are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Shares of common collective trust: Valued at the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value period to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative total net assets available for benefits. For the year ended December 31, 2013, there were no transfers in or out of Level 3.

Note 5. Investments

The following table presents investments as of December 31, 2013 and 2012, representing 5 percent or more of the Plan's net assets available for benefits:

	2013	2012
Shares of registered investment companies:		
Perkins Mid Cap Value	\$ 7,349,975	\$ 6,423,525
Dodge and Cox Stock Fund	5,139,457	3,536,348
Harbor Capital Appreciation Fund	4,841,891	3,582,630
Pimco Total Return Fund	3,813,821	4,506,494
Vanguard 500 Index Signal	3,569,819	-
Schwab S&P 500 Fund	-	2,641,062
Dodge and Cox Balanced Fund	-	2,177,966
Shares of common/collective trust:		
Galliard Retirement Income Fund	7,038,493	7,763,803

During 2013, the Plan's investments in shares of registered investment companies, including investments bought, sold and held during the year, appreciated in value by \$6,222,114.

Note 6. Related-Party Transactions

Certain plan investments are shares of a common/collective trust fund and of mutual funds managed by Charles Schwab. Charles Schwab is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services amounted to approximately \$0 and \$5,700 for the years ended December 31, 2013 and 2012, respectively.

Certain employees of the Company provide administrative services to the Plan and are not reimbursed for their services from the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan.

Note 7. Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their accounts.

Note 8. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated February 16, 2011, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Benefits Committee and the Plan's tax counsel believe the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset), or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
